Shirley Iona Davis
West Campus

Grady, 34+35
INFORMATION FOR NEW APPLICANTS

Your interest in Pasco-Hernando Community College is appreciated!
Our staff are here to assist you in your educational and career planning.

COLLEGE & TECHNICAL CREDIT STUDENTS

STEP 1 - APPLICATION FOR ADMISSION

Students must submit the application with a $20.00 non-refundable fee to their nearest PHCC campus.

STEP 2 - NEW STUDENT ORIENTATION

All new degree/certificate-seeking students at PHCC must schedule an orientation time and an advisement appointment by contacting the Office of Student Services in person or by phone at the numbers listed below. At orientation, students will learn about PHCC programs and policies and will have an opportunity to take their Florida College Entry Level Placement Test, if needed.

STEP 3 - TESTING

Students who wish to enroll in degree programs and/or college-level English and math courses must submit placement test scores no more than two (2) years old on any of the following exams: ACT, ASSET, CPT, FCELPT, MAPS, or SAT. Students who wish to enroll in most of the technical certificate programs should submit the appropriate TABE scores. Students who need to take, or have any questions about, these exams, should contact the Student Services office on their nearest campus. The Florida College Entry Level Placement Test (FCELPT) will be given in conjunction with orientation sessions.

STEP 4 - ADVISEMENT & REGISTRATION

At the advisement appointment, the advisor will review a student's test scores (if applicable) and provide program and course information. Students should check the PHCC Catalog for appropriate registration dates. Separate checks are required for course fees and books; VISA/MasterCard are accepted at the New Port Richey, Dade City and Brooksville campuses.

SUBMISSIONS OF TRANSCRIPTS

All degree-seeking students, associated certificate-seeking students, and limited access technical certificate applicants must submit an official high school transcript confirming graduation/official GED scores from the Florida Department of Education (DOE) or appropriate out-of-state agency and official transcripts from each college or university attended in order to finalize admission to PHCC. Transcripts should be sent to the Records Office at the student's home campus. Official transcripts must arrive in a sealed envelope from each issuing agency or institution.

FINANCIAL AID/VETERANS BENEFITS

Any application for financial aid should be completed well in advance. Applicants for Title IV Federal Financial Aid (e.g., Pell Grant) must submit one of the following documents to their campus Records Office: official high school transcripts confirming graduation or GED scores indicating successful completion for an equivalency diploma. Students in eligible technical credit programs must submit passing TABE scores. Contact one of the PHCC Financial Aid Offices or Veteran's Administration advisors with any questions.

Pasco-Hernando Community College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools, 1866 Southern Lane, Decatur, Georgia, telephone number (404) 679-4501, to award the Associate Degree.
The seal of Pasco-Hernando Community College (as shown on the previous page) is a conquistador's helmet crested by the name of the college. The helmet represents the rich heritage of the district which dates back to the explorer, Hernando DeSoto. The two-county area was called Hernando until 1887 when Pasco County was formed. The district map is superimposed on the dome of the helmet, emphasizing the commitment of the college to serve the entire district. The learning lamp provides light for education and opportunity throughout the district.

PASCO-HERNANDO COMMUNITY COLLEGE

Volume XXV
Published by
Pasco-Hernando Community College
36727 Blanton Road
Dade City, FL 33523-7599

The information in this publication can be made available in alternative formats to persons with disabilities. Requests for information in an alternative format should be made to the Assistant Dean of Student Services (East and North campuses) or to the Disabilities Services Specialist (West Campus), by calling or writing to the campus. Please include your name, address, and telephone or TDD number with your request.

Pasco-Hernando Community College subscribes to and endorses equal employment and educational opportunity. Its policies and practices will ensure non-discriminatory treatment of all persons without regard to race, color, age, religion, marital status, gender, disability, or national origin.

The college reserves the right to make changes in rules, calendar, fees, and offerings as circumstances may require. Accurate through April 1997.

PASCO-HERNANDO COMMUNITY COLLEGE FOUNDATION, INC.

The Pasco-Hernando Community College Foundation, Inc. was established in 1975 to seek private support to enhance the college’s academic programs. It is governed by a 30-member Board from Pasco and Hernando counties.

The Foundation has grown quickly, with endowed assets of upwards of $8 million, and become a leading community college foundation.

The Foundation supports scholarships, health programs, the three campus libraries, faculty and staff development, and academic equipment for the college. For the cultural and social enrichment of the community, the Foundation also sponsors a Performing Arts Center program and the Suncoast Sampler each year. The Foundation’s Activities Boosters Committee focuses on student activities, including athletics.

The Foundation has a flourishing endowed scholarship program. Today, over 100 named, endowed funds provide 175 scholarships each year to Pasco and Hernando county students.

This includes the offer of scholarship support to the top 10% of graduating seniors from the district’s public high schools.

The Foundation has also addressed critical shortages of trained health care professionals in the local community. It established partnerships with local hospitals to create nursing sponsorships and committed significant financial resources to expand the Associate Degree Nursing Program. It also orchestrated the effort, with the West Pasco Dental Association, to raise a quarter of a million dollars to create a Dental Hygiene Program which in 1996 was ranked number two in the nation.

The Foundation underwrote sabbaticals and supports faculty development through endowed faculty chairs. To date, the Withlacoochee River Electric Cooperative, the St. Petersburg Times, and NationsBank have funded endowed faculty chairs.

For more information, contact the Executive Director of the Foundation.

Pasco-Hernando Community College

HISTORY

Pasco-Hernando Community College (PHCC) was established in 1967 by the State Legislature. In the fall of 1971, following surveys and studies by the school boards of Pasco and Hernando counties, a 100-acre tract of land northwest of Dade City was approved for the East Campus.

The District Board of Trustees, composed of five members from Pasco County and four members from Hernando County, was commissioned in January 1972. Shortly thereafter, Dr. Milton O. Jones was chosen as the first President, and classes began in August 1972. Dr. Jones served as PHCC’s President until June 30, 1994. Dr. Robert W. Judson, Jr., became the College’s second President on July 1, 1994.

The first phase of construction of the East Campus began in 1973 and, upon completion, was dedicated by Governor Reubin Askew in August 1975. Since that time, the Charles E. Conger Library and physical education facilities have become operational. Much of the District Administration Office is also located on the East Campus. Some offices have moved to the West (New Port Richey) Campus.

In 1973 a 140-acre site was chosen near New Port Richey for the West Campus. Initial construction began in July 1975 and was finished one year later. Subsequent campus additions include the Alfred C. T. Poitier Library, the Teaching Auditorium, increased classroom space, and the Physical Fitness Center. The new Milton O. Jones Hall, a new Student Services Center, was completed in 1996. A Health Programs Building was completed in 1997.

One hundred acres north of Brooksville were selected in 1974 for the North Campus location. Initial phase construction was completed in the summer of 1977. The Alfred A. McKethan Library, the Occupational Laboratory Building, and physical education facilities have been added. In addition, a small center was located in the growing Spring Hill area of Hernando County in 1979. This facility was remodeled and expanded in 1988.

There is one center and one office located in Pasco County. In February of 1985, a center was opened at Glasses Corner. This facility is primarily for the PHCC public service programs. In August of 1991, the College opened an office in Land O’ Lakes to serve the citizens in this area of the district.

ACCREDITATION STATUS

PHCC is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACS), 1866 Southern Lane, Decatur, Georgia, telephone number (404) 679-4501, to award the associate degree.

COLLEGE MISSION STATEMENT

Statement of Philosophy

Pasco-Hernando Community College (PHCC) serves the educational needs and interests of our community. As a comprehensive community college, PHCC provides opportunities for academic and cultural growth, for building and expanding skills, and for individuals to develop personally and as citizens of our community and our world.

Objectives

PHCC shall:

A. Provide the first two years of postsecondary instruction which lead to the baccalaureate degree;
B. Provide comprehensive career/technical education programs which prepare students for employment in business, industry, and service occupations;
C. Provide adult career/technical and continuing education;
D. Provide student development services to ensure success;
E. Promote economic development; and
F. Provide community instructional opportunities for cultural enrichment and personal development.

College Catalog/Student Handbook

The college catalog/student handbook is the official document which outlines the requirements and regulations that relate to students, subject to changes and additions approved by the District Board of Trustees. It is the responsibility of each student to be aware of and understand these requirements and regulations.

For graduation purposes, a student has the option of remaining under the catalog provisions in effect at the time of initial enrollment at the College or any subsequent catalog, provided that the catalog is no more than three academic years old in the term that the student meets all graduation requirements. A catalog year ends on the last day of classes in Term IV.

Applying to PHCC

The first step in becoming a PHCC student is to apply to the college. A request for information form is supplied in the back of this catalog or can be obtained from your high school guidance counselor; a PHCC Application for Admission can be obtained from the Admissions Office on any PHCC campus. All applicants for credit courses (except those applying for admission as high school dual enrollment or credit bank students—see "Admission to the College for High School Students") should submit this form and the non-refundable $20 application fee to any one of the addresses listed below. Florida residents who seek to qualify for in-state course fees must complete the residency affidavit that is part of the application form.

All application materials (see requirements in "Admission to Programs") may be submitted in person or mailed to one of these addresses:

For East Campus, Dade City
Office of Admissions & Student Records
Pasco-Hernando Community College
36727 Blanton Road
Dade City, FL 33523-7599
Phone: (352) 567-6701, ext. 1011

For North Campus, Brooksville
Office of Admissions & Student Records
Pasco-Hernando Community College
11415 Ponce de Leon Boulevard
Brooksville, FL 34601-8698
Phone: (352) 796-6726, ext. 2011

For West Campus, New Port Richey
Office of Admissions & Student Records
Pasco-Hernando Community College
10230 Ridge Road
New Port Richey, FL 34654-5199
Phone: (813) 847-2274, ext. 3011

We encourage anyone who has a question about the application process to contact the Admissions Office in person, by phone, or through the mail. Because students must be admitted prior to registration for courses, we urge applicants to apply as early as possible. All applicants will receive written notification of their admission status after the application and fee are received.

Admission to Programs of Study

As part of the application process, each student is asked to declare an educational goal. Students can apply for admission to a program of study or can indicate their intent to be non-degree seeking on their PHCC Application for Admission form, or they can complete a Change of Program Declaration through our Student Services Office of Advisement and Registration. (Applicants to Limited Access programs must complete additional steps—see "Admissions to Limited Access Programs.") PHCC offers the following programs, which have differing requirements for admission: the Associate in Arts Degree program, Associate in Science Degree programs, Associated Certificate programs, and Technical Certificate programs.

It is the responsibility of the applicant to ensure that the documents required to finalize admission have been received by the Records Office at his/her home campus (the campus the student has designated to maintain his/her records) during the student’s first term of enrollment. Home study graduates will be required to submit documents in the same manner as any other high school graduate. No subsequent registration will be allowed until all documents have been received. All transcripts and test scores should be sent directly from the issuing institutions; official GED scores (test taken in English) must come from the Florida Department of Education in Tallahassee or the appropriate out-of-state testing agency. Documents submitted in anything other than a sealed envelope from the issuing institution will not be accepted. Request forms for documents from other institutions can be obtained in any Records Office.

Admission to the Associate in Arts (AA) or Associate in Science (AS) Degree Programs

To be admitted to the AA or AS degree programs, students must ensure that the following documents have been received by the Records Office on their home campus:

1. a PHCC Application for Admission form indicating the intent to pursue an AA/AS degree program or, if no program is indicated on the PHCC Application, a Change of Program Declaration form signed by the appropriate advisement staff; and

2. an official high school transcript indicating graduation and receipt of a Standard High School diploma or an official Report of GED Scores indicating receipt of a high school equivalency diploma; and

3. an official transcript from each college or university attended.

Students graduating from home study programs should consult the Director of Admissions and Student Records regarding requirements for admission to degree programs. Students who have received special diplomas are not eligible for admission to degree programs.

There are additional requirements for admission into the AA program:

Applicants to the AA program who graduated from high school after August 1, 1987, must have completed four years of secondary school English, three years of secondary school mathematics, three years of secondary school natural science, and three years of secondary school social studies. This requirement is commonly referred to as the 4-3-3-3 rule.

Students who have received a Standard Diploma from a Florida public high school or who have received a GED high school equivalency diploma are considered to have met this requirement.

Graduates of private Florida high schools whose transcripts do not indicate compliance may meet the requirements by successfully completing the appropriate college credit courses; each three-semester college credit course is considered to be equivalent to one year of secondary school study.

Graduates of out-of-state high schools may meet the requirements in the same way as graduates of private Florida high schools or by the achievement of at least the minimum level on all sections of an approved placement test as required in FS 240.117.

Admission to Associated Certificate Programs

PHCC offers the following college credit certificate programs which are associated with AS degree programs: Business Data Processing, Emergency Medical Technician, Office Systems Specialist, Paramedic (a limited access health program), and Small Business Management. Admission to an associated certificate program does not require admission to a degree program, however, students enrolled in these programs may later opt to apply to a degree program since many of the required courses are the same.

To be admitted to an Associated Certificate program, students
must ensure that the following documents have been received by the Records Office on their home campus:

1. a PHCC Application for Admission form indicating the intent to pursue an Associate Certificate program or, if no program is indicated on the PHCC Application, a Change of Program Declaration form signed by the appropriate advisement staff; and
2. an official high school transcript indicating graduation and receipt of a Standard High School diploma or an official report of GED Scores indicating receipt of a high school equivalency diploma; and
3. an official transcript from each college or university attended.

Applicants to the Certificate in Paramedic program must meet the additional requirements noted in the section "Admission to Specialized/Limited Access Health Programs." Students who have received special diplomas are not eligible for admission to Associated Certificate programs.

Admission to Technical Credit Certificate Programs

Technical Credit Certificate programs are designed to prepare the student for an entry-level job or to supplement education and training in a chosen occupational field. Students must indicate their intent to enter the specified certificate program on their PHCC Application for Admission form or on a Change of Program Declaration form signed by the appropriate advisement staff and submitted to the Records Office on their home campus. PHCC offers these Technical Credit Certificate programs:

- Applied Welding
- Child Care Supervision
- Coder Specialist
- Correctional Officer
- Cosmetology
- Dental Assisting
- Fire Fighting
- Health Unit Coordinator
- Landscape Operations
- Law Enforcement/Auxiliary Officer
- Law Enforcement/Basic Recruit
- Medical Record Transcribing
- Medical Secretarial/Examining Room Assistant
- Patient Care Assistant/Home Health Aide
- Practical Nursing

Dental Assisting and Practical Nursing are limited access health programs; admission requirements for these programs are listed in the section "Admission to Specialized/Limited Access Health Programs." Fire Fighting and Law Enforcement are also limited access programs, contact these program offices directly for further admission information. Students who have received special diplomas are not eligible for admission to limited access certificate programs.

Admission to the College as a Non-Degree Seeking Student

Applicants who do not wish to follow a program of study, or those students who are at least 19 years of age but do not meet the requirements for entry into degree or specific certificate programs, may be admitted to the College as non-degree seeking students upon submission of the PHCC application form and fee. If needed, PHCC encourages these students to obtain a GED high school equivalency diploma.

U.S. citizens or permanent residents who are 19 years of age or older and have not previously attended college are eligible for admission as non-degree seeking students upon submission of the PHCC application form and fee. U.S. citizens or permanent residents who are under the age of 19 must also submit an official high school transcript indicating graduation or official GED scores indicating receipt of a high school equivalency diploma.

Non-degree seeking students are permitted to earn 15 credit hours, at which time they must declare an approved program of study if they wish to enroll further at PHCC. Additional admission requirements may then need to be satisfied. (See “Admission to Programs of Study.”) Students who are enrolling for purposes of teacher recertification, students over 60 years of age, and students who have earned a baccalaureate degree are exempt from this requirement.

Dual Enrollment/College (or University)

A PHCC student may be enrolled at another institution concurrent with his/her PHCC enrollment by securing written permission in advance from the Associate Dean/Dean (West Campus) or Provost (East or North Campus), and the Vice President of Instructional Services. This procedure is necessary to assure the acceptance of credit involved.

Students who are enrolled at another postsecondary institution may be admitted as non-degree seeking only upon submission of the PHCC application form and fee together with an approved transient student form or written permission from the registrar at that institution. Permission is required prior to each PHCC registration.

Admission to the College for Dually Enrolled/Early Admission High School Students

High school students have the opportunity to earn college credit at PHCC by applying for admission as either dual enrollment or credit bank students. Students from Pasco or Hernando County public schools, plus students from non-public schools (including home schools that have certified that their curriculum meets State of Florida standards) may become eligible for dual enrollment if their school has a formal articulation agreement with PHCC. High school dual enrollment means that the student is enrolled in high school and at the same time enrolls for college or specific technical credit courses; taught by PHCC, which also can be counted toward high school graduation. Eligible students must first gain admission to PHCC by submitting a completed Application for Admission: Dual Enrollment High School Student form. Additionally, before courses begin each semester, dually enrolled students must also submit a Dual Enrollment permission form signed by the high school principal.

Early Admission

Public, and certain non-public, high school students, not currently taking classes in high school, may enroll at PHCC upon submission of a completed Dual Enrollment Application form and written permission of the appropriate high school administrator. This permission must be obtained by completion of an "Early Admission Form," signed by the high school principal, with each PHCC registration. Credit earned applies toward high school graduation as well as toward college credit.

Credit Bank

Upon submission of a completed Credit Bank application form and fee, high school students may be admitted to the credit bank program. This program allows students to remain in high school and receive college credit with permission from the principal. This permission must be obtained by completion of a "Credit Bank Form" with each PHCC registration. Credit will be held in escrow until the student supplies an official transcript indicating high
school graduation. The student may gain admission to PHCC after high school graduation by submitting a renewal Application for Admission, or may elect to have the credits transferred to another college. This method of acceleration extends to students younger than 19 years of age who are actively seeking GED status, with the appropriate approval from the school administrator.

Admission of Transfer Students

Upon submission of the PHCC Application for Admission form and fee, applicants transferring from other colleges or universities will be accepted to the College in accordance with all Standards of Academic Progress. Applicants who are on academic probation from another college may not enter a degree program at PHCC until they have had an interview with an advisor. Applicants who are on academic suspension or who have been dismissed for academic reasons from another institution may not enter a degree program at PHCC without permission of the Vice President of Instructional Services.

In accordance with Florida statute, a student who has previously been expelled from a Florida community college or university for unlawful possession, sale, or use of narcotic drugs will not be admitted to PHCC for a period of one year from the date of that expulsion. A student who has been found guilty of campus disruption will not be admitted to PHCC for a period of two years from the date of such finding.

Transfer students enrolled in associate degree or associated certificate programs will receive an evaluation of transfer credit once all admission requirements to the program (including submission of official high school transcripts, GED scores, and collegiate transcripts) have been met. PHCC will accept transfer credit from institutions accredited as degree-granting by a postsecondary regional accrediting commission at the time that coursework was completed. The College will accept transfer credit from other institutions if the award of credit from such institutions is recommended as generally acceptable by the American Association of Collegiate Registrars and Admissions Officers as evidenced in the publication “Transfer Credit Practices of Designated Educational Institutions.” In either case, an award will be made provided that the credit earned is in an area and on a level normally included within the first two years of college and a grade of “D” or higher has been achieved. For credit to be awarded for coursework beyond this level, a written petition must be submitted to the Director of Admissions and Student Records, who will forward the request to the appropriate academic area for review.

Additionally, the College may accept transfer credit at the vocational/technical level only from a State of Florida designated vocational/technical center. For credit to be awarded, a written petition must be submitted to the Director of Admissions and Student Records.

Transcripts from international institutions will be reviewed for potential award of credit only if official transcripts in languages other than English are accompanied by a certified English translation. Applicants for transfer credit from international institutions must also submit at their own expense a written evaluation of their transcripts from an external agency as recommended by PHCC.

Transfer credit for work accomplished in a non-collegiate setting may also be granted upon individual review only for the programs listed and under the provisions expressed in the PHCC Catalog and Student Handbook.

International Student Admission

The credentials of an applicant for admission from a foreign country are evaluated in accordance with the general regulations governing admission. International applicants seeking an F-1 visa must be admitted to a degree program before an Immigration I-20 form will be released.

In order to be admitted to a degree program, an international applicant must submit official transcripts which indicate grades for the final four years of secondary school and certify secondary school completion (or the equivalent). In lieu of this requirement, applicants may submit official U.S. General Education Development (GED) test scores indicating that the test was taken in English and that a high school equivalency diploma was awarded. Additionally, official transcripts must also be submitted from all postsecondary institutions attended. Documents must be originals or certified copies and must be accompanied by a certified English translation if the document is written in a language other than English.

Prior to admission, international students must submit evidence of proficiency in English through one of the following means:

1. Citizenship in a country in which English is the native language;
2. Graduation from an U.S. high school/successful completion of a U.S. GED test (see above); or
3. Achievement of a score of 550 or above on the Test of English as a Foreign Language (TOEFL).

The College does not provide transportation or monies to international students, so applicants must have available sufficient funds to cover any expenses which may be incurred. Certification of available funds to cover all expenses must be received by the District Records Office before an I-20 form will be released.

International students on an "F" (student) visa are required by U.S. Immigration regulations to be enrolled full-time (at least 12 semester hours) for fall and winter semesters; they must meet the standards of progress applicable to all students.

Those international students holding a valid visa type other than "F" who wish to enroll for a limited number of courses must secure the approval of the Director of Admissions and Student Records prior to enrollment.

Admission to Specialized Limited Access Health Programs

Admission to the Nursing, Paramedic, and Dental Hygiene programs is restricted to students selected by the Admissions Committee for Special Programs. All minimum requirements must be fulfilled, including receipt of documents by the District Records Office, West Campus, by the following established program deadlines for an applicant to be considered for that program:

<table>
<thead>
<tr>
<th>Program</th>
<th>Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Certificate in Practical Nursing (ADNLPN Track)</td>
<td>January 15</td>

</tbody>
</table>

The Physical Therapist Assistant program is a joint program with St. Petersburg Junior College. Students who meet all the application and admission requirements may submit an "Application to Limited Enrollment Health Programs, SPIC/PHCC" (with the $10 fee) at any time May 19, 1997 or thereafter, to St. Petersburg Junior College. Applications will be admitted on a first-come, first-admitted basis. Eligible applicants will be placed on a waiting list for the next available class.

Admission to the college does not imply acceptance into any of the preceding programs. Most programs begin in Term I of each year. The ADNLPN Track starts in Term IV, the Practical Nursing Program on the West Campus starts in Term II, and Paramedic starts in Term II. The Physical Therapist Assistant Program begins in Term III of each year.
Nursing Programs

Application and Admission Requirements

Minimum requirements which must be met by the deadline date for consideration of an applicant are as follows:

1. Receipt of the documents listed below by the District Records Office, West Campus:
   a. Completed PHCC application form and fee;
   b. Completed Nursing Program application. (Applicants who wish to apply to more than one program must submit a separate form for each program.)
   c. An official high school transcript indicating graduation with a standard diploma or official GED scores from the Florida Department of Education or appropriate out-of-state agency indicating the award of a high school equivalency diploma. A partial transcript of all completed courses will be accepted if the applicant is currently certified as a high school senior. A complete official transcript must be submitted after graduation and prior to enrollment in the program.
   d. Official transcript from each college and university attended other than PHCC (for ADN Program); and
   e. Report of scores from the National League of Nursing (NLN) Pre-Entry Examination indicating a minimum composite score at the 50th percentile as follows:
      - General and ADN Paramedic Tracks: Pre-Admission RN Exam
      - ADN/LPN Track: Mobility Profile I
      - Practical Nursing: Pre-Admission PN Exam

   Additional documents are required for the following programs:
   - ADN/LPN Track: a copy of current Florida LPN license;
   - ADN/Paramedic Track: a copy of current Florida Paramedic license;

   Certificate in Practical Nursing: a report of scores on the Test of Adult Basic Education (TABE, Level A) with minimum grade level of 11th grade in Language, Reading, and Mathematics.

2. All applicants to ADN Program tracks must have completed each prerequisite course with a grade of “C” or higher and have a cumulative all-college grade point average of 2.0 or above.

It is the responsibility of the applicant to ensure that all transcripts and test scores, as well as any address change, have been received by the District Records Office, West Campus, by the established application deadline dates.

Selection Procedure

Residents of Pasco and Hernando Counties will have preference over out-of-district residents. Graduates of the PHCC Practical Nursing and Paramedic programs will have preference over other applicants (ADN/LPN and ADN/Paramedic Tracks).

ADN Program Tracks

1. Applicants who meet minimum requirements as of the deadline dates will be rank ordered, highest to lowest, on a product score devised by multiplying the GPA in the prerequisite courses by the NLN composite percentile score.

2. Up to 72 candidates may be selected for admission to the ADN/Generics Track. As many as 30 other applicants who meet minimum requirements by the deadline date may be selected as alternates with admission on a space-available basis.

3. Up to 24 candidates may be selected for admission to the ADN/LPN Track. Additional candidates will be selected on a space-available basis.

4. Up to 24 candidates may be selected for admission to the ADN/Paramedic Track. Additional candidates who meet minimum requirements by the deadline date will be selected on a space-available basis.

Certificate in Practical Nursing

1. Applicants who meet minimum requirements as of the deadline date will be rank ordered, highest to lowest, on a product score devised by multiplying the sum of the TABE sub-test scores by the NLN composite percentile score.

2. Up to 72 candidates may be selected for admission.

3. As many as 30 applicants who meet minimum requirements by the deadline date may be selected as alternates with admission on a space-available basis.

Certificate in Paramedics

Application and Admission Requirements

Minimum requirements which must be met by the deadline date for consideration of an applicant are as follows:

1. Receipt of the documents listed below by the District Records Office, West Campus:
   a. Completed PHCC application form and fee;
   b. Completed Paramedic Program application;
   c. An official high school transcript indicating graduation with a standard diploma or official GED scores from the Florida Department of Education or the appropriate out-of-state agency indicating the award of a high school equivalency diploma;
   d. Official transcript from each college and university attended other than PHCC;
   e. Copy of current Florida EMT license;
   f. Report of scores on the Test of Adult Basic Education (TABE, Level A) with minimum grade level of 11th grade in Language and Reading and 9th grade in Mathematics; and
   g. Report of score of 70% or above on the 1998 Paramedic Pre-Admission Examination administered at PHCC, West Campus.

2. Completion of prerequisite course(s) with a grade of “C” or higher and a cumulative all-college grade-point average of 2.0 or above.

It is the responsibility of the applicant to ensure that all transcripts and test scores, as well as any address change, have been received by the District Records Office, West Campus, by the established application deadline dates.

Selection Procedure

Applicants who meet minimum requirements by the deadline date will be rank ordered, highest to lowest, on a product score devised by multiplying the sum of the TABE sub-test scores by the pre-admission examination score. Preference to applicants will be given in sequence, as follows:

1. Those employed as EMTs in Pasco and Hernando counties;
2. Residents of Pasco and Hernando counties;
3. Those employed by other EMS/fire services;
4. Degree-seeking students who have completed all requirements for the A.S. Degree in Emergency Medical Services, except completion of the Paramedic Certificate Program.
5. Up to 30 candidates may be selected for admission to the program.
6. All other applicants who meet the minimum requirements may be selected as alternates with admission on a space-available basis.
Certificate in Dental Assisting
Application and Admission Requirements
Minimum requirements which must be met for consideration of an applicant are as follows:

1. Receipt of the documents listed below by the District Records Office, West Campus:
   a. Completed PHCC application form and fee;
   b. Completed Dental Hygiene Program application;
   c. An official high school transcript indicating graduation with a standard diploma or official GED scores from the Florida Department of Education or the appropriate out-of-state agency indicating the award of a high school equivalency diploma; and
   4. Report of scores on the Test of Adult Basic Education (TABE, Level A) with a minimum grade level of 10th grade in Reading, Language and Mathematics.

Selection Procedure
Residents of Pasco and Hernando counties will have preference over out-of-district residents.
Applicants who meet minimum requirements will be admitted on a first合格, first-admitted basis for the next available class.

Associate in Science in Dental Hygiene
Application and Admission Requirements
Minimum requirements which must be met by the deadline date for consideration of an applicant are as follows:

1. Receipt of the documents listed below by the District Records Office, West Campus:
   a. Completed PHCC application form and fee;
   b. Completed Dental Hygiene Program application;
   c. An official high school transcript indicating graduation with a standard diploma or official GED scores from the Florida Department of Education or the appropriate out-of-state agency indicating the award of a high school equivalency diploma;
   (A partial transcript of all completed courses will be accepted if the applicant is currently enrolled as a high school senior. A complete official transcript must be submitted after graduation and prior to enrollment in the program.); and
   d. Official transcripts from each college or university attended other than PHCC.

2. Applicants must have completed an approved manual dexterity test with a minimum score of 90%.
3. Applicants must have completed each prerequisite course with a grade of "C" or higher and have a cumulative all-college grade point average of 2.0 or above.

It is the responsibility of the applicant to ensure that all transcripts and test scores, as well as any address change, have been received by the District Records Office, West Campus, by the established application deadline dates.

Selection Procedure
Residents of Pasco and Hernando counties will have preference over out-of-district residents. Applicants with 480 hours of documented chairside assisting experience will have preference over other applicants. Graduates of the PHCC Dental Assisting Program will have preference over other applicants, in instances of tied scores.

1. Applicants who meet minimum requirements by the deadline date will be ranked ordered, highest to lowest, based on the GPA of their prerequisite courses.
2. Up to 12 candidates may be selected for admission to the program.
3. All other applicants who meet the minimum requirements by the deadline date will be selected as alternates with admission on a space-available basis.

Pasco-Hernando Community College and St. Petersburg Junior College Physical Therapist Assistant Joint Program

Physical Therapist Assistant
David Erickson, Program Director, Tel. 813/341-3611
St. Petersburg Junior College
The physical therapist assistant is a skilled technical health care worker who carries out patient treatment programs under the direction of the physical therapist. The assistant works to relieve pain and/or increase function in patients via therapeutic application of heat, cold, light, water, electricity, sound, massage, exercise, gait and functional activity. Physical therapist assistants work in a variety of settings including hospitals, rehabilitation agencies, schools, outpatient clinics and nursing homes.

Persons interested in pursuing this program should be comfortable working with people of all age groups in close one-to-one relationships. They should enjoy physical activity and be patient and empathetic when working with others.

Upon completion of the program, the student is awarded an Associate in Science in Physical Therapist Assistant degree. A state licensing examination is given by the Florida Board of Physical Therapy Practice.

Accreditation
The St. Petersburg Junior College Therapist Assistant Program is accredited by the Commission on Accreditation in Physical Therapy Education of the American Physical Therapy Association, 1111 N. Fairfax Street, Alexandria, Virginia 22314. 1-800-799-2782.

Minimum Admission Requirements
1. Admission to St. Petersburg Junior College (SPIC) and Pasco-Hernando Community College.
2. Submission of an SPIC "Application to Limited Enrollment Health Programs" (with $10 fee) and all required documents.
3. All transcripts from high schools (or GED) and college(s) currently or previously attended must be received. Students who have completed an A.A. or B.A. degree are not required to submit high school transcripts.
4. Completion of the placement test and remedial work if required.
5. A minimum 3.0 GPA on a 4.00 scale in a minimum of 12 credit hours in Physical Therapist Assistant general education and support courses (see 7 below).
   OR
   A 3.50 GPA on a 4.00 scale in high school college preparatory courses (see 7 below).
6. Completion of a minimum of 8 hours of observation, volunteer service, or work experience in a Physical Therapy Department (Physical Therapy experience/observation must be verified by a signed statement from a Physical Therapist or Physical Therapy Assistant).
7. Completion of one of the following:
   a. A high school biology course and one other science course with grades of "B" or higher.
   OR
   b. A high school course in anatomy and physiology with a grade of "B" or higher,
   OR
   c. BSC 1085 Human Anatomy and Physiology I and Lab with
Grades of "C" or higher.

OR

d. A college biology course and one other college science course with grades of "C" or higher.

**Admission Procedures**

Applicants who meet the application and admission requirements may submit an application at any time. Applicants will be admitted on a first-qualified, first-admitted basis. Eligible applicants will be placed on a waiting list for the next available class. Applicants who fail to enroll and/or extend the term for which admission is granted must reapply for a future date.

At the time of application, minimum requirements must be completed. Students must continue to meet the admission requirements at the point of matriculation (enrollment).

**Additional Requirements**

1. Students admitted to the Physical Therapist Assistant program must carry health or accident insurance. A certificate of coverage must be submitted to the program director prior to the beginning of classes on an annual basis.
2. Students admitted to this program must have a physical examination by a licensed physician and an oral examination by a dentist that verifies satisfactory health status. Immunizations, tetanus, and hepatitis B vaccine must be included.
3. Program requirements are subject to change; therefore, students should check with a counselor, advisor, or program director in the future for possible changes.
4. Students transferring from another Physical Therapist Assistant or other health-related program must be in good standing in such a program.

**Special Progress Requirements**

1. Prior to the beginning of Session II of the freshman year, students in this program must have successfully completed the requirements for a basic rescue C.P.R. Certificate and a Basic First Aid Certificate.
2. In order to enroll in any course within the major with prerequisites, a grade of "C" or higher must have been earned in all prerequisites. All special application and admission requirements for health-related programs (GHS23-4.53, SPJC, DBOT) apply to the Physical Therapist Assistant program.

**Special Graduation Requirements**

1. A grade of "C" or higher in all courses within the major in this program.
2. Students must satisfactorily complete an end-of-program competency assessment examination.
3. Students must achieve a cumulative 2.0 GPA for all course work.
4. Students must complete the last year of course work within the major at SPJC/PHCC.

**Estimate Additional Fees**

**Freshman Year**

- Uniforms and Shoes: $120.00
- Liability Insurance: 12.50

**Sophomore Year**

- Graduation Fee: 15.00
- Liability Insurance: 12.50

**Acceptance Procedures for Specialized Limited Access Health Programs**

The Admissions Committee meets approximately one week after the deadline date for applications. Applicants who meet minimum requirements will be notified in writing of their selection as candidates or alternates. Candidate and alternate offers are conditional and are dependent upon the following:

1. Receipt of the written statement of acceptance or rejection of the admission offer in the Health Programs Office, West Campus, by the date specified in the letter of notification.
2. Certification of good health by submission of results of a physical examination conducted by a physician or a registered nurse practitioner by the date specified in the letter of notification.
3. Successful completion of the American Heart Association’s Basic Life Support for Health Care Providers Course (18 hours) or the American Red Cross Professional Rescuer/CPR Course required by the date specified in the letter of notification (for the Nursing, Paramedic, and Dental Hygiene programs).
4. Registration and payment of fees at the time and place specified by the Health Programs Office.

Failure to comply with any of the above procedures may result in the allocation of the space to an alternate.

**Admission to Linkage Programs**

Linkage programs allow a limited number of PHCC students to enroll in specialized programs at other public community colleges in the Tampa Bay area. Currently, 17 different specialty based linkage programs are available. These programs and their corresponding colleges include:

- Hillsborough Community College (HCC)
- Diagnostic, Medical Sonography Technology
- Medical Clinical Dosimetry Management
- Nuclear Medicine Technology
- Occupational Therapy Assistant
- Ophthalmic Dispensing
- Ophthalmic Technician
- Radiation Therapy Technology
- Manatee Community College (MCC)
- Quality Control Technology
- Respiratory Care
- Polk Community College (PCC)
- Multimedia Technology
- St. Petersburg Junior College (SPJC)
- Funeral Services
- Health Services Management
- Medical Record Technology
- Medical Laboratory Technology
- Physical Therapist Assistant
- Respiratory Care
- Veterinary Technology

*These programs have limited enrollments.

Generally, these programs admit one class each year and are limited to Florida residents and allocate a specific number of spaces to PHCC. Information and special application forms are available from PHCC advisors. Applications must be submitted to the Assistant Dean of Student Services on one of PHCC campuses prior to the application deadline of the program for the year admission is desired. PHCC will forward applications from qualified students to the sponsoring college for final selection by that institution.
RESIDENCY FOR TUITION PURPOSES

For the purpose of assessing tuition, the following provisions of Florida Statute 240.1201 will govern actions by the College.

Students shall be classified as either residents or nonresidents for the purpose of assessing tuition fees in public community colleges and universities. Determination of residency is made based on information the applicant provides on the residency affidavit, which is part of the admission application.

1. To qualify as a resident for tuition purposes:
   (a) A person or, if this person is a dependent child, his/her parent or parents must have established legal residence in Florida and must have maintained legal residence in Florida for at least 12 months immediately prior to his/her qualification.
   (b) Every applicant for admission to an institution of higher education shall be required to make a statement as to his/her length of residence in the state and, further, shall establish that his/her presence or, if he/she is a dependent child, the presence of his/her parent or parents in the state currently is, and during the requisite 12-month qualifying period was, for the purpose of maintaining a bona fide domicile, in accordance with the provisions of Section 240.1201(2)(b), Florida Statutes.

2. However, with respect to a dependent child living with an adult relative other than the child's parent, such child may qualify as a resident for tuition purposes if the adult relative is a legal resident who has maintained legal residence in this state for at least 12 months immediately prior to the child's qualification, provided the child has resided continuously with such relative for the five (5) years immediately prior to the child's qualification, during which time the adult relative has exercised day-to-day care, supervision, and control of the child.

3. The legal residence of a dependent child whose parents are divorced, separated, or otherwise living apart will be deemed to be this state if either parent is a legal resident of this state, regardless of which parent is entitled to claim, and does in fact claim, the minor as a dependent pursuant to federal individual income tax provisions.

4. An individual shall not be classified as a resident for tuition purposes and, thus, shall not be eligible to receive the in-state tuition rate until he/she has provided such evidence related to legal residence and its duration as may be required by officials of the institution of higher education from which he/she seeks the in-state tuition rate.

5. With respect to a dependent child, the legal residence of such individual's parent or parents is prima facie evidence of the individual's legal residence, which evidence may be reinforced or rebutted, relative to the age and general circumstances of the individual, by the other evidence of legal residence required of or presented by the individual. However, the legal residence of an individual whose parent or parents are domiciled outside this state is not prima facie evidence of the individual's legal residence if that individual has lived in this state for five (5) consecutive years prior to enrolling or reenrolling at the institution of higher education at which residence status for tuition purposes is sought.

6. In making a domiciliary determination related to the classification of a person as a resident or nonresident for tuition purposes, the domicile of a married person, irrespective of sex, shall be determined, as in the case of an unmarried person, by reference to all relevant evidence of domiciliary intent. For the purposes of this section:
   (a) A person shall not be precluded from establishing or maintaining legal residence in this state and subsequently qualifying or continuing to qualify as a resident for tuition purposes solely by reason of marriage to a person domiciled outside this state, even when the person's spouse continues to be domiciled outside of this state, provided such person maintains his/her legal residence in this state.
   (b) A person shall not be deemed to have established or maintained a legal residence in this state and subsequently to have qualified or continued to qualify as a resident for tuition purposes solely by reason of marriage to a person domiciled in this state.
   (c) In determining the domicile of a married person, irrespective of sex, the fact of the marriage and the place of domicile of such person's spouse shall be deemed relevant evidence to be considered in ascertaining domiciliary intent.

7. Any nonresident person, irrespective of sex, who marries a legal resident of this state or marries a person who later becomes a legal resident may, upon becoming a legal resident of this state, accede to the benefit of the spouse's immediately preceding duration as a legal resident for purposes of satisfying the 12-month duration requirement of this section.

8. A person shall not lose his/her resident status for tuition purposes solely by reason of serving, or, if such person is a dependent child, by reason of his/her parent's or parents' serving, in the Armed Forces outside this state.

9. Any person who ceases to be enrolled at or who graduates from an institution of higher education while classified as a resident for tuition purposes and who subsequently abandons his/her domicile in this state shall be permitted to reenroll at an institution of higher education in this state as a resident for tuition purposes without the necessity of meeting the 12-month duration requirement of this section if that person has reestablished his/her domicile in this state within 12 months of such abandonment and continuously maintains the reestablished domicile during the period of enrollment. The benefit of this subsection shall not be accorded more than once to any one person.

10. The following persons shall be classified as residents for tuition purposes:
   (a) Active duty members of the Armed Services of the United States residing or stationed in this state, their spouses and dependent children.
   (b) Active duty members of the Armed Services of the United States and their spouses attending a public community college or university within 50 miles of the military establishment where they are stationed, if such military establishment is within a county contiguous to Florida.
   (c) United States citizens living on the Isthmus of Panama who have completed 12 consecutive months of college
work at the Florida State University Panama Canal Branch, and their spouses and dependent children.

(d) Full-time instructional and administrative personnel employed by state public schools, community colleges, and state institutions of higher education, as defined in Florida Statute 228.041, and their spouses and dependent children.

(e) Students from Latin America and the Caribbean who receive scholarships from the federal or state government. Any student classified pursuant to this paragraph shall attend, on a full-time basis, a Florida institution of higher education.

(f) Southern Regional Education Board’s Academic Common Market graduate students attending Florida’s state universities.

(g) Full-time employees of state agencies or political subdivisions of the state when the student fees are paid by the state agency or political subdivision for the purpose of job-related law enforcement or corrections training.

(h) McKnight Doctoral Fellows and Finalists who are United States citizens.

(i) United States citizens living outside the United States who are attending a Department of Defense Dependents School or in an American International School and who enroll in a Board of Regents-approved graduate-level education program which leads to a Florida teaching certificate.

If an applicant qualifies as a Florida resident, a residency affidavit must be submitted as part of the admission requirements. Proof of guardianship is required when applicable.

Application for changing Florida resident status must be made to the Records Office on any campus. If application, including all supporting materials, is made after the last day of drop/add registration in a full term, it will not become effective until the following term. A new affidavit must be filed with any renewal application.

TECH PREP SCHOOL-TO-WORK CONSORTIUM

PHCC, the District School Board of Pasco County, and the School Board of Hernando County are consortium partners in Tech Prep, a national movement to prepare students for careers in emerging technologies. High school students enrolled in Tech Prep programs of study in Agriculture, Business, Allied Health and Nursing, or Industrial Technology can benefit from the partnership through dual enrollment, credit bank, and articulation agreements between the College and the school district. Generally, Tech Prep students at PHCC will have completed a high school program of study leading to an Associate in Arts degree with an Agriculture emphasis or one of the following Associate in Science degrees: Building Construction Technology, Business Administration and Management, Computer Programming and Applications, Dental Hygiene, Emergency Medical Services, Hospitality Management, Human Services, Nursing, or Office Systems Technology.

PHCC Tech Prep students may be eligible for the annually renewable Florida Vocational Gold Seal Scholarship or scholarships awarded by the consortium’s Business and Industry Advisory Council. Tech Prep students may enter employment immediately after graduation or complete the General Education requirements for the Associate in Arts Degree and transfer to a university. For more information on opportunities at PHCC, see the Dean of Career and Technical Programs or a PHCC academic advisor.

REFUND POLICIES

College and Technical Credit Courses

A 100% refund of fees, not including the application fee, will be granted for a course a student drops before the end of the drop/add period for a session as specified in the College Calendar. Refunds after the end of the drop/add period may be authorized, with sufficient documentation, as follows:

1. Death of a student, or the death of an immediate family member of the student (spouse or children), as documented by the student or his/her estate, which prohibits the student’s ability to complete current semester classes;
2. Illness, sickness, or accident of the student of such a severity or of such a duration, as documented by a licensed physician, that it would preclude the student from being able to complete current semester classes;
3. Mandatory military service, such as necessitated by a declared national emergency, or authorized military call to action, which would preclude the student from being able to complete current semester classes;
4. Course/class cancellation by the College;
5. Cases of administrative or College error;
6. Other circumstances as may be approved by the President or a designee.

Exceptions to the 100% refund provision are subject to Federal regulation for promissory refunds. The fee for late registration shall not be refunded, except in instances in which the only course(s) in which the student is enrolled is(are) canceled by the College.

For courses that start at a time other than the beginning of a regular term and for which the drop/add dates are not specified in the College calendar, the final refund date shall be the end of the day on which 10% of the prescribed number of instructional hours in the course occurs. The application fee will NOT be refunded except when the only course(s) for which a student is registered is(are) canceled by the College.

Continuing Education/Non-Credit Courses

A full refund will be given to a student who drops from any Non-Credit class prior to the starting time of the first class meeting. No refund will be provided for conferences, institutes, workshops, seminars, or special training programs after the published starting date.

A claim for refund due to death must be in writing and signed by a person legally authorized to act for the deceased.

Textbook Refunds

The College Bookstore will accept textbook returns for refunds during registration, drop/add, and the week immediately following the end of the drop/add periods. Bookstore personnel cannot issue a refund if the textbook has been written in or is damaged in any way; the textbook is wrapped in plastic, and the plastic has been removed; and without the original cash register receipt.
## FEES AND EXPENSES

All fees are subject to change based on implementation of FS 140.035.

### Course Fees

Fees for Advance Registration are due on the "Last Day to Pay Advance Registration" for each semester. Fees for Regular Registration are payable upon registration. Fees may be paid by cash, check, Visa, or MasterCard.

The following schedule of fees is applicable to all students, including those in an audit status:

| College Credit* and College Preparatory Credit | | |
|------------------------------------------------|------------------------------------------------|
| **Florida Resident** | $42.20 per credit hour |
| **Non-Florida Resident** | $137.30 per credit hour |

| Technical Credit*** | | |
|---------------------|------------------------------------------------|
| **Florida Resident** | $18.52 per credit hour |
| **Non-Florida Resident** | $73.09 per credit hour |

*Includes advanced, professional, and post-secondary vocational (PSV) courses.
**Includes a financial aid fee, a student activities and services fee, and a capital improvement fee.
***Includes post-secondary adult vocational (PSAV) courses.
****Includes a financial aid fee and a capital improvement fee.

### Continuing Education Fees

Non-Credit Technical Supplemental:

| Florida Resident | $1.15 per contact hour |
| Non-Florida Resident | $4.55 per contact hour |

Lifelong Learning (CEL) varies per course

Workshops: varies per workshop

### Special Additional Fees

All special additional fees are normally non-refundable and non-transferable once paid by the student:

- Application: $20
- CLAST for Visitors from Private Institutions or Teachers: $25
- Credit-by-Examination:
  - Credit Courses: $30 per examination
  - Diploma/Certificate: $10
  - Diploma/Certificate and Cap & Gown: $30
  - Late Registration: $20
  - NLN Pre-Admission Nursing Examinations: $25
  - NLN Mobility Profile I Examination: $50

What is Financial Aid?

The purpose of financial aid is to help fill the gap between what it costs to attend college and what the student can afford to pay.

The student and his/her family have the primary responsibility for financing his/her education. However, the Financial Aid Office at PHCC can assist by showing where the student may be able to obtain grants, loans, scholarships, and part-time employment and by showing the student how to apply for this assistance.

Where Can A Student Get Help?

Students may also wish to contact any Financial Aid Office to obtain a copy of the latest "Guide to PHCC Financial Aid," a free PHCC publication which explains programs and procedures in greater detail for students applying for and receiving financial assistance.

When Should A Student Apply?

If a student thinks he/she may attend college this year, then the time to apply is NOW.

It often takes several months to complete the application process. Keep the following application dates in mind:

- January 1, 1997 – Application period begins
- April 1, 1997 – Initial deadline to apply for Florida Student Assistance Grant (FSAG) and most scholarships
- May 1, 1997 – Priority deadline for financial aid applications. Applications received after May 1 will be considered in order of date received, provided funds are available.
- July 1, 1997 – Advance Registration begins
- August 21, 1997 – Classes begin
- November 3, 1997 – Deadline to apply for Stafford Loan for Fall Term.
- March 2, 1998 – Deadline to apply for Stafford Loan for Spring Term.
- May 1, 1998 – Final deadline to apply for Federal Pell Grant for 1997-98 school year.

NOTE: A STUDENT MUST SUBMIT THE FIRST STUDENT AID REPORT (SAR) WITH THE CALCULATED EXPECTED FAMILY CONTRIBUTION (EFC) BY JUNE 1, 1998 OR THE STUDENT’S LAST DAY OF ATTENDANCE, WHICHEVER COMES FIRST.

What Are The Application Procedures?

The first thing a student must do is gather the following financial records for him/herself and his/her family:
- 1996 U.S. Income Tax Record
- W-2 Forms and other records of money earned in 1996
- Records of non-taxable income such as veterans, social security, and welfare benefits
- Current bank statements
- Current mortgage information
- Business and farm records

The student will need this information to complete the federal financial aid application form. When completing the application, income information should not be estimated. Verification of the information on the application may be requested at a later date.

The Free Application for Federal Student Aid may be used to apply for financial aid. Upon completion of the application, the student should mail it to the appropriate agency for processing.

The College Title IV Code number is 010652.

In order to apply for financial aid at PHCC, students must also complete the following steps:
- Complete an Application for Admission.
- Complete an Institutional Application for Financial Aid (may be submitted at the time the student brings in his/her Student Aid Report).
- If the student has attended another college or vocational school, complete Part A of a Financial Aid Transcript and send it to that institution.
- If you have questions about the financial aid application process, please call the campus nearest your home.

Students must reapply each year. Financial aid awards are not renewed automatically. The following dates apply to the 1998-99 academic year:

- January 1, 1998 – Application period begins
- April 1, 1998 – Initial deadline to apply for FSAG and most scholarships
- May 1, 1998 – Priority deadline for financial aid

How Much Will It Cost To Attend PHCC?

All fees are subject to change based on implementation of FS 240.038.

The following figures are estimated expenses based on the average costs of most credit programs for 2 semesters (9 months) using 1996-97 data:

<table>
<thead>
<tr>

</tbody>
</table>

*Non-Florida Residents – add $3,189.00 in Out-of-State Fees.
**Includes allowances for Federal Family Education Loan Fees.

Allowances for child care expenses, handicapped-related expenses (not provided by other agencies), and additional adjustments will be considered at the request of the student on a case-by-case basis.

How Is Need For Financial Aid Determined?

A student’s financial need is determined according to statutory formulas from the federal government. It is a systematic way of measuring a family’s ability to pay for educational costs and determining how much a student and his/her family can contribute. The formula takes into account family income, some assets, student income, family size, number in college, and various other factors.

The end result of the need analysis is the expected family contribution. The expected family contribution (EFC) is the amount that a student can reasonably be expected to pay toward the cost of education. It measures the ability, not the willingness, of the family to finance the student’s education.

The amount of financial need is determined by subtracting the expected family contribution from the cost of attendance.

Cost of Attendance

The cost of attendance usually includes direct or indirect expenses as permitted by federal regulations such as:
• Average tuition and fee charges for a full-time student based on the educational objective (A.A.J.S. or approved Technical Certificate).
• Average books and supply expenses.
• Average room and board allowance (living expenses) based on whether or not the student lives with parent(s).
• Reasonable miscellaneous expenses such as transportation and personal expenses related to education.

To determne need as in the example above:
Example: $9,319 minus $2,000(SAR) = $7,319(need)

How Does A Student Know Whether He/She Qualifies?
Approximately 4-6 weeks after sending the Free Application for Federal Student Aid (FAFSA) to the processor, the student will receive a Student Aid Report (SAR). The student should submit the SAR to the campus Financial Aid Office, even if the SAR says the student is not eligible to receive a Federal Pell Grant, since the college may be able to offer the student other aid based on the information contained on the SAR. If any of the information is incorrect, the student should contact the Financial Aid Office for instructions about correcting the information.

If the student qualifies for financial aid, an award letter or notification that tells the student the types and amounts of aid they have been awarded is given to the student provided that:
• All required forms and documents have formally been submitted.
• The student has been formally accepted for admission to the college as a degree/certificate seeking student.
• The student enrolls in an eligible program leading to a degree or certificate.
• Except as otherwise noted, the student enrolls for at least 6 hours per session.
• The student is neither in default on a student loan nor owes a refund on a grant.
• The student makes satisfactory academic progress.
• The student meets the U.S. citizenship and the draft registration requirements.

A student receiving a Federal Student Loan(s) must participate in or receive Loan Entrance Counseling before receiving a Federal Stafford Loan. Students must participate in or receive Loan Exit Counseling prior to graduation due to a change in enrollment (i.e., less than half time).

How Will I Receive My Financial Aid?
Students will be awarded financial aid for two terms (i.e., fall and winter of each year) unless otherwise noted. Therefore, students will receive half of their awards to be disbursed (distributed to students) as soon after each term's drop/add date as possible. Specific dates for disbursement (the date funds are released to students) of grants and scholarships are listed in the College Calendar section of this publication.

When Is Financial Aid Received?
A student may utilize his/her grant/scholarship award(s) to register and purchase books and supplies for the term, if the amount of the award is applicable to such costs. At the end of registration, any funds owed to the college for such costs will be deducted from the student award(s) for the term.

Once these deductions have been made by the Business Office, the balance of the grant award(s) will be paid to the student as soon as possible after drop/add. Students receiving PhCC institutional or Foundation scholarships will not receive direct payments.

A student receiving a federal loan will be mailed his/her check after he/she has registered, paid fees, and has attended class(es) for the session. Delays in distributing checks may occur due to the large number being processed. However, PhCC personnel will process the checks as rapidly as possible. A student in the first year of his/her program of study cannot receive the initial disbursement of his/her first loan until 30 days after the first day of classes in the term to which the initial disbursement applies (a federally mandated delay).

Work-Study funds will be paid bi-weekly (based upon hours worked) at the federal minimum wage rate.

Entrance And Exit Interviews
Students must participate in loan entrance and exit counseling sessions before receiving a Federal Stafford loan. Checks cannot be disbursed to first-time borrowers who have not completed the initial 30 days of their program.

What Are The College's Standards of Academic Progress?
Students should understand how the college determines whether satisfactory academic progress is being made and the consequences of unsatisfactory progress. See Standards of Academic Progress.

What If A Student Reduces His/Her Course Load?
A reduction in course load occurs when a student either withdraws from a class(es) or changes to audit after the drop/add period in a given semester. There are two categories of withdrawals/audits:

Category 1 occurs when a student withdraws from or audits a class(es) and never attends the class(es). Awards in this category will be reduced to reflect the enrollment status after the withdrawal/audit. If a student receives funds in excess of the reduced award, the student must refund the excess amount.

Category 2 occurs when a student withdraws from or audits a class (or classes) and attends at least one class meeting in each class. Awards in this category will not be reduced except when a student withdraws from or audits all classes prior to receiving the cash disbursement. The balance of the student's award for the semester will be cancelled after deducting any authorized funds owed to PhCC.

A late applicant who submits the necessary documents, e.g., the Student Aid Report for Federal Pell Grant, after the first class day of the semester will be processed based on the enrollment status at the time these documents are received by the College.

What Is The College's Refund Policy?
It is the responsibility of the student to review the college's refund policies and be aware of the steps necessary to receive a refund (See Refund Policy).

NOTE: The provisions of the following programs are subject to change as actions are taken by the President, Congress, and/or the Florida Legislature.
GRANTS AND SCHOLARSHIPS

Grants and scholarships are considered gift-aid. Financial aid awarded in the form of grants and scholarships does not have to be repaid. Grants are generally awarded to students with financial need. Scholarships are usually awarded to students based on skills and academic attainment.

FEDERAL PELL GRANT

This is the largest of the government's student aid programs and is the starting point for most students seeking financial aid. Awards for the 1997-98 academic year will depend on the level of program funding.

How To Apply:
For forms are available in each campus Financial Aid Office. Students should:
1. Complete the Free Application for Federal Student Aid and mail to the processor.
2. Complete the PHCC Institutional Application for Financial Aid.
3. Request Financial Aid Transcripts from all previous colleges, whether financial aid was received there or not.
4. Return the Student Aid Report (SAR), which is sent from the federal processor, to the campus Financial Aid Office.
NOTE: Priority deadline date is May 1, 1997.

Eligibility:
1. A student is eligible if he/she is admitted to the college as a regular student.
2. Enrolls in an eligible degree or certificate program.
3. Is a U.S. citizen, national or permanent resident, and has met draft registration requirements.
4. Is making satisfactory academic progress.
5. Is neither in default nor overpayment on student loans or other aid.
6. Has financial need based on the federal need analysis.

Selection of Recipients:
Selection is based upon student's eligibility as determined by the information provided on the SAR.

Determination of Awards:
Awards are based upon the following criteria:
1. The Expected Family Contribution on the SAR.
2. The Student's Cost of Attendance.
3. The Student's Enrollment for the session.

Criteria For Continued Eligibility:
1. Continued satisfaction of eligibility criteria.
2. Reapply each year.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG)

The Federal Supplemental Educational Opportunity Grant (FSEOG) Program is a campus-based program because it is administered directly by the Financial Aid Office at the College. Unlike the Federal Pell Grant Program, which provides funds to all eligible students, the College receives a certain amount of funds for the program each year. Priority is given to early applicants with exceptional financial need, with the lowest expected Family Contributions (EFCs), and to students who receive Federal Pell Grants. There is no guarantee every eligible student will be able to receive the grant since fund availability is limited.

Students Must:
1. Complete the Free Application for Federal Student Aid and mail to the processor.
2. Complete an institutional application.
3. Request Financial Aid Transcripts from all colleges previously attended, whether any aid at those schools was received.

Eligibility:
Requirements are the same as those for the Federal Pell Grant Program. Limited funds are available for awards to students and are based on allocations from the federal government each year.

Selection of Recipients:
Selection is based on expected family contribution (EFC) and Federal Pell eligibility. Priority is given on a first-come, first-served basis to students who apply using the FAFSA before May 1 of each year. Applications received after that date will be awarded as funds permit.

Determination of Awards:
Awards are made based on financial need as determined by the need analysis report received by the college from the processor.

Students Must:
1. Meet eligibility criteria of institution and federal requirements.
2. Reapply each year.

FLORIDA STUDENT ASSISTANCE GRANT (FSAG)

FSAG awards are available to eligible Florida residents who demonstrate financial need and who wish to attend a Florida college.

How To Apply:
1. Complete the State Information section of the Free Application for Federal Student Aid.
2. Insure that college name and code number are correct.
3. Apply during the application period: January 1 to about April 1 of each year. (The state establishes the deadline each year).

Eligibility:
A student is eligible if he/she:
1. Is a U.S. citizen or permanent resident.
2. Enrolls for a minimum of 12 semester hours per semester in an
eligible degree program.
3. Has been a resident of Florida for at least 12 consecutive months.
4. Demonstrates financial need as defined by the state.

Selection of Recipients:
Recipients are selected according to guidelines issued by the Office of Student Financial Assistance, State of Florida.

Determination of Awards:
1. Financial need is determined by an approved need analysis.
2. Award amounts are approximately equal to the average full-time tuition for two semesters at PHCC.

Students Must:
1. Meet eligibility criteria of institution and federal requirements.
2. Reapply each year.

BUREAU OF INDIAN AFFAIRS (BIA)
The BIA provides benefits for people who are at least one quarter American Indian, Eskimo, or Aleutian, and who are in tribes served by the Bureau of Indian Affairs, and who have financial need. Contact the appropriate tribal council for details and application forms.

FEDERAL WORK STUDY (FWS)
Part-time employment may be awarded to a student with financial need as part of his/her financial aid award. This type of aid is classified as “self-help.” The student must earn the funds he/she receives through these programs.

How To Apply? Application procedures are the same as those for Supplemental Grant.

Eligibility:
A student is eligible if he/she:
1. Is admitted to the college as a regular student.
2. Enrolls in an eligible degree or certificate program for at least 6 credit hours.
3. Is a U.S. citizen, national or permanent resident, and has met draft registration requirements.
4. Has financial need.
5. Is maintaining satisfactory academic progress.
6. Is neither in default nor overpayment on previous aid received.

Selection Of Recipients:
Selection is based upon financial need as determined by the federal government. Priority is given to continuing students who had FWS awards in the previous year/term and to students with the greatest financial need as determined by the federal need analysis system.

Determination Of Awards:
Financial need is determined by the federal government according to financial need as determined by the need analysis report received from the processor. In general, the awards do not exceed 20 work hours per week in a given semester. Most awards are for 15 hours per week.

Conditions And Terms
1. If a student is awarded work-study, he/she should contact the Financial Aid Office on his/her home campus for job information.
2. The student will be paid bi-weekly at the federal minimum wage rate.
3. The student and the supervisor will establish a schedule which is satisfactory to both parties.
4. The student is expected to work scheduled hours.
5. To reduce the work load, the student must notify the supervisor and the campus financial aid advisor.
6. A student may not work more than 15 hours per week without prior approval from the financial aid director.
7. A student must maintain a satisfactory standard of job performance.
8. A student must maintain satisfactory academic progress.
9. A student must remain enrolled during the session for which he/she receives a work study award.

Students Must:
1. Meet the eligibility criteria of the institution.
2. Reapply each year.

STUDENT ASSISTANT WORK PROGRAM (SAWP)
This is an institutional work program that enables a limited number of students to work part-time on-campus. Special skills are usually required.

How To Apply:
Information is available in the Financial Aid Office on each campus.

Eligibility:
A student is eligible if he/she enrolls for at least 6 credit hours per session.

Selection Of Recipients:
Students are selected based upon their qualifications for job openings. Priority may be given to applicants with financial need.

Students Must:
1. Meet the eligibility criteria of the institution.
2. Reapply each year.

DEFERMENT OF FEES
Eligible students may request a deferment of registration fees (excluding application and late registration fees) and deferment of
necessary books, if they have received a preliminary determination from the College indicating that they are eligible for state and/or federal grant aid. Deferrals will be granted for up to 60 days from the first day of classes, but not beyond 10 days before the end of the term to which the fees apply.

Deferrals are only available to students whose financial aid is delayed due to circumstances beyond their control. Deferrals cannot be granted because a student applied late for financial assistance.

Students must be enrolled at least half-time (6 credit hours for Term I and II). The DEADLINE for obtaining a deferral is the last business day prior to the beginning of regular registration for the fall and spring terms. Deferrals are not automatic; students must reapply each year to the Financial Aid Office to determine their eligibility.

**FEDERAL FAMILY EDUCATION LOANS**

Financial aid awards in the form of loans must be repaid. For this reason, loans are considered to be "self-help" forms of assistance.

**FEDERAL STAFFORD LOANS**

The Federal Subsidized and Unsubsidized Stafford Loans are low-interest loans made by participating lenders to help pay for a college education.

Independent students who apply for the maximum Federal Subsidized Stafford Loan may be eligible for an additional $4,000 loan per grade level at PHCC, under the Federal Unsubsidized Stafford Loan Program. The interest rate is the same as the subsidized loan; however, interest will accrue while the student is in school, with repayment of the principal and interest beginning six months after the student ceases to be at least a half-time student.

**How To Apply:**

Forms are available at each campus financial aid office.
1. Complete the Free Application for Federal Student Aid and mail to the federal processor.
2. Complete a PHCC Institutional Application for Aid.
3. Complete a Loan Request Statement (LRS) and Loan Entrance Interview.
4. PHCC participates in Electronic Funds Transfer (EFT) with several lenders (banks). Student Loan funds are received from each lender on an ongoing basis, once the loans have been guaranteed. While this may expedite the loan process, students should not "rely" on these funds until the moneys are actually received at the College.

**NOTE:** Deadline to apply for Fall Term, Oct. 31, 1997. Deadline to apply for Winter Term, Feb. 27, 1998.

**Eligibility:**

A student is eligible if he/she:
1. Enrolls for at least 6 semester hours per session.
2. Enrolls in an eligible degree or certificate program of study.
3. Is a U.S. citizen, national or permanent resident.
4. Is neither in default nor overpayment of other aid received.
5. Must have a minimum of 2.0 GPA and completion rate of 67% and not exceed 150% of the credit hours in his/her program of study.
6. Meets eligibility requirements of the lender.
7. Has a high school diploma or a GED.
8. Has financial need as determined by the federal need analysis system.

As authorized by section 682.603(c)(34)(E)(R), the College reserves the right to deny or reduce a requested loan by a student.

**Determination Of Awards:**

<table>
<thead>
<tr>
<th>Type of Student</th>

<td>-0-</td>
<td>6,125</td>
</tr>
</tbody>
</table>

Additional borrowing may be granted, based on an appeal to the Director of Financial Aid, which supports an extenuating personal or educational situation wherein additional borrowing is justified.

**Selection Of Recipients:**

Recipients are approved by the lending institutions based on eligibility criteria submitted by the school.

**Students Must:**

1. Meet eligibility criteria for PHCC and federal requirements.
2. Reapply each year.

**Terms Of The Loan:**

1. Repayments of the Stafford Loan begin six months after a student withdraws, graduates, or drops below half-time status.
2. The minimum repayment is $50 per month.
3. Interest is charged at the rate of 7% per annum, depending upon the date the student began borrowing. The interest rate for new borrowers is variable, not to exceed 9%. Specific interest rate information will be provided by the lender.
4. Maximum repayment time is 10 years from the start of the repayment period.

**FEDERAL PLUS LOANS**

The term "PLUS" refers to the Federal Parent Loans for Undergraduate Students. These loans are available for parents of dependent students.

**How To Apply:**

Forms are available from advisors and participating lending institutions.
1. Parents are not required to complete the need analysis application, but they are encouraged to do so.
3. Complete the appropriate loan application and submit it to the Financial Aid Office.
Eligibility:
A student's parent is eligible if the student:
1. Enrolls for at least 6 credit hours per session.
2. Enrolls in an eligible degree or certificate program of study.
3. Is a U.S. citizen, national, or permanent resident.
4. Is not in default on any Federal Stafford Loan.
5. Is in good academic standing.
6. Meets eligibility requirements of the lender.
7. Has a high school diploma or a GED.

Determination Of Awards:
A dependent student's parents may borrow an amount not to exceed the total cost of education less other aid received, including the Federal Stafford Loan.

Selection Of Recipients:
Recipients are selected by the lending institution based on credit history and information provided by the school.

Students Must:
1. Meet eligibility criteria for PHCC and federal requirements.
2. Reapply each year.

Terms Of The Loan:
1. Repayment of the parent loan begins 60 days after the disbursement date.
2. The current interest rate is variable, not to exceed 10%, and begins to accrue at the time of disbursement.

SCHOLARSHIPS
Scholarships are institutional and private gift money. Scholarships and grants are available annually for many students who require additional assistance above that received from the federal and state sources, or for those who do not qualify for need-based financial aid. Scholarship information can be found under numerous headings in libraries, usually in the reference section.

OTHER SCHOLARSHIPS
Private scholarships are forms of financial assistance provided by businesses, clubs, organizations, agencies, private donors, and others. Funds are usually limited and applications are typically accepted in the spring for the following academic year. More information is available in the Student Services Office on each campus.

PHCC SCHOLARSHIPS
The College awards scholarships to students who have demonstrated scholastic achievement or athletic ability in different areas. Awards are made to Pasco and Hernando county public high school students finishing in the top 10% of their graduating class each year who plan to attend PHCC. PHCC offers other forms of financial assistance in the areas of special artistic achievement, academic endeavors, athletic ability and/or participation in College-related activities. The College also offers scholarships based on determined financial need, on a limited basis. For more information, contact the Financial Aid Office at the College.

VETERAN'S BENEFITS
All degree programs and many certificate programs at the college are approved for education and training under the various U.S. Department of Veterans' Affairs (VA) programs. Even though these programs are approved, it is the responsibility of the veteran student (any student eligible for VA benefits) to apply for benefits. See the Campus Veterans' Advisor for assistance with your initial application and any changes in your program.

The VA pays most entitlements directly to the student. In turn, the student must pay for tuition, fees, books, and supplies. Some veterans may be eligible to receive a deferment for the payment of tuition. No deferment is available for books and supplies. The deferment starts with the first day of classes and is good for 90 days (in some cases it may be extended for 30 more days). The veteran student would be eligible if he/she is applying for the first time or if there is a break in receipt of benefits of more than one month. If the academic session is for less than 60 days, the deferment shall be limited to 10 days less than the number of days in the session. Veterans receiving continued benefits, those who have their benefits suspended and veterans whose training is being paid by VA Vocational Rehabilitation are NOT eligible for deferments.

Tuition assistance is available for veterans who have a deficiency in one or more subjects and can be paid for by the VA. The Campus Veterans' Advisor is the student's link to VA. He/she can furnish additional information on VA programs and procedures. Veteran students should consult with the Campus Veterans' Advisor prior to selecting, dropping/adding, withdrawing, or auditing any class. All of these actions affect benefits.

FINANCIAL AID APPEALS/GRIEVANCE PROCESS

Financial Aid Appeals Procedures
Students who are denied financial aid due to unsatisfactory academic progress or an inadequate completion rate may submit a written appeal to the Financial Aid Office on their campus. Documentation, such as a physician's statement, may be attached to provide evidence of mitigating circumstances beyond the control of the student which kept the student from maintaining satisfactory progress. The Financial Aid Committee will review the appeal and determine whether the student will be allowed to receive financial aid for an additional term. Appeals relating to unsatisfactory academic progress will be processed according to the procedures outlined in Board Rule 6Hx19-6.09. Appeals relating to the 150% Time Frame limitations will be processed according to the general authority of Federal Regulation limitation 34 C.F.R. Part 68.16(e)(ii)(XB).

Appeals To The State of Florida
In the event an appeal involves financial aid offered by the State of Florida, the student will be advised of the appeal procedures and the appropriate department at the Office of Student Financial Aid (OSFA) to contact. The appeal to the State of Florida is an additional requirement, not in lieu of, the institutional appeals requirements.

Financial Aid Grievance Process
Students who are denied financial aid due to insufficient academic progress may file a written appeal to the campus Financial Aid Committee. Documentation, such as a physician's statement, may be required. The campus Financial Aid Committee will review the appeal and determine whether the student will be allowed to receive financial aid for an additional term. Appeals relating to insufficient academic progress are processed according to the procedures contained in Board Rule 6Hx19-6.09. In addition, procedures for the financial aid grievance process, other than those that pertain to insufficient academic progress, are listed below.

1. Students should first attempt to resolve a financial aid grievance locally through discussion with a campus Financial Aid advisor.
If the grievance can not be settled at the campus-level, the student may appeal, in writing, to the Director of Financial Aid.

2. The student will be required to submit a written statement regarding the nature of the appeal to the Director of Financial Aid. The Director of Financial Aid shall respond to the appeal within 10 working days of its receipt in the Financial Aid Office.

3. In the event the student is dissatisfied with the decision of the Director of Financial Aid, the student may submit a written request for a review to the Dean of Student Services.

4. Upon the receipt of the request for review by the Dean of Student Services, he/she shall review the matter as soon as possible, and shall receive testimony and/or evidence from the student, and any other sources of relevant information.

5. The Dean of Student Services shall carefully and thoroughly consider all of the relevant information and testimony available to him/her and then shall issue findings on the matter. The findings shall be placed in written form and shall be forwarded to the student and to the President. The President, or his/her designee, shall take final action on the matter based upon the findings of the Dean of Student Services.

STUDENT CONSUMER RIGHTS AND RESPONSIBILITIES

Students - You Have The Right To Ask A School:

• What financial assistance is available, including information on all federal, state, and institutional financial aid programs.

• What are the deadlines for submitting applications for each of these financial aid programs available.

• What is the cost of attending, and what are the policies regarding refunds for students who drop out.

• What criteria are used to select financial aid recipients.

• How financial need is determined. This process includes how expenses (i.e., tuition and fees, room and board, travel, books and supplies, personal and miscellaneous costs) impact your budget.

• What resources (i.e., parental contribution, other financial aid, your assets) are considered in the calculation of your need.

• To explain how much of your financial need, as determined by the institution, has been met.

• To explain the various programs in your student aid package. If you believe you have been treated unfairly, you may request reconsideration of the award which was made to you.

• What portion of the financial aid you receive must be repaid and what portion is grant aid. If the aid is a loan, you have the right to know the interest rate, the total amount that must be repaid, the repayment procedures, the length of time allowed to repay the loan, and when repayment is to begin.

• How the school determines whether you are making satisfactory progress, and what happens if you are not.

• To make available for review a copy of the documents describing the institution’s accreditation, approval, or licensing.

Students - You Have A Responsibility To:

• Review and consider all information about a school’s program before you enroll.

• Pay special attention to your application for student financial aid, complete it accurately, and submit it on time to the right place. Errors can delay your receiving financial aid. Intentional misreporting of information on application forms for federal financial aid is a violation of law and is considered a criminal offense subject to penalties under the U.S. Criminal Code.

• Read and understand all forms that you are asked to sign, and keep copies of them.

• Accept responsibility for all agreements you sign.

• If you have a loan, notify the lender immediately of changes in your name, address, or school status.

• Perform in a satisfactory manner the work that is agreed upon in accepting a College Work-Study award.

• Know and comply with the deadlines for application or reapplication for aid. (You must reapply each year.)

• Know and comply with your school’s refund procedures.

• Request Financial Aid Transcripts from each college you attended previously.

• Notify the Financial Aid Office of all financial aid you receive from sources other than the college as soon as you receive it.

• Know the schedule for the disbursement of your award(s), and process aid checks within a reasonable period of time.

• Notify the Financial Aid Office immediately of changes in name, address, or enrollment.
Advising (Including Computer-Assisted Advising)

Advisors are available to assist students and prospective students with academic, vocational, or personal matters on a walk-in or appointment basis. These services are available on campus each weekday, and evenings by appointment and at other district locations upon arrangement. Students with disabilities may also schedule an appointment with the Disabilities’ Services Specialist.

The Computer Assisted Advising Program (CAAP) is a program that matches a student’s academic history against a specific major program for a specified catalog year to determine which requirements have been met and which are still unmet. Students may request that they receive a copy of the CAAP to better track progress toward their degree or certificate. CAAP is available through an advisor on each campus for the degrees and certificates offered by PHCC. As this catalog was going to press, the State of Florida was in the process of implementing a similar system for all degrees and majors within the Florida postsecondary education system. Students are encouraged to see their advisor before registration begins each term to obtain the maximum benefit of their advising opportunities.

Orientation

All students who are seeking either a degree or a vocational certificate and who register to take courses at PHCC for the first time should schedule an appointment in the Student Services Office for orientation and placement testing. Appointments are available during both day and evening hours. Advising appointments are made following these activities. Early advisement and registration help ensure the best selection of courses.

Registration Process

Before a student can register for credit courses, he/she must be admitted to the College. Additionally, students who are pursuing a degree or certificate must have declared a major either on their application form or through a program declaration form so that they may register for the appropriate courses for their specified program of study. These forms are available in the Student Services Office.

After submitting a PHCC application, students should schedule an orientation appointment and any necessary testing. Test scores are required for admission to all degree programs and for all students wishing to enroll in Mathematics, English, or Reading courses or courses requiring these skills as prerequisites. New students should also make an appointment to meet with an advisor in the Student Services Office to plan the courses they will take. Students are encouraged to be advised as early as possible, adhering to the dates published in the College Calendar. Early advisement and registration lead to the best selection of courses, and the most preferable time schedule. Those students, except first-time students, who can select classes appropriate for their program of study at the College and do not have advisor questions may self-advice and participate in express registration. Students may register and pay for courses at the East (Dade City), West (New Port Richey), or North (St. Petersburg) campuses. Payment of course fees may be deferred until the published purg deadline for each semester. This deadline can be found in the Schedule of Classes.

The beginning and ending dates for registration are published in the College Calendar. Registration priority is given to currently enrolled degree- or certificate-seeking students, based on the number of credit hours earned. Students who register for television courses should check their course syllabus for the deadline dates or drop/add and audit/withdrawal dates.

Services for Students with Disabilities

Pasco-Hernando Community College, in compliance with Title II of the Americans with Disabilities Act (ADA), makes every reasonable effort to accommodate persons with disabilities. If a student requires any special services or accommodation because of a disability, he/she should contact the Assistant Dean of Student Services at the chosen campus or the Disabilities’ Services Specialist, Ms. Nicole Bilodeau-McKay. Pasco-Hernando Community College is an equal access college and does not discriminate against persons with disabilities. The College requires documentation of a student’s disability before providing accommodations for such disability.

Students with documented disabilities may make written requests for waivers or course substitutions to established graduation requirements to the Disabilities’ Services Specialist. Disabilities can include, but are not limited to, such conditions as hearing impairments, visual impairments, physical impairments, speech impairments, specific learning disabilities, and other health impairments. All waivers and course substitution requests will then be forwarded to the Vice President of Instructional Services.

Unmet Financial Obligations

Transcripts will not be released until student financial obligations are met. Diplomas and certificates are withheld until these obligations are met. Such financial obligations include, but are not limited to, library accounts and deferred payments. A student who has a financial obligation outstanding will not be allowed to register until the obligation is paid.

Job Placement

State, county and local employment opportunities are posted in each campus’ Student Activity Center.

Career Center

PHCC advisors can provide career counseling and information at each campus. Various career assessment tests are available by appointment. The Jobs in Education Partnership (JEP), available on each campus site, also provides options for evaluation of career opportunities. In addition, each campus library contains career information materials in the reference section.

Emergencies

Fire and evacuation exits are identified in all buildings and are to be used in emergencies. In case of disaster, the President or the senior college official present may cancel classes. Local radio stations will be asked to carry announcements regarding cancellation or re-opening in emergency situations.

Any emergency situation observed by a student should be reported immediately to the Office of the Provost or the Center Director. In case of a personal emergency, college staff will try to contact a student. However, the college assumes no responsibility for making such contacts.

Health Information

PHCC does not provide health services but does provide information for students who may want to obtain health insurance. Furthermore, the college assumes no responsibility for medical treatment of its students. College personnel shall provide assistance to
students in obtaining emergency medical attention from independent medical providers. As required by Florida Statute, some health information, including that pertaining to acquired immune deficiency syndrome (AIDS), can be obtained from the Assistant Dean of Student Services on each campus.

Harassment

In conformance with State Board Rule Chapter 6A-19 and PHCC Board Rule 6Hx.19-2.56, “Educational and Work Environment,” harassment within the educational and work environment in any form will not be condoned or tolerated by the college, whether directed toward employers, employees, or students. Harassment includes sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or educational activity. A complaint of alleged harassment should be lodged with the Provost or a Vice President.

Crime Statistics

As required by Florida Statutes, Chapter 90.302, data regarding campus crime must be compiled annually. Information for the past three years is available from the Assistant Dean of Student Services on each campus.

Federal Security Report

In accordance with the Federal Student Right to Know and Campus security Act (Public Law 101-542, as amended), PHCC has prepared this report addressing the security policies of the college. Any questions about these policies should be directed to the Assistant Dean of Student Services at each college location.

I. Reporting Policies

Students are encouraged to report any emergency or any known or suspected criminal activity occurring on campus or in connection with any college function to the office of the Provost or the Center Director. In the event that the Provost or Center Director is not immediately available, a report may be made to any college official or employee. It is the policy of the college to report all known or suspected criminal activity occurring on campus or in connection with any college function to local law enforcement authorities for investigation and prosecution as appropriate.

II. Access to Campus Facilities

The campuses and centers of PHCC are open to the public during the hours of 6:30 A.M. until 11:30 P.M., Monday through Friday, and at other times upon special notice. The public is invited to the college to pursue educational opportunities and to attend college functions and activities. The pursuit of educational opportunities may include attending classes, registering for classes, visiting with instructors or advisors, obtaining information about college programs, or simply becoming familiar with the college facilities and its amenities.

During the hours of 11:30 P.M. and 6:30 A.M., and on weekends when the college is officially closed, any person found on college property without authorization shall be considered a trespasser and may be reported to local law enforcement authorities. Loitering and soliciting on college property are strictly prohibited and any person found loitering or soliciting will be asked to leave, or upon refusal will be reported to local law enforcement authorities.

III. Campus Law Enforcement

PHCC does not maintain a campus police department or college law enforcement authority. The college facilities fall within the jurisdiction of local law enforcement officials and any criminal activity occurring at a college facility is referred to local police for investigation and prosecution as appropriate.

IV. Crime Awareness and Prevention Programs

All new students at PHCC are strongly encouraged to attend student orientation programs presented at each campus at the start of each session. As part of these orientation programs, students are given information about crime prevention and specific tips on personal safety and protection from crime. Students also receive in-
Drug-Free College Program

PHCC is committed to the development and implementation of a comprehensive plan to establish and maintain a drug-free environment. Therefore, the District Board of Trustees has adopted a "Drug-Free College Program" in compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendment of 1989 (including Section 22, Drug-Free Schools and Campuses).

Use or possession of alcohol and illegal use or possession of controlled drugs by students while on college premises or while engaged in college-sponsored activities on-campus is prohibited. No student shall report to classes or college-sponsored activities while intoxicated, impaired, or under the influence of drugs or alcohol. The college will impose disciplinary sanctions on students consistent with local, State, and Federal law. The college will impose a 10-day suspension for the first violation, 30 days for the second, and 60 days for the third violation of the current zero-tolerance alcohol and drug policy.

Students, by registering at PHCC, assume the responsibility of becoming familiar with and abiding by the regulations and rules of conduct of the college.

Student Conduct

In accordance with Florida Statutes, no student attending PHCC may participate in any activities that are disruptive to the normal, peaceful, and orderly operation of state institutions of higher learning.

The following actions are prohibited at or on any campus or at any college-sponsored or college-affiliated activity or event. Violation of any of these regulations may result in disciplinary action. Disciplinary action may also be imposed for special circumstances as prescribed by State or Federal law. Incidents may be reported to the appropriate law enforcement agency.

1. Possession or consumption of alcoholic beverages.
2. Use, possession, sale, barter, exchange, gift, distribution, or other transaction of any narcotic drug, as defined in Chapter 893 of the Florida Statutes, this includes cannabis sativa (marijuana).
3. Academic dishonesty, to include cheating and/or plagiarism.
4. Stealing.
5. The use of indecent or abusive language.
8. Vandalism or destruction of property.
10. Unauthorized use of the college name.
11. Lewd or indecent conduct.
12. Behavior or actions which are disruptive to the normal, peaceful, and orderly operation of the college.
13. Violation of a federal or state law, a county or city ordinance.
14. Repeated offenses of a less serious nature.
15. Assault or physical abuse.
16. Possession or use of explosives (including fireworks), chemical agents, or deadly weapons. This policy does not apply to trained law enforcement officers either on or off duty.
17. Unauthorized entry or occupancy of college facilities.
18. Conspiracy or solicitation to commit an unlawful act or to violate any college regulations or policies.
19. Repeated violations of college traffic rules while on campus.
20. Trespass on college grounds in violation of college rules.
Academic Dishonesty: Cheating and Plagiarism

In an attempt to clarify possible misunderstandings, PHCC faculty and staff have developed some definitions and examples of two types of academic dishonesty: cheating and plagiarism. Cheating is defined as the giving or taking of information or material with the purpose of wrongfully aiding oneself or another person in academic work that is to be considered in determining a grade.

Plagiarism, or literary theft, is defined as appropriating the literary composition of another person, including parts, passages, or language of that writing, and passing off the appropriated material as one’s own. Plagiarism is the failure to give proper credit or citation to one’s source(s) of information. It includes the failure to use conventional methods of documentation for material quoted or paraphrased. Additionally, plagiarism includes allowing someone else to compose or rewrite an assignment for a student.

Some examples of cheating and/or plagiarism include, but are not limited to, the following items:

1. Asking for or giving another student information during a test;
2. Copying answers from another student’s paper or intentionally allowing someone to copy from one’s own paper during a test;
3. Using materials prohibited by the instructor during a test;
4. Either impersonating another student during a test or having another person assume one’s identity during a test;
5. Changing answers on a previously graded test in order to have a grade revised;
6. Stealing examination materials;
7. Copying material, either exactly or in essence, and not providing appropriate documentation;
8. Copying or falsifying a laboratory or clinical project/assignment, including computer programs, in either disk or hard copy form;
9. Allowing someone else to compose or rewrite a student’s assignment;
10. Stealing, buying, selling, or otherwise providing research papers.

As with other violations of student conduct (see “Student Conduct” section), cheating and/or plagiarism may result in disciplinary action. Refer to the section, "Disciplinary Procedures."

Hazing

The college shall not tolerate hazing, as defined below, at or on any college property or at any college-sponsored or college-affiliated event, either on or off any campus or center.

1. Hazing means any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of the college, hereafter referred to as "college organization." Hazing shall include, but not be limited to, any brutality of a physical nature, such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or any other forced physical activity which could adversely affect the physical health or safety of the individual. Hazing shall include any activity which would subject the individual to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual. For purposes of this rule, any activity as described above upon which the initiation or admission into or affiliation with a college organization is directly or indirectly conditioned shall be presumed to be a "forced" activity, the willingness of an individual to participate in such activity notwithstanding.

2. This rule shall apply to students and to college organizations, including acting through other persons associated with a college organization who are not students.

3. Violations of this rule by individual students shall be enforced in accordance with the college’s Disciplinary Rule, 6FsX 19-6.17.

4. Violations of this rule may subject an individual student to the following penalties:
   a. Minor violations: disciplinary probation; and
   b. Major or repeated minor violations: suspension or dismissal.

5. Any college organization, as an organization or through any person associated with a college organization, which authorizes or participates in hazing in blatant disregard of this rule shall be penalized as follows:
   a. Minor violations: probation from operating as a college organization;
   b. Major or repeated violations: suspension in accordance with District Board of Trustees Rule 6FsX 19-6.32, or rescission of the authority for such organization to operate on college property or operate under the sanction of the college.

Organizational violations shall be handled by the Dean of Student Services or center administrator. In addition, hazing may subject an individual or organization to criminal penalties under Florida law.

6. In determining whether a hazing violation is "minor" or "major" in scope, the primary consideration will be the presence of or potential for serious physical or emotional harm to the victim of the hazing.

7. All college organizations are required to include the above anti-hazing rule in the bylaws of such organization.

College Operating Hours/Campus Security

The official operating hours of the college are from 6:30 a.m. to 11:30 p.m. The college is officially closed from 11:30 p.m. to 6:30 a.m. Any person not duly authorized, licensed, or invited by an official of the college to be on the premises or within any structure between 11:30 p.m. and 6:30 a.m. will be committing the offense of trespass, and local law enforcement officials will be notified. Each campus Student Services office is open weekdays, Monday through Thursday, 8 a.m. to 7:30 p.m. and on Fridays from 8 a.m. to 4:30 p.m.

Termination from the Health Programs

A student may be dismissed from the Nursing Degree Programs, the Practical Nursing Certificate Program, the Emergency Medical Services Degree Program, Emergency Medical Technician Certificate Program, Paramedics Certificate Program, Dental Programs, Medical Secretarial, Coder Specialists, Medical Record Transcribing, Health Unit Coordinator, Patient Care Assistant, Examining Room Assistant/Home Health Aide, and Human Services Program for any of the following reasons. In all cases Board Rule 6FsX 19-6.17, "Student Disciplinary Procedures," will be followed. Faculty shall refer the student to the Assistant Dean of Student Services/Counselor as indicated in the section entitled "Disciplinary Procedures," on the first documented incident related to any of the following reasons:

1. Any action outlined in Board Rule 6FsX 19-6.13, and as repeated
above under the section entitled "Student Conduct."

2. Endangering a patient's/victim's life by:
   a. violating standard safety practices in the care of patients;
   b. delaying care that is within the student's realm of ability
      and/or knowledge;
   c. performing skills or procedures that are beyond the realm
      of the student's ability and/or knowledge;
   d. failing to comply with the requirements for repeat physical
      examination, inclusive of drug screening, at the discretion
      of the division director and resulting from observed
      behavioral changes.

3. Being found in any restricted or unauthorized area.

4. Violation of confidential information related to patients/clients.

5. As the result of due process proceedings based upon a request
   in writing from the hospital or participating agency that the
   student be withdrawn from said agency.

6. Aggressive or dishonest behavior to any college staff member,
   hospital staff member, Medical Director, physician, patient, or
   student, defined as follows:
   a. Aggressive behavior is defined as a forceful, self-assuring
      action or attitude that is expressed physically, verbally, or
      symbolically and is manifested by abusive or disruptive acts
      towards oneself or others.
   b. Dishonest behavior is defined as an untruthful, untrustworthy,
      or unreliable action.

AND, for Paramedic Program students, Emergency Medical
Technician and EMS students,

7. Refusing to follow an order from any physician, hospital staff
   member, or college instructor.

Disciplinary Procedures

Alleged violations of student regulations or other student
misconduct shall be referred to the Assistant Dean of Student
Services/Counselor, and then to the Campus Provost as needed. Rep-
rimands or unrecorded disciplinary probation may be
administered by these officials. Disciplinary probation will be
recorded on the student's permanent record and must be approved
by the Dean of Student Services. In situations in which the
penalties could be disciplinary suspension (not to exceed one
session) or dismissal from the college, the problem will be referred
by the Campus Provost to a campus disciplinary board. The board
will be composed of the Dean of Student Services as chair, the
Campus Provost, the Equity Officer/Minority Recruiter, a coun-
telor, a student, and a faculty member. Except for the Dean of
Student Services and the Equity Officer/Minority Recruiter, all
members of the board will be from the accused student's campus.

In all cases in which disciplinary suspension or dismissal could
result, the student will be notified by certified mail of the nature
of the charges and evidence against him or her and the time and
date of the hearing. The notice shall also inform the student of his
or her right to appear at the hearing, to face the accuser, and to
present any applicable evidence on his/her own behalf. After a care-
ful and thorough hearing on the case, the disciplinary board shall
make a final determination by majority vote in accordance with
one of the following actions:

1. Dismissal of the student from the college.
2. Disciplinary suspension for a specified period of time.
3. Disciplinary probation recorded on the student's permanent
   record.
4. Administrative reprimand.
5. Report of the incident to the appropriate law enforcement
   agency.
6. Removal of the charges against the student.

Decisions of the disciplinary board may be appealed to the Vice
President. In all cases in which disciplinary suspension or dis-
missal from the college has been determined, a copy of the pro-
ceedings of the hearing shall be sent to the Vice President of Edu-
cational and Support Services and the President. Nothing in this
procedure shall be construed as to prevent the President or any
appropriate official of the college from taking such immediate
action as deemed necessary, except that final action shall be in
accordance with the procedure as described.

Student Grievances

1. Students shall first attempt to resolve grievances locally and
   informally through discussion with the following campus offici-
als, in the order listed:
   a. Instructor
   b. Division Director/Associate Dean
   c. Assistant Dean of Student Services/Counselor
   d. Provost

   Each official, upon receipt of a grievance, shall investigate the
   circumstances to include interviews with the individuals in-
   volved where necessary and shall attempt to resolve the
   problem. If unable to do so, the official will refer the matter to
   the next higher level of responsibility, as indicated above.

2. Should the grievance not be settled at the campus level within
   ten working days, it shall be referred to the Vice President who
   shall attempt to resolve the matter within ten working days of
   receipt. If this effort is unsuccessful, he/she will recommend to
   the President the appointment of a Special Board to conduct a
   formal administrative hearing as the basis for final action by the
   President.

3. The basis on which a grade was awarded may not be chal-
   lenged under this grievance procedure. The accuracy of record-
   ing the grade may be questioned, and appropriate correction
   may be sought.

4. The student grievant may request assistance from the Equity
   Officer/Minority Recruiter at any point during the grievance
   process. The Equity Officer/Minority Recruiter is not to repre-
   sent the grievant, but is only to aid the complainant in defining
   the issue(s) and arranging appointments with campus officials.
   When such assistance is requested, the Equity Officer/Minority
   Recruiter shall monitor progress of the case to its conclusion.

Student Ombudsman

The Vice President of Educational Support Services serves as the
student ombudsman or student advocate for certain specific issues.
These areas are limited to unresolved disputes concerning:
   a. transfer or course substitution credit awarded
   b. meeting of graduation requirements
   c. access to courses, i.e., college-wide availability of courses
      needed for graduation

This office is NOT involved with entry into limited access pro-
grams such as Nursing and Dental Hygiene except as related to
the three areas listed above. This office is the appropriate contact
after a student has attempted to resolve the problem with the ap-
propriate PHCC personnel and does not feel that proper pro-
cedures were followed. Students should contact this office by com-
pleting a Student Ombudsman Form (SCN-24). These forms are
available in the Student Services/Records Office on any campus.

Privacy of Student Records/
Directory Information

The college shall maintain such information in its file for each stu-
dent as is considered essential and appropriate to college opera-
tions and student welfare. These records are considered confiden-
tial, and strict security procedures will be followed by the college
regarding the release of student information.

Students, or their parents in certain cases, have the right to review and to obtain copies of their official records, to seek correction of information contained in those records, and to limit disclosure of information from the records.

In the absence of written notice by a student to withhold any or all information classified as "directory," the college reserves the right to distribute this material. Directory information is defined as the name, address, social security number, telephone number, date and place of birth, major field of study, dates of attendance, degrees and awards received, participation in officially recognized activities, and the most recent educational institutions attended by the student. Copies of the complete policy on this subject may be found in the Offices of the Student Services Staff and the Provost on each Campus, and in the office of the President.

Student Use of College Facilities

Students are not permitted to remain in any college building after college hours (see College Operating Hours) without faculty supervision. Loitering on college property or at teaching locations is not permitted.

Student Government Association (SGA)

Each campus has a Student Government Association (SGA). Membership is composed of all students at each location. The purpose of these associations is to promote active, responsible, and cooperative citizenship through participation and self-government and to participate in the planning and conduct of extracurricular activities in harmony with student interests.

Student Activities

Participation in extracurricular student activities is encouraged. Students having common interests may form clubs, groups, or organizations as approved by the Campus Student Government Association and the college administration. Such activities may be related to courses, athletics, service to the college and the community, publications, religion, and social life. Some examples of extracurricular activities are dances, musical and drama productions, games, contests, and films.

College Brain Bowl/Math Team

Brain Bowl is a game of general knowledge and quick recall. It is often called "the varsity sport of the mind" and is often compared to the TV game show Jeopardy®. Students compete as a team against other community colleges. Students who have an interest exclusively in mathematics can compete on the PHCC Math Team.

Delta Epsilon Chi (DECA)

Delta Epsilon Chi (DECA) is the junior collegiate club under National DECA which offers opportunities for students to participate in activities to help build successful careers in Marketing, Merchandising, Sales, and Management. Competition is held on a state level with the winners competing at a yearly National Career Development Conference.

Drama Club

The Drama Club produces plays and other artistic performances on campus. Students who participate in the Drama Club will gain experience working on productions from the preproduction planning stage to the final performance and strike.

Human Services Club

The Human Services Club provides a medium for cooperation and communication among area Human Services/Mental Health Professionals, faculty, and students. It also serves student members in their career development and career placement.

National Student Nurse Association (NSNA)

National Student Nurse Association (NSNA) is a national organization for students enrolled in state-approved programs leading to licensure as a registered nurse. Members learn to assume responsibility for contributing to nursing education in order to provide for the highest quality health care; to provide programs representative of fundamental and current professional interest and concerns, and to aid in the development of the whole person, and his/her professional role, and his/her responsibility for the health care of people in all walks of life.

PHCC CARES

PHCC CARES was created in 1995 to meet the increasing interests of students to serve the community in which they live. PHCC CARES is a community service program providing volunteer opportunities for students, faculty and staff. PHCC CARES works with a variety of social service agencies to offer projects ranging from two to six hours in length.

People Accepting Challenges Together (PACT)

People Accepting Challenges Together (PACT) was created
specifically to serve as a support network for persons with disabilities. Any student may join the club, and those interested in working with disabled persons after graduation are especially encouraged to participate. The students in PACT meet regularly, advocate collectively for the needs of disabled students, sponsor the Disabilities Awareness Day each spring, assist with the Special Olympics, and engage in other social and community-based activities.

**Phi Beta Lambda (PBL)**

Phi Beta Lambda (PBL) is a national, state, and local organization for students interested in business. Members learn the value of competition at the district, state, and national levels. In the PBL program, members participate in leadership training, service, social, and fund-raising activities.

The PHCC East Campus has been designated as the Delta Epsilon Chapter, the North Campus as the Mu Alpha Mu Chapter, and the West Campus as the Gamma Alpha Nu Chapter.

**Phi Theta Kappa**

Phi Theta Kappa is an honorary society first organized during the summer of 1978 at the North Campus of PHCC. The purposes of Phi Theta Kappa are: 1) the promotion of scholarship, 2) the development of leadership and service, and 3) the cultivation of fellowship among students of community colleges throughout the world.

To be eligible for membership, a student must have completed at least 12 semester hours of college credit at PHCC with a grade-point average of 3.25 or higher as specified by the respective Chapters. Only courses taken at PHCC and numbered 1000 or 2000 will be considered when calculating the GPA.

The PHCC North Campus Chapter has been designated as Alpha Delta Epsilon, the West Campus Chapter as Alpha Epsilon Upsilon, and the East Campus Chapter as Alpha Zeta Epsilon.

**Students Against Driving Drunk**

Students Against Driving Drunk (SADD) is an organization with a mission to help eliminate drunk drivers, promote responsible behavior by college students, and reduce the number of alcohol-related deaths and injuries.

**Vocational Industrial Clubs of America (VICA)**

Vocational Industrial Clubs of America (VICA) is a national and state organization for students interested in industrial-technical fields. It fosters respect for the dignity of work, promotes high standards in ethics, craftsmanship, scholarship, and safety; and offers activities that complement occupational skill development. VICA programs include local, state, and national contests in which students demonstrate the occupational and leadership skills they have learned in the shop and in the classroom.

**UHURU Club**

UHURU, the Swahili word meaning “freedom,” is an organization that was established to develop an awareness of and solutions to the problems of the educational, economic, and cultural dilemmas experienced by minority people. The members of this club assist with planning the Martin Luther King, Jr. Celebration, held each January, and Black History Month, observed each February.

**Other Student Clubs/Organizations**

- Chest Club
- Computer Club
- Dental Hygienist Organization
- Fellowship of Christian Athletes
- Fellowship of Christian Students
- Gospel Choir
- Horticulture Club
- Legal Eagles
- Veterans Club
- Writers’ Club

**Student Ambassadors Program**

Student Ambassadors serve as marketing representatives for PHCC. They represent the college throughout the community and serve as role models for other college students. They assist Student Services during registration periods, visit local high schools to help recruit new students to PHCC, give campus tours, and assist with fund-raising events, graduation ceremonies, and other special activities conducted by the college.

**Student Publications**

The Student Government Association of each campus may sponsor a student newsletter as a student activity. The newsletter is a means of distributing information of interest to students and the public. A staff or faculty member on each campus will serve as advisor to the newsletter staff.

**Bookstore Services**

Bookstore services include the sale of supplies and textbooks for college courses, as well as various other items of interest to students. Books needed for courses at each campus will be available for purchase at that location. Refunds for unmarked textbooks are made only during the regular fee refund period. Sales slips are required for all refunds. Each College Bookstore is open from 8:00 a.m. to 7:30 p.m., Monday through Thursday, and Friday until 5:00 p.m. Students wishing to pay tuition, fines and/or other obligations may do so at each Bookstore until 7:30 p.m.

**Athletics and Recreation**

PHCC has a successful intercollegiate athletic program. PHCC is a member of the National Junior College Athletic Association (NJCAA) and the Florida Community College Activities Association (FCCAA). The PHCC Conquistadors compete in the FCCAA Suncoast Conference in five sports: women’s volleyball, softball, and tennis, and men’s basketball and baseball. Equal opportunities are provided to women and men. PHCC has added women’s intercollegiate tennis and women’s intercollegiate track and field competition in the spring of 1998. A limited number of athletic scholarships are available for those selected for intercollegiate sports. Prospective students, as well as current students, who are interested in intercollegiate opportunities should contact the Athletic Director at the West Campus.

Other intramural and recreational activities are available at each campus for all students. Students who are interested in these types of activities should contact the Student Activities Office at any campus.
ACADEMIC POLICIES

Program Selection

Each degree- or certificate-seeking student who enrolls in the college must select a program from the Associate in Arts, Associate in Science, or one of the Certificate programs offered. Students in the Associate in Arts (AA) program or any student who intends to be admitted to upper-division status in a state university in Florida must pass the College Level Academic Skills Test (CLAST) or receive an approved CLAST alternative prior to transferring. Advisors are available to help with program selections. Program changes may be made by submitting a Program Declaration change to your advisor for approval.

Common Placement Testing

Associate Degree-Seeking Students

Students who intend to enter degree programs shall be tested prior to the completion of registration with the Florida College Entry Level Placement Test (FCELP), which consists of tests covering Reading, English, and Mathematics including Elementary Algebra. Minimum cut-off scores have been established by State Board of Education Rule 6A-10.0313, and any student falling below these minimum scores will be placed in a proper level of College Preparatory English, Mathematics, and Reading courses. Current PHCC policy allows one retake per section of the placement test.

The College will accept MAPS, FCELP, CPT, SAT, ACT, and ASSET scores, provided that it is no more than two years old, and will place students accordingly. Test modifications may be made available to students who qualify under the guidelines of the Americans with Disabilities Act (ADA) of 1974. Students should contact a PHCC advisor in the Student Services Office for more information on placement testing.

Technical Credit Certificate Students

To comply with FAC 6A-10.040, the Test of Adult Basic Education (TABE) will be used by the College to assess basic skill levels for students entering technical credit certificate programs. Students who are enrolled in a postsecondary adult vocational program of four hundred fifty (450) clock hours or more shall complete a basic skill examination within the first six (6) weeks after admission into the program. The College will accept previous TABE scores provided that the scores are no more than two years old and students have taken the prescribed level (A, B, C, D, E, or M) for the program they are pursuing. Test score results submitted from an agency other than PHCC should be mailed directly from that agency to the Records office at the student's home campus. Students who fall below the minimum basic skill levels will be offered remediation in the Learning Laboratory. After remediation, the students will be given another opportunity to achieve the required TABE score. Students who do not reach the required TABE level by the end of the term following completion of the program (excluding summer) will not be issued a certificate. For additional information, students should contact an advisor.

Withdrawal/Forgiveness Rule

The State Board of Education approved the Withdrawal/Forgiveness Rule effective August 13, 1996.

Withdrawal

1. A student may withdraw without academic penalty from any course by the midpoint in the semester. Withdrawals must be completed by the date published in the current college calendar.

2. A student will be permitted a maximum of two (2) withdrawals per course. Upon the third attempt, the student will NOT be permitted to withdraw and will receive a grade for that course.

Forgiveness

1. A student may only repeat courses in which a grade of D or F was earned.

2. A student may only have two (2) repeat attempts per course.

3. A student may have only three (3) attempts per course including the original grade, repeat grades, and withdrawals at any point in the semester. A fourth attempt may be allowed only through a written academic appeal to the Vice President of Instructional Services based upon documentation of major extenuating circumstances. All grades from the third and subsequent attempts will be calculated in the grade-point average.

4. A student's grade-point average (GPA) calculation may include grades on all work attempted and total hours attempted when transferring to other institutions.

Standards of Academic Progress

1. All students will be evaluated for academic progress at the end of each term. In determining academic progress, college credit, vocational credit, and preparatory credit will be combined. "Attempted" means all credit hours for which a student is enrolled after the drop/add date for course enrollment. Transfer courses and courses taken for audit will be used to determine academic progress.

2. All students will be required to complete at least one-half of their total hours attempted. The following scale will be used to determine academic progress:

<table>
<thead>
<tr>
<th>Attempted Hours</th>
<th>Completion Requirement</th>
<th>Minimum GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-14</td>
<td>50% of total hours attempted</td>
<td>1.50</td>
</tr>
<tr>
<td>19-32</td>
<td>50% of total hours attempted</td>
<td>1.75</td>
</tr>
<tr>
<td>33+</td>
<td>50% of total hours attempted</td>
<td>2.00</td>
</tr>
</tbody>
</table>

*Students receiving Federal Financial Aid must complete 67% of their total hours attempted.

Good Standing: A student is in good academic standing when the requirements listed above are met.

Academic Warning: A student will be placed on academic warning at the end of the first term in which the standards outlined above have not been met.

Academic Probation: A student will be placed on academic probation at the end of a term if, after being placed on academic warning, the standards outlined above have not been met.

Academic Suspension: A student will be placed on academic suspension at the end of a term if, after being placed on academic probation, the standards outlined above have not been met.

Suspension Waiver: A student may appeal an academic suspension by filing a formal appeal to the Academic Appeals Committee. If the appeal is approved, the student will be allowed to re-enroll in a status of Suspension Waiver. The Appeals Committee will establish re-enrollment conditions and will monitor the progress of any student in a status of Suspension Waiver. If the appeal is denied, the student may appeal the committee's decision in writing to the Dean of Instruction.

Academic Dismissal: If, after being placed in a status of Suspension Waiver, a student does not meet the re-enrollment conditions established by the Academic Appeals Committee, the student may be dismissed from the college for one major term.
(fall or spring). A student is eligible to reapply for admission after the dismissal period by filing a formal appeal to the Dean of Instruction. If approved, the student will be allowed to re-enroll in the status of Suspension Waiver (see above).

Students who are currently enrolled and are on suspension will not be permitted to register using federal funds until their Standards of Academic Progress have been evaluated. Once evaluated, students placed on suspension will no longer be eligible to participate in federal, state, or institutionally-funded aid programs unless approved on appeal by the campus Financial Aid Appeals Committee or until such time that they are in good academic standing. Eligibility for state and institutionally-funded aid programs will be determined by those programs’ specific criteria.

Veterans Progress

The U.S. Department of Veterans’ Affairs (VA) regulations require the College to measure progress of students receiving VA benefits. Accordingly, the veteran student’s (any student receiving VA benefits) Standard of Academic Progress (SAP) will be evaluated with all other students. In addition, veterans enrolled in programs of less than 45 semester hours will be required to have a minimum GPA of 2.0 after completion of one half of the required semester hours in their program. Veterans are also expected to progress at a rate that will permit graduation within the approved length of the program based upon the training time paid by the VA. Failure to comply with these provisions may result in the suspension of educational benefits.

Veteran students failing to maintain the minimum SAP requirements will be placed on Academic Warning. These students must see their Campus Veterans’ Advisor and be counseled early in the semester following this determination. At that time, the veteran will be informed that if he/she does not achieve the minimum SAP requirements the student will be reported to the VA for suspension of VA benefits. If the veteran student is on Academic Probation or Suspension Waiver, his/her VA benefits will be suspended. While benefits are suspended, no certification will be processed with the VA until the end of the term, and then only if the student meets SAP requirements for that Term. Until returning to Good Standing (see Standards of Academic Progress), the veteran student will continue to be certified at the end of each subsequent term during which he/she met the SAP requirements. If minimum standards are not met in any term or if a veteran student is placed on Academic Suspension or Dismissal, no certification will be sent to the VA. Students whose benefits have been suspended will not be considered for deferred payment.

In all approved certificate programs, attendance will be kept for each class meeting. The attendance will be reported to the VA as required. Students enrolled in certificate programs who accumulate more than three unexcused absences within a calendar month or more than five unexcused absences per term will be reported to the VA for suspension of benefits.

The student should report any unusual or extenuating circumstances concerning the suspension of VA benefits in writing to the VA. The VA always retains the right to make the final determination on any VA benefits the student may receive. See the Campus Veteran Advisor for assistance with any VA educational problems.

Classification of Students

Students will be classified in accordance with the following criteria.

Degree- or Certificate-Seeking

A student enrolled in credit courses who has provided the District Records Office with all the required admission credentials and has been accepted into his or her declared program.

A degree-seeking student is further classified as:

Freshman — A student regularly enrolled in college credit courses who has completed 0-23 credit hours of college work at the time of registration.

Sophomore — A student regularly enrolled in college credit courses who has completed 24 or more credit hours of college work at the time of registration.

Unclassified

The unclassified designation applies to a student who has enrolled but is undecided as to program, as a dual enrollment or transient student, or one who has enrolled for purposes of teacher re-certification or personal enrichment. This student is classified as neither freshman nor sophomore.

Full-Time

A student enrolled for 12 or more credit hours in Terms I, II, or III/IV.

It should be noted that these classifications are for internal use by the college. A student who is receiving benefits from another agency (such as the Veterans Administration) is subject to that agency’s definition of these terms. It should also be noted that for those students receiving federal or state financial aid, a minimum of 12 credit hours per term is considered full-time.

Part-Time

A student enrolled for fewer than 12 credit hours in Terms I, II, or III/IV.

It should be noted that these classifications are for internal use by the college. A student who is receiving benefits from another agency (such as the Veterans Administration) is subject to that agency’s definition of these terms.

Attendance At More Than One Campus/Home Campus

Students may attend classes at more than one campus. However, for record purposes a student must select one campus as a “home campus.” It is recommended that registration, withdrawal, or change of status be done at that campus. Students may change their home campus at the end of any term.
Regional Linkage System

The Linkage System is a cooperative agreement among the five community colleges in the Tampa Bay area - Hillsborough Community College (HCC), St. Petersburg Junior College (SPJC), Pasco-Hernando Community College (PHCC), Manatee Community College (MCC), and Polk Community College (PCC). The system offers students the opportunity to enter certain programs on a quota-based system. Students applying for admission to a Linkage Program will be required to conform to all program requirements and to institutional policies and procedures of the Linkage college.

Additional information on Linkage Programs may be obtained by contacting a PHCC advisor. See also "Admission to Linkage Programs," for a list of these programs.

External Credit

PHCC offers the following external credit mechanisms that allow students to earn credit in nontraditional ways: Advanced Placement (AP); Armed Services Educational Credit; Certified Professional Secretary Credit; College Level Examination Program (CLEP); Credit By Examination; Fire Science Credit; International Baccalaureate Credit; Law Enforcement Credit and Nursing Credit.

Advanced Placement (AP)

College credit may be granted to a student who presents a minimum qualifying score on one or more of the Advanced Placement (AP) program examinations of the College Entrance Examination Board as outlined in District Board of Trustees Rule 6F4-9.3.24. These examinations may be taken prior to enrolling in college, except for Credit Bank or Dual Enrollment High School students.

Armed Services Educational Experiences

Credit may be awarded for advanced academic and technical military educational experiences that have been evaluated and recommended as suitable for postsecondary credit by the American Council on Education (ACE) in their Guide to the Evaluation of Educational Experiences in the Armed Services. Students may initiate the request for such credit once they have met all admission requirements to an applicable program of study. In order for an evaluation to take place, students must provide appropriate documentation as determined by the college. Credit will be awarded only for courses which can be used to meet specific program requirements and which are offered at PHCC. Recommendations in the ACE guide are advisory in nature and are not binding upon the college.

Certified Professional Secretary

PHCC recognizes the achievement of the secretary awarded the Certified Professional Secretary (CPS) designation by granting college credit for this certification. Credit will be awarded for the following courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>MNA 1300</td>
<td>Personnel Relationships in Business</td>
</tr>
<tr>
<td>ACG 2021</td>
<td>Principles of Financial Accounting</td>
</tr>
<tr>
<td>OST 2401</td>
<td>Office Technology</td>
</tr>
<tr>
<td>OST 2335</td>
<td>Business Communications</td>
</tr>
<tr>
<td>OST 1100</td>
<td>College Keyboarding I</td>
</tr>
<tr>
<td>OST 1110</td>
<td>College Keyboarding II</td>
</tr>
<tr>
<td>QMB 1001</td>
<td>Business Mathematics</td>
</tr>
<tr>
<td>CGS 1100</td>
<td>Microcomputer Applications for Business and Economics I</td>
</tr>
<tr>
<td>OST 1321</td>
<td>Electronic Office Machines</td>
</tr>
</tbody>
</table>

Students must still fulfill the 25% of the program residency requirement and present official verification of the CPS certification to an advisor. The advisor will complete the course substitution form and attach a copy of the CPS certificate. The form will be forwarded to the Dean of Career/Technical Programs. The credit will appear on the student's permanent record as earned credit only, without any indication of grades.

College Level Examination Program (CLEP)

Students may earn a maximum of 30 semester hours of college credit by submitting scores at the 50th percentile or above under the General Examination of the College Level Examination Program (CLEP). A maximum of six semester hours of credit may be granted in each of the following areas: English, Humanities, Mathematics, Natural Sciences, History and Social Sciences. These credits are awarded on the basis of knowledge gained prior to college or university study in the subject area. CLEP credit, based upon the General Examination, is applied only to certain designated courses and will be denied in whole or part in instances in which courses in the general area have already been completed or are being taken at the time of the CLEP General Examination. Students seeking this credit are strongly advised to discuss their academic plans with an advisor before registering.

If a student has earned six semester credits in an area covered by the CLEP General Examinations, he/she shall not be awarded any CLEP credit in that area on the basis of the CLEP General Examination. If a student has earned fewer than six semester credits in courses, he/she shall be awarded only the difference between the number earned and the six semester credits through the CLEP General Examinations.

Additional semester hours of credit may be awarded for CLEP Subject Examinations if submitted scores are at or above the percentile specified in Rules of the State Board of Education. Evaluation of CLEP credit is made after the application fee is paid and the student is admitted to the college. CLEP credit will appear on the student's permanent record without indication of a grade. Credit earned through CLEP do not satisfy the residency requirement. Students seeking this credit are strongly advised to discuss their academic plans with an advisor before registering.

Under the provisions of Board Rule 6F4-9.3.28, a student who receives credit for ENC 1101 (English Composition I) and ENC 1102 (English Composition II) and/or HUM 2211 (Humanities I) and HUM 2230 (Humanities II) under CLEP will be required to produce documentation of written material totaling 6,000 words per course for which credit was awarded, as a condition for graduation with the AA Degree. The student must obtain a grade of "C" or higher on written work associated with each of these courses. The quality of this written work must meet the requirements as stated above for the corresponding course.

A student fulfilling the writing requirement for one of these designated English and Humanities courses must pay a fee of $30 for each such requirement. The instructor shall establish a prescriptive syllabus for the student that describes the topic, content, standards, and schedule for submission of written work and shall certify a grade.

A writing requirement may be completed on an irregular schedule. In no case, however, shall a single requirement extend for more than one regular 16-week term. Failure to complete agreed work within the 16-week period shall require the payment of another fee and a new prescriptive requirement, unless the delay was caused by illness or other emergency situation.

Credit-by-Examination

Students may earn credit in designated courses by making a satisfactory score on tests prepared by PHCC instructors. A nonrefundable charge will be made for each examination.

An examination must be completed within the session for which the student first applied for credit-by-examination. Credit-by-ex-
amination cannot be granted in any course for which a grade has already been awarded. Credit earned through tests prepared by PHCC will appear on the student's permanent record. A student may attempt credit-by-examination in a course no more than one time. Certain courses are NOT eligible for credit-by-examination. Credit earned through credit-by-examination do NOT satisfy the residency requirement.

Fire Science Credit

Three hours of credit for FFP 1000, Introduction to Fire Science, may be awarded for the successful completion of a Florida Fire Fighting, Minimum Standards Course taken from an accredited institution. To be awarded credit, a student must be declared and enrolled in PHCC's AS degree program in Fire Science Technology and must furnish an official transcript indicating successful completion of the course in the Records Office. Credit is granted upon recommendation from the Director, Fire Science Program and the Dean of Career/Technical Programs.

International Baccalaureate (IB) Credit

Up to 30 semester hours of transfer credit shall be awarded on the basis of IB examinations, with no grades or grade points assigned. The cutoff scores used to grant postsecondary credit shall be established by the State Board of Education.

Law Enforcement Credit

Upon recommendation of the Director of Law Enforcement Programs and the Dean of Career/Technical Programs, a maximum of six hours of credit may be awarded based on successful completion of a PHCC Law Enforcement/Basic Recruit or Correctional Officer program. To be awarded credit, students must be both declared and enrolled in the PHCC A.S. degree program in Criminal Justice Technology. Students who have completed the Basic Recruit or Correctional Officer program at another institution may also be eligible for credit if they have passed the appropriate Florida Officer Certification examination. Under this provision, eligible students who have completed the Law Enforcement/Basic Recruit program will be awarded three hours credit for both CCI 2220, Criminal Law, and CJS 1100, Criminal Investigation. Eligible students who have completed the Correctional Officer program will be awarded three hours credit for both CCI 2220, Criminal Law, and CCI 2230, Criminal Justice. An additional three credit hours may be awarded for CCI 2940, Field Studies for eligible students employed as law enforcement or correctional officers. All credit awards will take place only upon submission of a Petition for the Award of Law Enforcement Credit and the appropriate documentation to the Director of Law Enforcement Programs.

Nursing Credit

Based on prior health services education, nursing credit will be awarded for students admitted and enrolled in PHCC's Associate in Science degree program in Nursing, Licensed Practical Nurse (RN) and Paramedic (RN) Tracks. Please review the program descriptions for further details.

Television Courses

In addition to traditional teaching methods, PHCC offers courses via WEDU-TV, Channel 3. Videotapes of these programs are available in each PHCC library. Credit earned for TV courses may be applied toward an associate degree. Courses that are offered by television are marked with a “TV” designation in the PHCC Course Schedule, published each term.

Students enrolled in television courses are required to meet with the PHCC instructor who coordinates the course at least five times during the term (first meeting, mid-term review, mid-term exam, final review, and final exam) at the West Campus, New Port Richey.

Students should inform bookstore personnel when they have registered for a “TV” course, since different texts and other materials are often used. Veterans Services students should check with their advisors before enrolling in television courses. For information about TV courses, contact the Assistant Dean of Student Services for the student's “home” campus or the Associate Dean of Health, Science, and Mathematics, located on the West Campus, who coordinates the TV courses.

Directed Individual Study

A student who needs a course that is required for current graduation at PHCC, and who has not had an opportunity to enroll in that course previously, may take the course under Directed Individual Study by making arrangements with the Campus Provost. Generally, Directed Individual Study is defined as a class of four to ten fewer students that is not required to meet the total number of instructional hours established for the course and where there are provisions for:

A. Meeting with the instructor at least once a week for a course lasting a full session or a proportionate time for courses of shorter duration.
B. Instructor’s option of more frequent meetings for those students needing additional work.
C. An option for the student to complete the course earlier than the prescribed length upon mutual agreement between student and instructor.
D. Standards and content in the opinion of the instructor and the Provost (East and North campuses) or the appropriate Associate Dean/Dean (West Campus) to be comparable to a regularly scheduled class in the subject.

Courses containing laboratory experiences, in which student participation is a particularly important element, are not eligible for Directed Individual Study.

Teacher Certification and Recency of Credit

Courses at the college may apply toward certification or recency of credit for Florida teachers. It is the responsibility of the teacher to ensure that the course meets all requirements. Degree-holding teachers with Florida Teaching Certificates are not required to furnish transcripts for admission.

Class Attendance

All students, both credit and audit, are expected to attend all their classes unless illness or other emergencies arise. The effect of absence upon an individual's grade is determined by the instructor. When absences are such that a student cannot make normal progress, the student may be administratively withdrawn with a grade of "W," subject to course withdrawal dates.

Class attendance is required for those students registered for the course and to guests invited by the instructor. Persons not properly registered for a course will not be permitted to attend class. Students shall not bring any children to class. Children shall not be left unattended on campus.

Observance of Religious Holidays

In compliance with Federal, State, and District Board of Trustees Rules which provide that there shall be no discrimination in the treatment of students on the basis of religion, the College shall make reasonable accommodation for religious observance, practice, and belief. Such accommodation shall apply to admissions, class attendance, scheduling of examinations, and work assignments. No adverse or prejudicial effects shall result to any student who avails himself or herself of the provisions of this Rule.
Grading System

FHCC uses the grading system shown below. These grade definitions are used by Florida community colleges.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Number of Grade Points</th>
<th>Definition</th>
<th>Other Grade Designation</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>

<td>Audit</td>
</tr>
</tbody>
</table>

*Used only in non-credit courses after May 1994.

Grade-Point Average (GPA)

The grade-point average (GPA) is determined by dividing the total grade points earned by the total credits attempted. Only the last grade in a repeated course is used in computing the GPA. Courses which use "S" or "U" grades are not counted in computing the GPA.

<table>
<thead>

<td>I</td>
<td>14</td>
<td>11</td>
<td>28</td>
</tr>
</tbody>
</table>

Grade-Point Average = Total Grade Points / Total Hours Attempted = 28 / 14 = 2.0

A student must have at least a 2.0 grade-point average to complete the degree or certificate requirements for any program.

Maximum Student Load

The maximum student load for Term I or Term II is 18 semester hours and 14 semester hours for Term III/IV. Any student who desires to take more hours must obtain the permission of an advisor. The permission form will be forwarded to the Records Office for placement in the student's folder.

Audit

A student will not be permitted to register for a course on an audit status during the normal registration and drop/add period. However, upon the completion of the drop/add period, a student may change his or her registration in a course from credit to audit up to and including the last day to withdraw for a semester as published in the college calendar. Audit fees are the same as those for credit. Technical credit courses are not available for audit except with permission of the appropriate dean.

Audit students participate in class activities, but are not required to prepare papers or take examinations. Regular class attendance is expected, and a non-credit grade of "X" is issued.

Practicums

Practicums are required in several Career/Technical Programs and are elective in several others. Practicums may consist of on-the-job training, special projects, research, or a combination of these activities. The instructor will develop specific requirements and the method(s) of evaluation to best fit the academic and work needs of the student. Each practicum will consist of a minimum of 96 hours in a planned learning situation, together with at least three scheduled conferences with the instructor. Under the course description specifies otherwise, a letter grade of "A," "B," "C," "D," "F," "I," or "W" will be assigned.

Incomplete Grades

Instructors may assign "I," incomplete grade, in the rare circumstances in which a student has not completed requirements for a course as a result of accident or illness. Incomplete grades should be made up and have a grade assigned before the end of the next session. Incomplete grades that are not made up and do not have a grade assigned before the end of the next session will be changed to "W" unless otherwise provided for or approved by the President or his/her designate. Session 1 is considered the next session following Sessions II and III (to include IV) of the previous academic year. Incomplete grades are not available for non-credit courses.

"P," "F," "S," and "U" Grades

If a letter grade is assigned by an instructor in a course for which credit is awarded on the basis of "P" or "F," any letter grade from "A" through "C" will be officially changed to a "P" by the Records Office. Other grades will be recorded as "F," After May 1994, "S" and "U" grades are assigned only in non-credit courses.
Grade Dissemination

Final grades are mailed immediately after the end of the session to those students who do not have a financial obligation to the college or outstanding college obligations (i.e., outstanding loans or unreturned library books).

President's Honors List

A student is placed on the President's Honors List when a 3.5 of a possible 4.0 grade-point average (GPA) has been earned while attending at least 12 semester hours of college credit. Part-time students may be placed on the President's Honors List each time 12 semester hours of college credit have been accumulated with a GPA of 3.5 on the 4.0 scale.

Any student graduating with an overall cumulative (i.e., includes transfer hours) grade-point average of 3.5 or above in all college credit courses shall be graduated with honors. The student with the highest academic average in any graduating class during the academic year shall be designated as the "Honors Graduate with Highest Honors.”

Honors Courses

In furthering its commitment to educational excellence, FHCC introduced honors courses in 1993-94. The emphasis on honors is geared toward high-achieving students who can benefit from a more challenging academic experience. Enrollment in honors sections is limited to afford faculty and students alike a more concentrated intellectual learning environment. These courses include Introduction to Asian Arts and Letters—Honors (IDS 2290H) and English Composition II—Honors (ENC 1122H).

The eligibility requirements for registering for an honors course are as follows:

1. Students who have a minimum of a 3.5 GPA, after the completion of at least 12 hours of 1000 or higher level courses, will be eligible to register for an honors course. Within these 12 hours, the student will be required to have completed English Composition I (ENC 1101) with an "A."?

2. Students who wish to petition for a waiver of any of the above requirements due to academic background or experience must contact the Associate Dean of Arts, Letters, and Social Sciences (West Campus) and present the following:
   a. Documentation of qualifying academic background, such as previous honors-level work.
   b. Documentation or evidence of travel or other "special" experience that could be used in lieu of the regular requirements.

3. Prior to registering for an honors course, all prospective students must meet with the honors instructor or the Associate Dean of Arts, Letters, and Social Sciences to discuss the course.

Specific course information, eligibility requirements, and registration details will be available through Student Services staff and the Associate Dean of Arts, Letters, and Social Sciences.

Computer Assisted Advising Check

Degree- and certificate-seeking students are encouraged to apply to their advisors or to the Records Office for a Computer Assisted Advising Check to help monitor their progress toward meeting program requirements. To request this report, students should submit a completed "Request for a Computer Assisted Advising Check" form indicating their program of study and the catalog year they wish to use to meet requirements. The report they receive will summarize their program requirements, detail the courses they have taken which satisfy requirements, and will indicate the courses they will need to complete to meet any remaining requirements. There is no charge for a Computer Assisted Advising Check.

Graduation Application

Application for graduation with a degree must be made no later than the date shown in the College Calendar for the term in which the student plans to complete the requirements for a degree program. Students who do not meet graduation requirements during the academic year for which they applied are required to resubmit, without fee, the application for graduation for any succeeding academic year in which they plan to graduate. The A.A. Degree requires students to pass the CLAST or an approved CLAST alternative prior to graduation. The testing requirement shall be included as an item on all graduation checks, and positive controls shall be established to assure that each applicant for an A.A. Degree has completed before the degree is awarded (see CLAST). There is no fee to apply for a degree. However, separate nonrefundable fees will be charged for students who wish to purchase a diploma and/or cap and gown. Although FHCC will endeavor to certify program completion even if a graduation application has not been filed, any delay in the application process will affect the determined program completion date.

Certificate Application

A student who desires to complete a degree- or certificate-associated program or a technical credit certificate program must submit an Application to Complete a Degree/Certificate Program no later than the date shown in the College Calendar in order to participate in the graduation ceremony. Students who do not meet completion requirements for the award of a certificate during the academic year for which they applied are required to resubmit, without fee, the application for completion of a certificate form for any succeeding academic year in which they plan to complete the certificate. There is no fee to apply for a certificate. However, separate nonrefundable fees will be charged for students who wish to purchase a certificate and/or cap and gown. Although FHCC will endeavor to certify program completion even if a graduation application has not been filed, any delay in the application process will affect the determined program completion date.

Graduation Ceremony

A graduation ceremony is held each year at the end of Term II. All students who have completed requirements for degrees or certificates during the academic year and those who expect to complete requirements during the summer session are encouraged to participate in the graduation ceremony. There is a $10 diploma/certificate fee and a $20 cap and gown fee.

Additional Degrees/Certificates

Normally, a student will be awarded only one degree or certificate. To be eligible for a second degree, a student must fulfill all the requirements of the additional degree, make application for the second degree, and pay an additional diploma fee. To be eligible for a second certificate, a student must fulfill all of the requirements of the additional certificate, make application for the award of the second certificate, and pay an additional certificate fee.

Library Services

A library containing 19,000 square feet is located on each campus. The combined holdings of all three libraries are approximately 53,000 volumes. In addition to books, each library has a collection of periodicals, newspapers, microfiche, computer data disks, and audiovisual materials. The Library Information Network for Community Colleges (LINC) on-line public access catalog allows students and faculty to locate material at any community college.
or public university in the state.

The libraries provide full inter-campus and inter-library loan services. Copies of library materials may also be "faxed" between libraries and centers.

The library staff on each campus is trained to assist students and faculty make full use of all the library's facilities and materials. Bibliographic instruction is provided to any class that requests it.

Additionally, the libraries house exhibit areas and learning laboratories. In the exhibit areas, monthly shows on a variety of themes are scheduled for the benefit of students, faculty, and the community.

Learning Laboratory

The Learning Laboratory on each campus assists the student by providing various testing services and individualized materials for instruction. It functions both as supplemental assistance in regular programs and to remedy educational deficiencies.

Individualized materials in the laboratory include English, reading, mathematics, spelling, career development, and college survival skills. There are materials that relate to the CLAST examination. Self-instructional materials, programmed texts, and peer-teacher assistance for students are available.

The Learning Laboratory also has microcomputers available for student use. Many of the materials in the laboratory are computer-based.

COLLEGE-LEVEL ACADEMIC SKILLS TEST (CLAST) REQUIREMENT

The State of Florida has developed a test of college-level communication and computation skills called the College-Level Academic Skills Test (CLAST). The CLAST is designed to test the communication and computation skills that are judged by state universities and community college faculty to be generally associated with successful performance and progression through the baccalaureate level.

Successful completion of the test or an approved CLAST alternative as described in the "Alternative to CLAST" section is required by Florida Statutes and Rules of the State Board of Education for community college students who are completing Associate in Arts (AA) degree programs and for community college students who are completing Associate in Science degree programs and are seeking admission to upper-division programs in state universities in Florida. The test also is required of university students. Students who do not pass all sections of the test will neither be awarded the Associate in Arts degree nor be admitted to upper-division status in state universities in Florida.

The minimum passing scores in effect at various times are shown in the "CLAST Passing Scores" section (see index). Students' passing scores are those in effect on the date they took the test for the first time.

A passing score on the CLAST or satisfaction of an approved CLAST alternative is required for the award of the Associate in Arts degree and for admission to upper-division status in state universities in Florida. Students cannot take the CLAST until they have completed 24 hours of college-level courses (1000 and higher). Students are encouraged to wait to take the CLAST until after they have completed any necessary college preparatory courses.

Students should register in the Student Services Office before the State-mandated registration deadline, listed in the College Calendar. All students who register for CLAST must be advised by a counselor/advisor.

Modification of the test, e.g., large print, audio tapes, readers, and CLAST waivers, are available for students with documented disabilities. Call the Disabilities Services Specialist at extension 3236 for information.

CLAST-preparation workshops for PHCC students are provided at least three times per year on each campus at no charge. There are CLAST review materials in each library and learning laboratory and available for purchase in the campus bookstore.

Other Students Who May Register

In addition to students who meet the above standards for taking CLAST, participating colleges and universities are to register other students who meet both of the following criteria:

a. They are eligible to participate in a State of Florida financial aid program governed by State Board of Education Rule 6A-20.005, FAC.

b. They are required under provisions of SBE Rule 6A-20.005, FAC, to have CLAST scores to continue their eligibility beyond the academic term in which they register for CLAST.

Computer Adaptive Test for CLAST (CAT-CLAST)

The Computer Adaptive Test for CLAST (CAT-CLAST) is an alternative version of the CLAST that is administered and scored by computer. It is offered as a service for which there is a $30 or 40 fee to those examinees who need to RETAKE a subject (NOT ESSAY) and do not wish to wait for the next statewide CLAST administration. However, a student cannot have taken a subject (or subjects) within the last 30 days. First-time examinees cannot take the CAT-CLAST. Some institutions offering the CAT-CLAST are: Broward Community College (Ft. Lauderdale), Central Florida Community College (Ocala), Tallahassee Community College, Miami-Dade Community College (Miami), Santa Fe Community College (Gainesville), Valencia Community College (Orlando), and the University of South Florida (Tampa).

The requirements are: a student cannot have taken a subject (or subjects) within the last 30 days, a completed Certification Form from the student's home institution, a Registration Form, photo identification, and the fee. Information about the CAT-CLAST can be obtained from the Institutional Research Office at the district Office in Dade City. PHCC students should call their nearest campus and ask for extension 1908. The office is open from 8:00 a.m. to 4:30 p.m.

Communication and Computation Skills Tested on the CLAST

State Board Rule 6A-10.011 cites the communication and computation skills identified below that are associated with successful performance of students in college programs through the baccalaureate level. EXCEPT FOR THE SPEAKING AND LISTENING SKILLS, ALL OF THESE SKILLS ARE TESTED ON THE CLAST.
The following skills, by designated category, are defined as college-level communication skills:

(a) Reading with literal comprehension includes all of the following skills:
   1. Recognizing main ideas in a given passage.
   2. Identifying supporting details.
   3. Determining meanings of words on the basis of context.

(b) Reading with critical comprehension includes all of the following skills:
   1. Recognizing the author’s purpose.
   2. Identifying the author’s overall organizational pattern.
   3. Distinguishing between statements of fact and statements of opinion.
   4. Detecting bias.
   5. Recognizing author’s tone.
   6. Recognizing explicit and implicit relationships within sentences.
   7. Recognizing explicit and implicit relationships between sentences.
   8. Recognizing valid arguments.
   9. Drawing logical inferences and conclusions.

(c) Listening with literal comprehension includes all of the following skills:
   1. Recognizing main ideas.
   2. Identifying supporting details.
   3. Recognizing explicit relationships among ideas.
   4. Recalling basic ideas, details, or arguments.

(d) Listening with critical comprehension includes all of the following skills:
   1. Perceiving the speaker’s purpose.
   2. Perceiving the speaker’s organization of ideas and information.
   3. Discriminating between statements of fact and statements of opinion.
   4. Distinguishing between emotional and logical arguments.
   5. Detecting bias.
   6. Recognizing the speaker’s attitude.
   7. Synthesizing by drawing logical inferences and conclusions.

(e) Composing units of discourse providing ideas and information suitable for purpose and audience includes all of the following skills:
   1. Selecting a subject which lends itself to development.
   2. Determining the purpose and the audience for writing.
   3. Limiting the subject to a topic which can be developed within the requirements of time, purpose, and audience.

(f) Translating ideas and information into effective written language which conforms to the conventions of standard American English includes all of the following skills:
   1. Demonstrating effective word choice by all of the following:
      a. Using words which convey the denotative and connotative meanings required by context.
      b. Avoiding inappropriate use of slang, jargon, cliches, and pretentious expressions.
      c. Avoiding wordiness.
   2. Employing conventional sentence structure by all of the following:
      a. Placing modifiers correctly.
      b. Coordinating and subordinating sentence elements according to their relative importance.
      c. Using parallel expressions for parallel ideas.
      d. Avoiding fragments, comma splices, and fused sentences.
   3. Employing effective sentence structure by all of the following:
      a. Using a variety of sentence patterns.
      b. Avoiding overuse of passive construction.
   4. Observing the conventions of standard American English grammar and usage by all of the following:
      a. Using standard verb forms.
      b. Maintaining agreement between subject and verb, pronoun and antecedent.
      c. Using proper case forms.
      d. Maintaining a consistent point of view.
      e. Using adjectives and adverbs correctly.
      f. Avoiding inappropriate shifts in verb tenses.
      g. Making logical comparisons.
   5. Using standard practice for spelling, punctuation, and capitalization.
   6. Revising, editing, and proofreading units of written discourse to assure clarity, consistency, and conformity to the conventions of standard American English.

(g) Speaking involves composing the message, providing ideas and information suitable to topic, purpose and audience which includes all of the following skills:
   1. Determining the purpose of the oral discourse.
   2. Choosing a topic and restricting it according to purpose and audience.
   3. Fulfilling the purpose by the following:
      a. Formulating a thesis or main idea statement.
      b. Providing adequate support material.
      c. Organizing suitably.
      d. Using appropriate words.
      e. Using effective transitions.
(b) Speaking involves transmitting the message, using oral delivery skills suitable to the audience and the occasion by all of the following skills:
   1. Employing vocal variety in rate, pitch, and intensity.
   2. Articulating clearly.
   3. Employing the level of American English appropriate to the designated audience.
   4. Demonstrating nonverbal behavior which supports the verbal message with eye contact and appropriate posture, gestures, facial expressions, and body movements.

(2) The following skills, by designated category, are defined as college-level computation skills:

(a) Demonstrating mastery of all of the following arithmetic algorithms:
   1. Adding, subtracting, multiplying, and dividing rational numbers.
   2. Adding, subtracting, multiplying, and dividing rational numbers in decimal form.
   3. Calculating percent increase and percent decrease.
   4. Solving the sentence $a \%$ of $b$ is $c$ where values for two of the variables are given.

(b) Demonstrating mastery of all of the following geometric and measurement algorithms:
   1. Rounding measurements to the nearest given unit of the measuring device.
   2. Calculating distances, areas, and volumes.

(c) Demonstrating mastery of all of the following algebraic algorithms:
   1. Adding, subtracting, multiplying, and dividing real numbers.
   2. Applying the order-of-operations agreement to computations involving numbers and variables.
   3. Using scientific notation in calculations involving very large or very small measurements.
   5. Solving linear inequalities.
   6. Using given formulas to compute results, when geometric measurements are not involved.
   7. Finding particular values of a function.
   8. Factoring a quadratic expression.
   10. Solving a system of two linear equations in two unknowns.

(d) Demonstrating mastery of all of the following statistical algorithms, including some from probability:
   1. Identifying information contained in bar, line, and circle graphs.
   2. Determining the mean, median, and mode of a set of numbers.
   3. Using the fundamental counting principle.

(e) Demonstrating mastery of logical-reasoning algorithms by deducing facts of set inclusion or set non-inclusion from a diagram.

(f) Demonstrating understanding of arithmetic concepts by all of the following skills:
   1. Recognizing the meaning of exponents.
   2. Recognizing the role of the base number in determining place value in the base-ten numeration system.
   3. Identifying equivalent forms of positive rational numbers involving decimals, percents, and fractions.
   4. Determining the order relation between real numbers.
   5. Identifying a reasonable estimate of a sum, average, or product of numbers.

(g) Demonstrating understanding of geometric and measurement concepts by all of the following skills:
   1. Identifying relationships between angle measures.
   2. Classifying simple plane figures by recognizing their properties.
   3. Recognizing similar triangles and their properties.
   4. Identifying appropriate units of measurement for geometric objects.

(h) Demonstrating understanding of algebraic concepts by all of the following skills:
   1. Using properties of operations correctly.
   2. Determining whether a particular number is among the solutions of a given equation or equality.
   3. Recognizing statements and conditions of proportionality and variation.
   4. Identifying regions of the coordinate plane which correspond to specified conditions and vice versa.

(i) Demonstrating understanding of statistical concepts, including probability, by all of the following skills:
   1. Recognizing properties and interrelationships among the mean, median, and mode in a variety of distributions.
   2. Choosing the most appropriate procedure for selecting an unbiased sample from a target population.
   3. Identifying the probability of a specified outcome in an experiment.

(j) Demonstrating understanding of logical-reasoning concepts by all of the following skills:
   1. Identifying statements equivalent to the negations of simple and compound statements.
   2. Determining equivalence or non-equivalence of statements.
   3. Drawing logical conclusions from data.
   4. Recognizing that an argument may not be valid even though its conclusion is true.

(k) Inferring relations between numbers in general by examining particular number pairs.

(l) Generalizing and selecting applicable generalizations in geometry and measurement by both of the following skills:
   1. Inferring formulas for measuring geometric figures.
   2. Selecting applicable formulas for computing measures of geometric figures.

(m) Generalizing and selecting applicable generalizations in algebra by using applicable properties to select equivalent equations and inequalities.

(n) Generalizing and selecting applicable generalizations in statistics, including probability, by inferring relations and making accurate predictions from studying.
An Alternative to CLAST

As of January 1, 1996, students declared into the Associate in Arts (AA) Degree who fulfill the following alternative to the College Level Academic Skills Test (CLAST), which is a prerequisite for the awarding of the AA Degree. However, in order to apply for this exemption, students must complete form ICL-9 available in the Student Services/Records Office on any campus. The completed form must be returned to the Student Services/Records Office on any campus.

Scores on Certain Placement Tests and Grades in Certain College Courses

Students who pass all of the communication sections of one of the State approved common placement tests and have earned a grade-point average (GPA) of 2.5 or above in the English courses listed below may be exempt from one or more sections of the CLAST, as specified below. The State-approved common placement tests are: ACT, Enhanced ACT, SAT, SAT I, MAPS, New MAPS, CPT, ASSET, New ASSET, and FCELPPT. Courses transferred to PHCC from other public Florida community colleges and from the State University System will be allowed if they have the same common course number. Courses transferred in from other locations may be used if course transfer credit as evaluated by the PHCC Records Office is deemed equivalent to these courses.

As an example, passing the communications portion of the FCELPPT means achieving the following minimum scores on each of these sections:

- Reading Comprehension: 83
- Sentence Skills: 83

To exempt the reading, English language, and essay sections of the CLAST, the student must have earned a 2.5 GPA in two courses for a minimum of six semester hours of credit from:

- ENC 1101, English Composition I, and ENC 1102, English Composition II or other equivalent college-level English courses (including ENC 1122H—English II Honors)

Likewise, students who have passed the computation section of one of the State-approved common placements tests listed above and have earned a GPA of 2.5 or above in the mathematics courses listed below may be exempt from the computation section of the CLAST, as described below. Courses transferred to PHCC from other public Florida community colleges and from the State University System will be allowed if they have the same common course number. Courses transferred in from other locations may be used if course transfer credit as evaluated by the PHCC Records Office is deemed equivalent to these courses.

As an example, passing the computation portion of the MAPS means achieving a minimum score of 209 in the Elementary Algebra section.

To be exempt from the computation section of the CLAST, the student must have earned a 2.5 GPA in two courses for a minimum of six semester hours of credit from one of the options that follow:

**Option 1:**
- MAC 1102 College Algebra or any other MAC course with the last three digits being higher than 102
- MGF 1202 Finite Mathematics or any other MGF course with the last three digits being higher than 102
- STA 2043 Applied Statistics or any other STA course

**Option 2:**
- MGF 1113 Topics in College Mathematics I
- MGF 1114 Topics in College Mathematics II
- MGF 1118 CLAST Review in Mathematics

**Option 3:**
- MAC 1102 College Algebra or any other MAC course with the last three digits being higher than 1102

**Note:** Courses cannot be mixed between and/or among options.

**Students with AP, CLEP or IB Credit**

Students who have passed the appropriate sections of a State-approved common placement test and who have received Advanced Placement (AP), College Level Examination Program (CLEP), or International Baccalaureate (IB) credit for ALL courses required for exemption as listed above may be exempted as specified. Students awarded AP, CLEP or IB credit for some, but not all, of the courses required for exemption will need to achieve a grade-point average of 2.5 or higher in the remaining required courses in order to be eligible for an exemption.

**Note:** All GPA calculations are figured on a 4-point scale; e.g., an "A" equals 4 points, a "B" equals 3 points, a "C" equals 2 points, a "D" equals 1 point, and an "F" equals 0 points.

Students who do not initially earn a passing score on a State-approved common placement test may submit a subsequent score, if it is earned 30 or more days after the previous score.
ACADEMIC PROGRAMS

Pasco-Hernando Community College (PHCC) is authorized to award the associate degree for satisfactory completion of a planned program of post-high school studies consisting of not less than 60 semester hours and to award certificates as appropriate upon completion of other courses and programs. Students must apply for degrees and certificates as scheduled in the college calendar and must pay the required fee.

The college offers the Associate in Arts Degree, the Associate in Science Degree, and certificates in many career and technical areas. STUDENTS ARE CAUTIONED THAT ALL COURSES AND ALL PROGRAMS ARE NOT NECESSARILY OFFERED ON ALL CAMPUSES.

A student must earn at least 25% of the hours in his/her program at PHCC other than by CLEP, Advanced Placement, and Credit-by-Examination in order to obtain a degree or certificate. The additional hours may be earned by regular class attendance or by any of the methods described under Programs of Acceleration.

Course Transferability

Courses designated as required under the Associate in Arts Degree Program are fully transferable to a Florida senior public institution in meeting the general education requirements. All other catalog courses listed as 1000- or 2000-level are credited for purposes of graduation from PHCC, but may not be accepted by the institution to which a student transfers. A counselor/advisor will assist in providing information on courses normally accepted for transfer at a particular university or four-year college.

Courses identified as part of the General Education core program in an Associate in Science Degree may be transferable to a senior Florida institution. However, the core courses do not complete the general education requirements for transfer at the junior level, and they may not prepare a student to take the CLAST examination. Selection of courses other than those required is the responsibility of the student and should be related to his/her goals.

CONTINUING EDUCATION PROGRAM

PHCC will provide such Continuing Education courses as are needed to serve the residents of the college district. These courses are designed to meet specific needs and may vary in content, length, and time schedule. For information about such courses, contact the Coordinator of Continuing Education at the nearest campus.

Continuing Education courses may be listed in one of the following two categories:

Lifelong Learning Courses

These courses are designed to improve someone's competencies in areas other than work or to enhance someone's quality of life.

Fees shall be charged for lifelong learning courses in accordance with the fee structure established by the District Board of Trustees.

Supplemental Courses

These courses are organized and designed to develop or enhance an individual's occupational skills. Records of such courses are maintained by the College. Fees shall be charged for Supplemental Courses in accordance with the fee structure established by the District Board of Trustees.

GUIDELINES OF THE STATE BOARD OF COMMUNITY COLLEGES will be used in appropriately identifying these courses.

TRANSFER PROGRAM

The Associate in Arts (AA) Degree Program is the preparatory program for advanced studies at other colleges and universities. Students seeking this degree or intending to transfer to an upper division of a state university must complete the College-Level Academic Skills Testing (CLAST) or CLAST alternative requirements.

Satisfactory completion of the AA Degree Program, to include the CLAST examination, will allow a student to enter a Florida public university at the junior level. Flexibility is allowed in the AA Degree Program to permit a student to prepare for almost any bachelor's degree program. However, the satisfactory completion of the program neither implies nor guarantees that all lower-level requirements to a program of the student's choice at a higher level institution have been met. For this reason, any student who expects to transfer to a senior institution is advised to contact the specific department of that institution as early as possible for information about courses to be taken while at PHCC. Final responsibility for choice of program and courses at PHCC, however, rests with the student.

College catalogs and counseling manuals from all state universities identifying required prerequisites and catalogs from other senior colleges are available in the Student Services Office at any PHCC campus. Advisors are available by appointment to assist the student in planning a program.

GORDON RULE

State Board of Education Rule 6A-10.030, hereafter referred to as the Gordon Rule, applies to students entering college for the first time after Term II of the 1982-83 academic year. The rule stipulates the requirements of student performance in both the communications and mathematics areas. Satisfactory completion of this rule requires that a student earn a grade of "C" or higher in each applicable course.

Within the communications area, the student is required to write a total of 24,000 words in English and Humanities. Within the mathematics area, completion of specific mathematical courses is required. The intent of the Gordon Rule is met at PHCC in the communications area by the following distribution of writing requirements:

1. English Composition I (ENC 1101) 6,000 words
2. English Composition II (ENC 1102) 6,000 words
3. English Composition I—Honors (ENC 1121H) 6,000 words
4. Humanities I (HUM 2211) 6,000 words
5. Humanities II (HUM 2230) 6,000 words

FOREIGN LANGUAGE REQUIREMENT

Based on Florida Statute 240.233, all undergraduate students who are admitted to a state university shall have earned two credits of sequential foreign language or American Sign Language at the secondary level or the equivalent of such instruction (eight to 10 semester hours) at the postsecondary level.
An alternate method for students to demonstrate equivalent foreign language competence is by means of credit awarded on the basis of scores on the foreign language subject matter examinations in the College Level Examination Program (CLEP) as indicated in PAC Rule 6A-10.024(5)(b), which shall count toward the eight to 10 semester hours. The examination, minimum scores for awarding credit, and maximum credit to be awarded are:

<table>
<thead>
<tr>
<th>Examination</th>
<th>Minimum Score</th>
<th>Maximum Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>French</td>
<td>50</td>
<td>12</td>
</tr>
<tr>
<td></td>
<td>46</td>
<td>9</td>
</tr>
<tr>

</tbody>
</table>

Likewise, students may demonstrate equivalent foreign language competence in Latin by means of a minimum score of 443 on the Latin examination, published under the title of MAPS by The College Board, which represents the 1985 national mean of college-bound seniors minus one standard deviation.

Students who received Associate in Arts Degrees prior to September 1, 1989, or who enrolled in a program of studies leading to an Associate's Degree from a Florida community college prior to August 1, 1989, and have maintained continuous enrollment shall be exempt from this admissions requirement. Any lower division student admitted without meeting the foreign language requirement must earn such credits prior to admission to the upper division of a state university. Any AA Degree graduate from a public community college admitted without meeting the foreign language requirement must earn such credits prior to graduation from a state university.

PHCC offers College Preparatory Courses which are below college level for students in need of remedial work in skills necessary for college-level academic courses. Individually prescribed study is also available in the Learning Laboratories. See "Common Placement Testing," and consult a PHCC advisor for further information. Credits earned in College Preparatory Courses do not apply toward degrees or certificates.

**POLICE STANDARDS PROGRAM (LAW ENFORCEMENT/BASIC RECRUIT)**

PHCC offers the Basic Recruit, Police Standards Program. This technical credit program fulfills the requirements set forth by the Florida Police Standards and Training Commission Basic Recruit Curriculum.

Six hours of credit may be granted for the successful completion of a PHCC Law Enforcement/Basic Recruit Program. Under this provision, three hours each will be awarded for CZJ 2220, Criminal Law, and for CZJ 1100, Criminal Investigation.

In order to be awarded the credit, a student must:

1. Complete the application form and pay the required fee.
2. Supply to the Records Office a copy of the Certificate awarded at the completion of the Basic Recruit Program.

This program is located at the Gowers Corner Center. This facility offers training programs for all law enforcement agencies throughout Pasco County.

**Military Science Program—Reserve Officers' Training Corps (ROTC)**

A dual enrollment program with the University of South Florida (USF) is offered by PHCC. Students interested in enrolling in the program are required to make application with USF. Please consult a PHCC advisor for details.
The Associate in Arts (AA) Degree will be awarded upon completion of 60 credit hours and upon passing the state-prescribed College-Level Academic Skills Test (see CLAST) or demonstrating satisfaction of an approved CLAST alternative. Thirty-six credit hours must be earned in General Education requirements as provided in the statewide Articulation Agreement. The remaining 24 hours may consist of any course(s) in the catalog section under “Courses” that are 1000 or 2000 level. Required Communication, Computation, and Humanities courses must each be completed with a grade of “C” or above. At least 13 hours of credit, other than Credit-By-Examination, CLEP, or Advanced Placement, must be earned in residence at PHCC. A cumulative, degree-level grade-point average of not less than 2.0 or “C” must be achieved by graduation. A cumulative, degree-level grade-point average of not less than 2.0 or “C” must be achieved in courses taken at PHCC.

OBJECTIVES OF THE AA DEGREE
The purpose of the AA Degree Program is to prepare the student for transfer at the junior level, especially to the State University System (SUS) of Florida, by providing academic courses which are parallel in both content and quality to those taught within the SUS.

OBJECTIVES
1. To enhance the ability of students to communicate ideas and meaning in writing with competency in form and substance
   MEASUREMENT
   All AA graduates will have completed successfully (with a “C” or higher) English Composition I (ENC 1101).
   All AA graduates will have completed successfully the English language skills and the essay portions of the College Level Academic Skills Test (CLAST) or an approved CLAST alternative.

2. To develop in students the skills necessary to prepare research papers
   MEASUREMENT
   All AA graduates will have completed successfully (with a “C” or higher) English Composition II (ENC 1102 or ENC 1122H). These skills are reinforced in Humanities I (HUM 2211) and Humanities II (HUM 2230).

3. To strengthen speaking and listening skills in students
   MEASUREMENT
   All AA graduates will have completed successfully (with a “C” or higher) Introduction to Public Speaking (SPC 2600).

4. To ensure that all students are provided with a broad spectrum of mathematical skills
   MEASUREMENT
   All AA graduates will have completed successfully (with a “C” or higher) Finite Mathematics (MGF 1102), and
   All AA graduates will have completed successfully the mathematics skills portion of the CLAST or an approved CLAST alternative.

5. To develop in students mathematical competency, accuracy, and understanding consistent with university requirements/recommendations
   MEASUREMENT
   All AA graduates will have completed successfully (with a “C” or higher) at least three hours of mathematics at the level of college-level algebra (MAC 1102 or MAC 1104) or above and successfully completed the mathematics skills portion of the CLAST or an approved CLAST alternative.

6. To nurture in students an understanding of the structure, function, and basic components of the biological and physical worlds
   MEASUREMENT
   All AA graduates will have completed successfully at least three science courses -- one biological science course from a prescribed list, one physical science course from a prescribed list, and a third science course either from these prescribed lists or any course with a GLY or OCE prefix.

7. To foster in students an understanding of individual and/or group behavior.
   MEASUREMENT
   All AA graduates will be encouraged to complete successfully Introduction to Psychology (PSY 1012), or Introduction to Sociology (SYG 2000), or Introduction to Cultural Anthropology (ANT 2410).

8. To develop in students an appreciation of the arts and humanities, including the critical awareness of cultures and cultural diversity
   MEASUREMENT
   All AA graduates will have completed successfully (with a “C” or higher) Humanities I (HUM 2211) and Humanities II (HUM 2230).

9. To develop in students knowledge and understanding of the structure and function of government
   MEASUREMENT
   All AA graduates will be encouraged to complete successfully American Federal Government (POS 2041).

10. To prepare students for successful academic performance upon transfer to the upper-division institutions in the State University System (SUS)
    MEASUREMENT
    The mean grade-point average (GPA) of PHCC graduates who transfer to the SUS will be at least equal to the mean GPA of other transfer students in the SUS.
11. To develop computer literacy skills in students

**MEASUREMENT**
All AA students will have completed introductory computer skills within their general education communication course, ENC 1101.

12. To provide students with a varied educational experience

**MEASUREMENT**
All AA graduates will have completed successfully up to 24 elective credits in addition to the 36 credits in the general education core program.

**Additional Assistance**
Students are provided assistance to enhance the probability of successful performance at the college level. For example, entering students are administered the Florida College Entry-level Placement Test (FCELP) so that they can be advised and placed in the proper communication and computation courses.

**Passing Scores on the College-Level Academic Skills Test (CLAST)**

The scale scores on the CLAST that must be achieved in order for a student to be awarded the AA degree are shown below. A student's passing scores are those that are in effect on the date a student first takes the test. Note that the essay was reported on a four (4) point scale through September 1991. Since October 1991, scores on the essay test have been reported on a six (6) point scale. For students retaining the essay portion of the examination, a total score of four on a four-point scale is considered equivalent to a total score of five on a six-point scale. See the section, "CLAST Alternatives," for other ways students may meet this requirement.

**Effective August 1, 1986 through July 31, 1989**
- Reading - 215; Writing - 270; Computation - 275; and Essay - 4.

**Effective August 1, 1989 through September 30, 1991**
- Reading - 205; Writing - 285; Computation - 285; and Essay - 4.

**Effective October 1, 1991 through September 30, 1992**
- Reading - 205; Writing - 295; Computation - 295; and Essay - 5.

**Effective October 1, 1992**
- Reading - 205; Writing - 295; Computation - 295; Essay - 6.
GENERAL EDUCATION REQUIREMENTS FOR THE AA PROGRAM

I. Communications
   * ENC 1101 English Composition I (includes 6,000-word writing requirement)
   * ENC 1102 English Composition II (includes 6,000-word writing requirement) OR
   * ENC 1122H English Composition II – Honors (includes 6,000-word writing requirement)
   * SPC 2600 Introduction to Public Speaking

II. Mathematics
   * MGF 1202 Finite Mathematics (required)
   * Any MAC course (MAC 1102 or higher) or STA 204
   (NOTE: Successful completion of both MAC 1102 and MAC 1104 does NOT satisfy the mathematics requirement for the AA Degree. Students who have passed the mathematics portion of the CLAST or who satisfy these requirements through CLAST alternatives may substitute any course with an MAC or STA prefix for MGF 1202.)

III. Natural Sciences
   Biological Science (one course – BOT, BSC [except BSC 1030], MCB)
   Physical Science (one course – CHM, PHY, PSC)
   Biological or Physical Science (one course – any of the above Science prefixes plus BSC 1030, GLY, or OCE)
   (NOTE: It is recommended that either Introduction to the Physical Sciences [PSC 1341] or a Survey of the Physical Sciences [PSC 1311] be taken as a first science course for all students not planning to major in the sciences. These courses serve as the foundation for all other science courses.

IV. Social and Behavioral Sciences
   Any course with the prefix: AMH, ANT, DEP, ECO, HIS, GEA, DTR, PHI, POS, PSY, SYG

V. Humanities
   * HUM 2211 Humanities I (includes 6,000-word writing requirement)
   * HUM 2230 Humanities II (includes 6,000-word writing requirement)

   * These courses must be completed with a grade of "C" or higher.

ENC 1101, ENC 1102, HUM 2211, AND HUM 2230 MUST BE TAKEN IN SEQUENCE. MGF 1202 MUST BE TAKEN WITHIN THE FIRST 30 HOURS OF COURSE WORK.

Electives
Sixty (60) hours of college-level work is required in the AA program. Beyond the 36 hours of general education requirements, the remaining 24 hours may be completed from courses at the 1000 or 2000 level listed in the catalog/handbook.

The student is urged to select electives relevant to his/her proposed major. If the major is undecided, advisors are prepared to provide assistance in the selection process. Common course prerequisites for students transferring to the State University System of Florida have been established for all degree programs. Students should consult an advisor to determine the required prerequisites for transfer to a specific degree program within the State University System.

Students who are not computer literate are encouraged to choose an elective in which they will acquire this skill.

Note: All students who receive an AA Degree must pass all sections of the CLAST or satisfy an approved CLAST alternative.

THE STUDENT WHO DOES NOT MEET THE FOREIGN LANGUAGE REQUIREMENT SET BY THE STATE UNIVERSITY SYSTEM OF FLORIDA (SEE *FOREIGN LANGUAGE REQUIREMENT*) IS URGED TO TAKE THESE COURSES. SEE AN ADVISOR FOR DETAILS.
ASSOCIATE IN SCIENCE DEGREE PROGRAMS

The Associate in Science (AS) Programs prepare students for employment in selected fields upon completion of a minimum of two years, or four semesters, of preparation. A certificate may be awarded in some programs after one year of prescribed work. These programs are intended to prepare the student for employment after graduation—not for university transfer. Students who wish to transfer should pursue the Associate in Arts (AA) Degree.

Listing of AS and Certificate Programs

PHCC is authorized to award the Associate in Science Degree and certificates in career/technical fields upon satisfactory completion of the established standard number of credit hours required for each specific AS program as approved by the State Board of Community Colleges. The individual must complete the 35-hour core program for the AS Degree and the remaining hours from an approved program. Only courses designated at the 1000 and 2000 levels are applicable to this degree. At least 25% of the credits toward the degree must be earned in a classroom experience at PHCC. A cumulative grade-point average (GPA) of not less than 2.0 or "C" must be achieved by graduation. However, in all certificate programs except Small Business Management, Business Data Processing, Paramedic, Emergency Medical Technician, and Office Systems Specialist (which are college credit programs), only those courses that are part of the specific program are to be included in computing the program GPA. After completing the specified number of hours in an AS Degree Associated Certificate or a Technical Credit Program, a student may transfer to an associated Associate in Science Degree. Students who wish to transfer credits from any AS Program to another institution must accept the responsibility for securing approval in advance from that institution.

PHCC is authorized to award Certificates in occupational fields upon completion of prescribed courses of study. A minimum of 25% of the program, other than credit-by-examination, must be earned in residence at PHCC. A cumulative GPA of 2.0 or "C" must be achieved in coursework in the program; however, in all certificate programs except Business Data Processing, Small Business Management, Emergency Medical Technician, Paramedic, and Office Systems Specialist (which are Postsecondary Vocational (PSV) Programs), only those courses that are part of the specific program are to be included in computing the program GPA. After completing the specified number of hours in an AS Degree Associated Certificate, a student may transfer to an associated Associate in Science Degree.

The Associate in Science Degrees and Associated Certificate Programs offered at PHCC are as follows:

<table>

ALL PROGRAMS AND COURSES ARE NOT AVAILABLE ON ALL CAMPUSES. CONTACT THE CAMPUS STUDENT SERVICES OFFICE TO DETERMINE WHETHER THE PROGRAM DESIRED IS OFFERED ON A PARTICULAR CAMPUS.
SPECIAL NOTICE: RADIOGRAPHY PROGRAM

PHCC expects its first radiography class to start Term I, 1998. Upon successful completion, the graduate will receive an Associate in Science Degree in Radiography and will be eligible to apply to take the State of Florida examination for the General Radiographer and the national examination given by the American Registry of Radiologic Technologists (A.R.R.T.).

The radiographer is a skilled member of the health care team. The primary responsibility of the radiographer is to provide the patient care and technical expertise necessary to create an x-ray image on film to be read by the physician. Most radiographers are employed in hospitals and diagnostic clinics.

Application and Admission Requirements

Admission requirements for this program had not been finalized at the time of this catalog printing. Radiography will be a limited access program and residents of Pasco and Hernando counties will have preference in admissions.

All applicants must have a cumulative all-college grade-point average of 2.0 or above. Applicants must demonstrate college-level reading, writing and mathematics skills by obtaining a satisfactory score on the college placement examination or by completing the appropriate college-preparatory courses with grades of "C" or higher. The following courses must be completed with a minimum grade of "C" before matriculation to the program.

Total Hours: 20
ASSOCIATE IN SCIENCE DEGREE REQUIREMENTS

An Associate in Science (AS) Degree will be awarded upon completion of the hours specified in the program. The individual must complete 15 hours in General Education courses with the remaining courses listed in the program. Courses designated for Technical Certificates, except where specific articulation agreements exist, or those below the 1000 or 2000 level, are not applicable to this degree. At least 25% of the hours in a student's program, other than by Credit-By-Examination, CLEP, or Advanced Placement, must be earned in residence at FHCC. A cumulative grade-point average of not less than 2.0 or "C" must be achieved prior to graduation.

The General Education requirement for the Associate in Science Degree is:

1. Communications
   *ENC 1101 English Composition I

2. Social Sciences
   Courses with the following prefixes will meet this requirement:
   POS, PSY, or SYG

3. Mathematics or Natural Sciences
   Any one of the following courses:
   Mathematics (MAC 1102, MAC 1114, MGF 1102, STA 2014, or any higher level mathematics course) OR
   Biological Science (any course with BSC or OCE prefix) OR
   Physical Science (any three-hour course with CHM or PHY or PSC prefix)

4. Humanities**
   Any one of the following courses:
   - Applied Ethics (PBE 1600)
   - Art Appreciation (ART 1000)
   *English Composition II (ENC 1102)
   *English Composition II--Honors (ENC 1122H)

5. Core Elective
   Any course not used to satisfy Areas I, II, III or IV above OR any course from the following list:
   - Geography (any course with a GEA prefix)
   - History (any course with AMH or EUH prefix)
   - Humanities I (HUM 2211) (prerequisite: ENC 1102)
   - Introduction to Asian Arts and Letters--Honors (IDS 2290)
   - Introduction to Cultural Anthropology (ANT 2410)
   - Psychology (any course with PSY or DEP prefix)
   - Reading (REA 1105)
   - Sociology (any course with SYG prefix)

*Grade of "C" or above required
**Students may meet the Area IV requirement by taking a foreign language.

Each program will also include computer competencies, general computational skills, oral communication skills, and human relations skills taught in a specific course or courses, based on the curricular needs. Some programs may also require particular courses to meet the requirements in II, III, IV, and V above. See the individual program listings.

It is strongly recommended that the first of any required English and mathematics courses be taken within the first 15 hours of course work. If the need for college preparatory courses is indicated by pre-test scores, they should be taken within the first six hours of course work. The first of any required English and mathematics courses, as applicable, should be taken as soon thereafter as the student demonstrates the necessary skills for these courses.
ASSOCIATE IN SCIENCE IN BUILDING CONSTRUCTION TECHNOLOGY

This program is designed to prepare technicians for employment or to upgrade or retrain persons who are or have been employed in the building construction industry. Examples of job titles include: estimator, construction supervisor, site supervisor, building inspector, and expeditor. Students who wish to transfer any credits from this program to another institution must accept the responsibility for securing approval in advance from that institution.

Total Hours: 64

*See Associate in Science General Education Requirements

Students may complete clusters of courses and receive Awards of Achievement. The clusters have been identified as being in a related field. A student who completes a cluster must send a completed Form SCN-21 and a copy of a transcript to the Dean of Career/Technical Programs. The transcript must list the courses required in the requested cluster. The Award of Achievement will be mailed to the student.

Following are Awards of Achievement that have been identified for the Building Construction Technology program:

**Award of Achievement in Construction Drafting Concepts**
- BCN 1220 Structures I
- BCN 1221 Structures II
- BCN 2767 Codes, Contracts & Specifications
- BCT 1040 Basic Drafting & Blueprint Reading
- ETD 1530C Architectural Drawing

**Award of Achievement in Basic Construction Concepts**
- BCN 1220 Structures I
- BCT 1040 Basic Drafting & Blueprint Reading
- BCN 2610 Construction Estimating
- BCN 2765 Codes, Contracts & Specifications

**Award of Achievement in Construction Trades Concepts**
- BCN 1501 Plumbing Systems
- BCN 1520 Electrical Systems
- ETM 2610 Mechanical Systems
- BCN 2765 Codes, Contracts & Specifications
ASSOCIATE IN SCIENCE IN BUSINESS ADMINISTRATION & MANAGEMENT

The purpose of this program is to prepare students for employment for mid-management positions in a variety of business environments as managers or to provide supplemental training for persons previously or currently employed in management occupations. Students who wish to transfer any credits from this program to another institution must accept the responsibility for securing approval in advance from that institution.

CERTIFICATE PROGRAM - SMALL BUSINESS MANAGEMENT

This 30-credit-hour program is designed to prepare students for the operation of a small business and to become small business owners and entrepreneurs. It also provides supplemental training for persons previously or currently operating or owning a small business. Upon successful completion of this certificate program, a student may transfer into the Associate in Science (AS) in Business Administration and Management or the AS in Marketing Management programs.

An official high school transcript indicating graduation or official GED scores indicating successful completion and an official transcript sent directly from each college and university previously attended are required for admission.

ASSOCIATE IN SCIENCE IN COMPUTER PROGRAMMING 
& APPLICATIONS

The purpose of this program is to prepare students for employment as business programmers, information systems programmers, process control programmers, information systems managers, and programmers/analysts or to provide supplemental training for persons previously or currently employed in these occupations. Students who wish to transfer any credits from this program to another institution must accept the responsibility for securing approval in advance from that institution.

- ECO 2013 Principles of Economics I
- ECO 2023 Principles of Economics II
- MAC 2233 Applied Calculus
- STA 2014 Applied Statistics

NOTE: Effective fall 1993, three hours of credit will be granted toward an Associate in Science degree in Computer Programming and Applications for the successful completion with a "C" average or better (8206-800) Business Applications I and Business Applications II at the Manchman Vocational Technical Center. Credit will be awarded for:

CGS 1000 Computer Concepts

Students must receive a high school diploma and successfully complete 15 hours of college-level credit at PHCC before credit will be given. To be awarded credit, a student must send a copy of a completed Request for Credit for Articulated Programs from Manchman Vocational Center (Form SAR-50) to the Director of Admissions and Student Records after the student has completed the 15 hours. These forms are available in the Student Services Office on each campus.
CERTIFICATE PROGRAM - BUSINESS DATA PROCESSING

This certificate program is designed to prepare the students for employment as computer programmer trainees and software application technicians. The program prepares students to use methods and procedures to automate business applications, to utilize business software applications, and to incorporate the review of system and programming specifications to yield solutions to business applications' problems.

A high school transcript indicating graduation or GED scores indicating successful completion and an official transcript sent directly from each college and university previously attended are required for admission.

**Total Hours** 17.5 Semester Hours 15 Semester Hours

**These courses are six or eight weeks in length.**

**Special Program Requirements**

An academic average of "C" or higher and/or a grade of "Pass" must be earned in each dental science and dental health course in order to continue in the program. Satisfactory completion of 88 semester hours of approved credit with a grade of "C" or better in required general science, dental science, and dental hygiene courses is necessary for graduation. Dental Hygiene courses may be repeated only with the recommendation of faculty and the Chair of the Admissions Committee for Special Programs, approval of the Vice President of Instructional Services, and if class space is available.

A minimum of 15 hours of credit in dental hygiene must be completed in residence at PHCC in 2000-level courses.

Four and one half hours of credit may be granted for successful completion of the Dental Assisting Program offered at PHCC. Under this provision, after completing 15 hours of credit at PHCC, 1.5 hours will be awarded for DES 1100, Dental Materials and 3 hours for DES 1200C, Dental Radiography. Students choosing this option who receive financial aid are strongly encouraged to check with their counselor regarding the potential impact of these credit awards.
ASSOCIATE IN SCIENCE IN EMERGENCY MEDICAL SERVICES

This program is designed to prepare men and women to provide advanced pre-hospital emergency care as a paramedic. Instruction includes the knowledge and skills required to function under the direction of a physician, either directly or by written procedures. Students who wish to transfer any credits from this program to another institution must accept the responsibility for securing approval from that institution.

Upon successful completion of the Sophomore year (Certificate Paramedic Program) and successful completion of a final comprehensive written and practical skills examination, the graduate is eligible to apply to take the State of Florida Paramedic certification exam or the National Registry exam.

Paramedic courses may only be repeated upon recommendation of the faculty and the Chair of the Admissions Committee for Special Programs, approval of the Vice President of Instructional Services, and if class space is available.

*Courses include computer competencies.
CERTIFICATE PROGRAM - EMERGENCY MEDICAL TECHNICIAN

This eight-credit-hour program prepares students for employment as emergency medical technicians to function at the basic pre-hospital level and treat various medical/trauma conditions using appropriate equipment and materials. The program prepares students for certification as EMTs in accordance with Chapter 10D-66 of the Florida Administrative Code. The program is approved by the Department of Health and Rehabilitative Services, Office of Emergency Medical Services, and the curriculum adheres to the U.S. Department of Transportation Emergency Medical Technician-Basic National Standard Curriculum. This is the initial level for a career in emergency medical services and the prerequisite for paramedic training and certification.

An official high school transcript indicating graduation or official GED scores indicating a successful completion and an official transcript sent directly from each college and university previously attended are required for admission.

Total Hours: 8

+CPR certification is a prerequisite of this course. Students must take the American Heart Association BLS for Healthcare Providers or the American Red Cross Professional Rescue-CPR Course. Students must submit proof of current CPR certification by the drop/add date for the term in which enrolled or they will be dropped from the course.

An academic average of "C" or higher in EMS 119C and a grade of "Pass" in EMS 1431 must be earned in order to receive a Certificate of Completion. The student is then eligible to apply to take the Florida EMT Certification exam.

CERTIFICATE PROGRAM - PARAMEDIC

Application Deadline: June 1 - A limited access program. Admission requirements are explained in an application packet available from the Admissions Office.

This 30-credit-hour program provides theoretical base to understand and implement life-saving techniques in an emergency situation. College laboratory experience is provided for learning skills; and a supervised clinical rotation enables the trainee to gain confidence and expertise in order to implement the life-saving and supportive measures necessary at the emergency scene and during transportation to a medical facility. Upon successful completion of the program and successful completion of a final comprehensive written and skills examination, the graduate is eligible to apply to take the State of Florida Paramedic certification exam or the National Registry exam. A two-year Associate in Science Degree in Emergency Medical Services is also available.

Prerequisites: Admission into the Paramedic Certificate Program, completion of HSC 2531 Medical Terminology with a grade of "C" or higher, and a current CPR card (AHA or Red Cross) valid until October of the admitting year.

'See Associate in Science General Education Requirements

PHCC offers the Technical Credit Certificate in Fire Fighting. This program fulfills the requirements set forth by the Department of Insurance, Division of State Fire Marshal Rule 4A-37. Three hours of credit for FFP 1000 Introduction to Fire Science may be awarded for the successful completion of a Florida Fire Fighting Minimum Standards Course from an accredited institution. To be awarded credit, a student must:

1. Complete the PHCC Application Form, with the appropriate fee.
2. Supply the PHCC Records Office a copy of the Florida Fire Fighting Minimum Standards Course/Program Certificate and a transcript that demonstrates successful completion.

Credit may be granted upon the recommendation and approval of the Director, Fire Science Program, and the Dean of Career and Technical Programs.
ASSOCIATE IN SCIENCE IN HOSPITALITY MANAGEMENT

This program prepares students to function at the management level in the hospitality management field. With work experience in the field, a position as cafeteria manager, chef, private club manager, restaurant manager, school food manager, or related title might be obtained.

**See Associate in Science General Education Requirements**

NOTE: Since fall 1994, six hours of credit toward an Associate in Science degree in Hospitality Management will be granted for the successful completion with a "C" average or higher (8763200) Essentials of Commercial Foods Program at the Marchman Vocational Technical Center. Credit will be awarded for:

- **FSS 1004** Introduction to Food Service
- **FSS 1202C** Basic Food Preparation

Students must receive a high school diploma and successfully complete 15 hours of college-level courses at PHCC before credit will be given. To be awarded credit, a student must send a copy of a completed Request for Credit for Articulated Programs from Marchman Vocational Center (Form BAP-50) to the Director of Admissions and Student Records after the student has completed the 15 hours. These forms are available in the Student Services Office on each campus.
ASSOCIATE IN SCIENCE IN HUMAN SERVICES

The purpose of this program is to prepare a human services specialist who will serve as a paraprofessional in community agencies. Students who wish to transfer any credits from this program to another institution must accept the responsibility for securing approval from that institution.

Total Hours: 65

Students who desire the Associate in Arts (AA) Degree should consult an advisor regarding the additional courses required.

Students who intend to transfer to a university should consult an advisor about the transfer options available. PHCC and St. Leo College have developed an articulation agreement for students who earn an AS Degree in Human Services at PHCC and wish to pursue a Bachelor of Social Work Degree at St. Leo College. For information, contact an advisor or the Human Services instructor.

*Students pursuing the AS Degree in Human Services should complete this course during their first semester of attendance.
ASSOCIATE IN SCIENCE IN LEGAL ASSISTING

The purpose of this program is to prepare students for employment as paralegal assistants in law offices, government agencies, corporations, financial institutions, and title insurance companies. This program is also designed to provide supplemental training for persons already employed as paralegal assistants. Students who wish to transfer any credits from this program to another institution must accept the responsibility for securing approval in advance from that institution.

Please see course descriptions for other prerequisites and corequisites.
ASSOCIATE IN SCIENCE IN MARKETING MANAGEMENT

This program provides learning opportunities for a student to acquire the necessary skills for a career in this multifaceted field. Career areas include marketing, merchandising, retailing, advertising, buying and many support areas such as management, communications, and personnel management. Specific job areas include sales clerk, sales representative/manager, expeditor, buyer, food marketing, and fast food services. Students who wish to transfer any credits from this program to another institution must accept the responsibility for securing approval in advance from that institution.

Suggested Additional Courses:

- ACG 2071 Principles of Managerial Accounting
- BUL 2242 Business Law II
- CGS 2101 Microcomputer Applications for Business & Economics II
- ECO 2023 Principles of Economics II
- OST 1811 Desktop Publishing
- OST 2335 Business Communications

NOTE: Effective fall 1993, three hours of credit toward an Associate in Science degree in Marketing Management will be granted for the successful completion with a "C" average or higher in 880600 Academy of Fashion Marketing or 8812100 Academy of Entrepreneurship taken at Maricopa Vocational Center.

Students must receive a high school diploma and successfully complete 15 hours of college-level courses at PHCC before credit will be given. To be awarded credit, a student must send a copy of a completed Request for Credit for Articulated Programs from Maricopa Vocational Center (Form SAR-50) to the Director of Admissions and Student Records after the student has completed the 15 hours. These forms are available in the Student Services Office on each campus.
ASSOCIATE IN SCIENCE IN NURSING (R.N.) (Generic Track)

Application Deadline: June 15 - A limited access program with documents required for admission listed in the application materials.

This program is designed to prepare individuals to provide direct nursing care to patients in hospitals and other comparable health agencies. Upon successful completion, the graduate receives an Associate in Science Degree in Nursing and is eligible to sit for the National Council Licensure Examination for Registered Nurses in accordance with the regulations set forth in the Nurse Practice Act, Chapter 464.008 and 464.018. Students who wish to transfer any credits from this program to another institution must accept the responsibility for securing approval in advance from that institution.

General Education | 25 Semester Hours
Nursing Education | 47 Semester Hours
Total Hours | 72 Semester Hours

*These 10 hours of prerequisites must be completed before admission to the program and are included in the 25 hours of General Education requirements.

**Special Program Requirements**

An academic average of "C" or higher and a grade of "Pass" in the clinical portion must be earned in each nursing course and in MTB 2370 in order to continue in the Nursing Program. Nursing courses may only be repeated on the recommendation of the nursing faculty and the Chair of the Admissions Committee for Special Programs, approval of the Vice President of Instructional Services, and if class space is available. (See Academic Averages and Repeated Courses.)

Satisfactory completion of the 72 semester hours of approved credit with a grade of "C" or higher in required science and nursing courses is necessary to graduate.

A minimum of 15 hours of credit in nursing must be completed in residence at PHCC in 2000-level courses.

**Computer literacy is REQUIRED for students enrolled in this program. Students who lack computer skills are required to complete a computer course.**
ASSOCIATE IN SCIENCE IN NURSING (R.N.)
Licensed Practical Nurse Track – (Limited Access)

Application Deadline: May 10 — A limited access program with documents required for admission listed in the application materials.

This program track is designed to allow an entry point into the Associate Degree in Nursing Program for the Licensed Practical Nurse. Entry into this program is limited to 24 students plus the number of spaces available in the freshman class during Session III. Upon successful completion of this program, the graduate receives an Associate in Science Degree in Nursing and is eligible to sit for the National Council Licensure Examination for Registered Nurses in accordance with the regulations set forth in the Nurse Practice Act, Chapter 464.018. Students who wish to transfer any credits from this program to another institution must accept the responsibility for securing approval in advance from that institution.

Upon acceptance and enrollment into this program, students will receive 20 advanced semester hours credit, based on practical nursing education.

CERTIFICATE PROGRAM - OFFICE SYSTEMS SPECIALIST

This 30-credit-hour program is designed to provide the necessary skills for students who plan to seek employment in a clerical position such as file clerk, clerk typist, general office clerk, receptionist, or transcribing machine operator. Upon successful completion of this program, an individual may transfer into the two-year Associate in Science in Office Systems Technology Program.

A high school transcript indicating graduation or GED scores indicating successful completion and an official transcript sent directly from each college and university previously attended are required for admission.

Total Hours: 74

1. Students taking ENC 1101-1102 must also take one of the following Speech courses: SPC 1015, SPC 1025, SPC 1062, or SPC 1413 (SPC 2600 must be taken at PHCC).

2. See the list of appropriate course options under General Education Requirements for the A.S. Degree in the SPIC College Catalog or the PHCC College Catalog.

3. See the list of computer competency course options under General Educational Requirements for the A.S. Degree in the SPIC College Catalog (ENC 1101 taken at PHCC will satisfy this requirement).

4. Completion of BSC 1085, 1085L, 1086, and 1086L satisfies the Personal Wellness requirement.

5. PHT 1601 Applied Ethics taken at PHCC will satisfy this requirement.

6. HSC 1351 Medical Terminology taken at PHCC will satisfy this requirement.
TECHNICAL CREDIT PROGRAMS

The Technical Credit Certificate will be awarded upon satisfactory completion of a planned technical credit certificate program of post-secondary studies in a specialized area. A minimum of 25% of the program, other than credit-by-examination, must be earned in residence at Pasco-Hernando Community College. A cumulative grade-point average of not less than 2.0 or "C" must be achieved by graduation. Many Technical Certificate Programs are open-entry.

Courses in these programs are not considered as college credit and will not transfer to a university. Technical Credit Programs are designed to prepare the student for an entry-level job. (See Listing of Technical Courses for instructional hours.)

NOTE: STUDENTS WHO COMPLETE A TECHNICAL CREDIT CERTIFICATE PROGRAM MUST HAVE ACHIEVED THE STATE DESIGNATED SCORE ON THE APPROPRIATE LEVEL OF THE TEST FOR ADULT BASIC EDUCATION (TABE) BEFORE A CERTIFICATE CAN BE ISSUED.

The Technical Credit Certificate Programs offered at PHCC are:

- Child Care Supervision
- Coder Specialist
- Cosmetology
- Correctional Officer
- Dental Assisting
- Fire Fighting
- Health Unit Coordinator
- Landscape and Turf Operations

- Law Enforcement/Auxiliary Officer
- Law Enforcement/Basic Recruit
- Medical Record Transcribing
- Medical Secretary/Examining Room Assistant
- Patient Care Assistant/Home Health Aide
- Practical Nursing
- Applied Welding

TECHNICAL CERTIFICATE PROGRAM – CHILD CARE SUPERVISION

The purpose of this 29-technical-hour program is to prepare students for initial employment as child care supervisors, child care attendants, child care aides, child care workers, family day care home operators, clinic day care center workers, or to provide supplemental training for persons previously or currently employed in these occupations. This program is recognized by the State of Florida as an equivalent to the Child Development Associate (CDA) credential.

Total: 29 technical hours

Special Program Requirements:
An academic average of "C" or higher in the program and a grade of "Satisfactory/Pass" (P) in the practicums and clinical must be earned in order to receive a Child Care Supervision technical certificate.

*CPR certification and First Aid are prerequisites of this course. Students need to take either the American Heart Association Course Pediatric BLS "D" or the American Red Cross Infant/Toddler - CPR course. Also, students need to take an American Red Cross Child Care First Aid or National Safety Council Child First Aid course.
TECHNICAL CERTIFICATE PROGRAM – CODER SPECIALIST

This 19-technical-credit-hour program is designed to prepare students for employment as coders, medical record coders, coding technicians, coding clerks, or coder specialists. The program includes instruction in medical terminology, coding systems, fundamentals of disease process including pharmacology, health care delivery systems, basics of medical records services, ethical and legal responsibilities, and employability skills.

TECHNICAL CERTIFICATE PROGRAM - CORRECTIONAL OFFICER

The purpose of this 18.5-technical-credit-hour program is to prepare students for entry-level employment as correctional officers. The program is prescribed by the Florida Department of Law Enforcement, Criminal Justice Standards and Training Commission in accordance with Florida Statutes.

Prerequisites
Two months prior to an Academy start date, candidates must make application for admission to the Basic Recruit Program. Candidates may be sponsored by a local law enforcement agency. All candidates must meet entry requirements which include physical fitness and psychological testing. Additional entry requirements are outlined in the application packet. Application packets are available at the Academy at the time of orientation.

Total: 26.5 technical credits

Upon completion of all courses listed above, the cadet will be eligible to take the state exam for Corrections and Law Enforcement Officer.

Periodically, a combined academy may be offered. Students completing the combined academy will be able to take the certification exam for Corrections and for Law Enforcement.

Note: Completing this program and passing the Criminal Justice State Exam is required before the cadet can receive provisional certification. After successful completion of a one-year employment probationary period, the officer will receive permanent certification by the Florida Criminal Justice Standards and Training Commission.
TECHNICAL CERTIFICATE PROGRAM - COSMETOLOGY

This specialized 40-technical-credit-hour program is designed to prepare persons for initial employment in the field of cosmetology. Upon satisfactory completion of this program, a graduate receives a certificate in Cosmetology and is eligible to sit for the Florida Board of Cosmetology Licensure Examination. Students who wish to transfer any credits from this program to another institution must accept the responsibility for securing approval in advance from that institution. Professional liability insurance fee is required. The period of coverage is from August through July.

Total: 40 technical credits

*A student transferring from an accredited Cosmetology Training Program who has successfully completed a minimum of 450 hours of instruction may receive credit for these three courses: COS 0590, Laboratory Practices, Hair, and Scalp Care; COS 0301, Hair Shaping; and COS 0400, Hairstyling. A student must complete at least 10 technical credits at PHCC to be eligible to receive a certificate.

Special Program Requirements:

A student must earn an average of "C" or higher in each program course in order to receive a Cosmetology Technical Certificate. Remedial education may be required for students who score below the state-required minimums on the Test of Adult Basic Education (TABE).

TECHNICAL CERTIFICATE PROGRAM - DENTAL ASSISTING

A limited access program with documents required for admission listed in the application materials.

This 20-technical-credit-hour program is designed to prepare students for employment as dental assistants and dental auxiliaries. The program meets the standards of the Florida Board of Dentistry. Graduates of the program are eligible for employment as dental assistants with expanded functions and radiography skills. Professional liability fee is required.

Total: 20 technical credits

+CPR certification is a prerequisite of this course. Students must take either the American Heart Association course Basic Life Support for Health Care Providers or the American Red Cross Professional Rescuer - CPR course.

Special Program Requirements:

A grade of "C" or higher and a grade of "P" or "Pass" in the clinical portion, if applicable, must be earned in each course in order to continue in the program. Courses may be repeated only on the recommendation of the dental faculty and the Chair of the Admissions Committee for Special Programs, approval of the Vice President of Instructional Services, and if class space is available.

Completion of college preparatory courses may be required for students scoring below the state minimums on the Test of Adult Basic Education (TABE).
TECHNICAL CERTIFICATE PROGRAM – FIRE FIGHTING

The purpose of this program is to prepare students for employment as fire fighters. The 13-vocational-credit-hour program prepares students for certification as a fire fighter in accordance with Florida Statutes.

Prerequisites
Physical examination. Candidates must take a physical agility test. Entry requirements of the Bureau of Fire Standards and Training (BFST) must be met. Students must be physically fit to perform all tasks assigned to them.

Total: 13 technical credits

Special Program Requirements:
A student must earn an academic average of “C” or higher in each fire fighting course in the program to be eligible to receive a certificate. To be eligible for the state exam, a student must complete all requirements set forth by the college and the BFST. Students must attend a minimum of 360 hours of the 390-hour program. Some class experiences, however, have a mandatory attendance requirement. Uniforms must be worn by fire fighting students. The Fire Fighting program termination policy will be strictly enforced. Roll call will be held at each class meeting, and attendance is considered an essential requirement of fire fighting students. All college policies will be enforced.

TECHNICAL CERTIFICATE PROGRAM – HEALTH UNIT COORDINATOR

This 20-technical-credit-hour program is designed to prepare students for employment as health unit coordinators. Some of the topics included in the program are: interpreting medical terminology; performing clerical duties; reading, interpreting, and coordinating physicians’ orders; legal and ethical responsibilities; and performing supervised clinical duties. Professional liability insurance fee is required.

* A completed Physical Examination Report (SAR-40-A) is a prerequisite for this course.

+ An approved 4-hour AIDS seminar and CPR certification are prerequisites of this course. Students must take either the American Heart Association course Basic Life Support for Health Care Providers or the American Red Cross Professional Rescuer - CPR course.
TECHNICAL CERTIFICATE PROGRAM - LANDSCAPE OPERATIONS

This specialized program is designed to enable persons to acquire skills and knowledge necessary for initial and supervisory employment in the ornamental horticulture/landscape operations industry. Skill job titles include: nursery worker, nursery plant salesperson/buyer, landscaper, greenhouse operator, landscape maintainer, groundskeeper, and supervisor in each area. Garden and yard care are also covered. A cumulative grade-point average (GPA) of not less than 2.0 or "C" must be achieved. Only those courses that are part of the program are included in computing the program GPA. Employability skills are included. Students who wish to transfer any credits from this program to another institution must accept the responsibility for securing approval in advance from that institution.

Total: 40 technical credits

Based on entry date, courses may be in a different sequence in the last two terms.

*16-week session  **6-week session

Computer literacy is required for students enrolled in this program. Students lacking computer skills must take a computer course. Computer-assisted instructional materials may be used in this program.

Special Program Requirements

A grade of "C" or higher and a grade of "Pass" in the clinical portion, if applicable, must be earned in each course in order to continue in the program. Courses may be repeated only with the recommendation of faculty and the Chair of the Admissions Committee for Special Programs, approval of the Vice President of Instructional Services, and if class space is available.

+CPR certification is a prerequisite of this course. Students must take either the American Heart Association course Basic Life Support for Health Care Providers or the American Red Cross Professional Rescuer - CPR course.

Completion of college preparatory courses may be required for students scoring below the state minimums on the Test of Adult Basic Education (TABE).
TECHNICAL CERTIFICATE PROGRAM – APPLIED WELDING

This specialized program is designed to enable persons to acquire skills and knowledge necessary for initial employment as a welder. Emphasis is placed on care and safe use of welding equipment, tools, and materials. Employability skills are included. This program is open-entry. A cumulative grade-point average (GPA) of not less than 2.0 or “C” must be achieved. Only those courses that are part of the program are included in computing the program GPA. Students who wish to transfer any credits from this program to another institution must accept the responsibility for securing approval in advance from that institution.

Total: 30 technical credits
Required core courses in the Associate in Arts Degree and the Associate in Science Degree Programs are fully transferable to a senior Florida public institution. All other catalog courses, except those below the 1000 or 2000 levels, are credited for purposes of graduation from PHCC, but may not be accepted by the institution to which a student transfers. An advisor will assist in providing information about courses normally accepted for transfer to a bachelor’s degree program at a specific university or four-year college.

College-preparatory courses are NOT creditable as part of the basic 60-hour requirement for degrees. Vocational Certificate courses are "CREDIBLE" creditable toward the AA Degree.

Students may register for any course for which they have the necessary prerequisites (see below). A student who feels that he or she has sufficient training or experience to warrant an exception to a prerequisite should consult a PHCC advisor.

Students should not expect that all courses will be offered at each campus or in any given session. To determine when and where courses are to be offered, see a PHCC advisor.

Prerequisite and Corequisite Courses

A prerequisite is a requirement and/or course that MUST be completed SUCCESSFULLY before a student can enroll in another particular course. A corequisite is a particular course in which a student enrolls in conjunction with, i.e., in the same term as, another closely related course. Any prerequisite(s) and/or corequisite(s) for a course are noted in the "Listing of Courses" sections.

Florida’s Statewide Course Numbering System

Courses in this catalog are identified by prefixes and numbers that were assigned by Florida’s Statewide Course Numbering System. This common numbering system is used by all public postsecondary institutions in Florida and by two participating private institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions.

Each participating institution controls the title, credit, and content of its own courses and assigns the first digit of the course number to indicate the level at which students normally take the course. Course prefixes and the last three digits of the course numbers are assigned by members of the faculty discipline committees appointed for that purpose by the Florida Department of Education in Tallahassee. Individuals nominated to serve on these committees are selected to maintain a representative balance as to type of institution and discipline field or specialization.

The course prefix and each digit in the course number have meaning in the Statewide Course Numbering System (SCNS). The list of course prefixes and numbers, along with their generic titles, is referred to as the “SCNS taxonomy.” Descriptions of the content of courses are referred to as “course equivalency profiles.”

Example of Course Identifier

Sociology, General

Freshman level at this institution

Entry-level General Sociology

Survey Course

Social Problems
General Rule for Course Equivalencies

Equivalent courses at different institutions are identified by the same prefix and last three digits of the course number and are guaranteed to be transferable between the participating institutions that offer the course, with a few exceptions. (Exceptions are listed below).

For example, a survey course in social problems is offered by 31 different postsecondary institutions. Each institution uses “SYG 010” to identify its social problems course. The level code is the first digit and represents the year in which students normally take this course at a specific institution. In the SCNS taxonomy, “SYG” means “Sociology, General,” the century digit “0” represents “Entry-Level General Sociology,” the decade digit “1” represents “Survey Course,” and the unit digit “0” represents “Social Problems.”

In science and other areas, a “C” or “L” after the course number is known as a lab indicator. The “C” represents a combined lecture and laboratory course that meets in the same place at the same time. The “L” represents a laboratory course of the laboratory part of a course, having the same prefix and course number without a lab indicator, which meets at a different time or place.

Transfer of any successfully completed course from one participating institution to another is guaranteed in cases where the course to be transferred is offered by the receiving institution and is identified by the same prefix and last three digits at both institutions. For example, SYG 1010 is offered at a community college. The same course is offered at a state university as SYG 2010. A student who has successfully completed SYG 1010 at the community college is guaranteed to receive credit for SYG 2010 at the state university if the student transfers. The student cannot be required to take SYG 2010 again since SYG 1010 is equivalent to SYG 2010. Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving institution to determine satisfaction of requirements by transfer students on the same basis as credit awarded to native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed which have not been designated as equivalent.

Sometimes, as in Chemistry, a sequence of one or more courses must be completed at the same institution in order for the courses to be transferable to another institution, even if the course prefix and numbers are the same. This information is contained in the individual SCNS course equivalency profiles for each course in the sequence.

The Course Prefix

The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or subcategory of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix used to identify the course.

Authority for Acceptance of Equivalent Courses

State Board of Education Rule 6A-10.024(17), Florida Administrative Code, reads:

When a student transfers among institutions that participate in the common course designation and numbering system, the receiving institution shall award credit for courses satisfactorily completed at the previous participating institutions when the courses are judged by the appropriate common course designation and numbering system faculty task force to be equivalent to courses offered at the receiving institution and are entered in the course numbering system. Credit so awarded can be used by transfer students to satisfy requirements in these institutions on the same basis as native students.

</tr>
</thead>
<tbody>
<tr>
<td>ASG 1002</td>
<td>Introduction to Animal Science</td>
<td>3 cr.</td>
</tr>
</tbody>
</table>

Students in this course will study the principles of animal science. Topics include the reproduction, raising, and production of farm animals. Primary emphasis is on beef and milk cattle, sheep, horses, and swine. Other animals are discussed. Students will learn the various breeds in each category of farm animal discussed as well as feed issues, diseases, and slaughtering processes. 48 class hours

### Anthropology

</thead>
<tbody>
<tr>
<td>BAN 1004</td>
<td>Principles of Banking</td>
<td>3 cr.</td>
</tr>
</tbody>
</table>

This course presents the basic functions and services provided by the banking industry. It provides a broad perspective of bank operations, terminology, and services. The topics include: banking in today's economy, language and documents of banking, check processing, teller functions, deposit functions, trust services, bank bookkeeping, and bank loans and investments. 48 class hours

### BAN 1014 Loan and Discount

This course provides the essential facts about promissory notes, including calculating interest and discounting commercial paper; guarantees; general collateral agreements; examining and processing accompanying notes secured by bonds, stock and savings accounts; and the concepts of attachment, perfections, priority, default, and foreclosure. 48 class hours

### BAN 1210 Analyzing Financial Statements

Prerequisites: GEB 1011 and ACG 2021. This course provides the techniques necessary for the evaluation of the financial condition and operating performance of a business. It includes accounting, business, funds flow, the preparation of financial statements, and the technique of financial statement analysis. 48 class hours

### BAN 1252 Real Estate Finance in Banking

This course provides a background in the varied real estate mortgage credit operations of commercial banks. It concentrates on the ways funds are channeled into the mortgage markets, financing of residential and special purpose property, and administrative tasks common to most mortgage departments. 48 class hours

### BAN 2206 Credit Administration

This course describes the factors influencing and determining loan policy. It includes methods of credit investigation and analysis, credit techniques, specific credit problems, and secured and unsecured loans. Emphasis is also given to credit department organization and procedures, analysis of financial statements, and methods of dealing with borrowers in financial difficulty. 48 class hours

### BAN 2240 Installment Credit

This course emphasizes installment lending techniques in commercial banks. It includes credit evaluation, open-end credit, marketing bank services, collection procedures, legal aspects of credit, financial statement analysis, insurance, and rate structure and yield analysis. 48 class hours

### BAN 2400 Trust Functions and Services

This course provides an overview of the generally accepted principles of the law of estates, trusts, and agencies. It includes the trust functions and services encountered in the daily operations of a trust department. 48 class hours

### BAN 2501 Money and Banking

This course stresses the practical application of the monetary and banking system. It covers such topics as the structure of the commercial banking system; the nature and functions of money, banks, and the money supply, cash assets and liquidity management; bank investments, loans, earnings, and capital; the Federal Reserve System; and Treasury Department operations. 48 class hours

### BAN 2742 Bank Management

This course presents new trends that have emerged in the philosophy and practice of management. The study and application of the principles outlined provide new and experienced bankers with a working knowledge of bank management. It includes objectives, planning, structure, control, and the interrelationships of various bank departments. 48 class hours
BAN 2800 Law and Banking 3 cr.
This course presents an introduction to basic commercial law and relates it more specifically to banking and bank transactions. Topics included are: contracts, agency and partnerships, corporations, real property, personal property and sales, the Uniform Commercial Code, negotiable instruments and bank collections, and secured financing. 46 class hours

**Biological Science**

BOT 1010C Botany 4 cr.
A survey of the plant kingdom. This lecture/laboratory course is designed to acquaint the biology or science major with basic biological principles as they apply to the various aspects of the plant kingdom. Particular emphasis will be placed on plant evolution. Lab fee required. 48 lecture hours and 32 laboratory hours

BSC 1005 Introduction to Biology 3 cr.
Prerequisites: REA 0002 (completed with grade of “C” or higher) or appropriate placement test score. A non-laboratory course for students not planning to major in biology. Topics include the chemical and cellular foundations of life, diversity of life, evolution and ecology. 48 class hours

BSC 1010 Biology I 3 cr.
Prerequisites: REA 0002 and MAT 0024 (both completed with grades of “C” or higher) or appropriate placement test scores. Recommended prerequisite: BSC 1005. Corequisite: BSC 1010L. An introduction to the biology of plants and animals. Topics include chemical foundations, cell biology, genetics and evolution. This course is primarily intended for those students planning to major in the sciences or for those who need a laboratory course in biology. 48 lecture hours

BSC 1010L Biology I Laboratory 1 cr.
Prerequisite: One year of high school biology and one year of high school chemistry. Corequisite: BSC 1010. A laboratory investigation into the biology of plants and animals. Topics include scientific instruments, chemical foundations, cell biology, photosynthesis and genetics. This course is primarily intended for those students planning to major in the sciences or for those who need a laboratory course in biology. Lab fee required. 32 laboratory hours

BSC 1011 Biology II 3 cr.
Prerequisites: BSC 1010 and BSC 1010L (both completed with a grade of “C” or higher). Corequisite: BSC 1011L. Topics include prokaryotes, plants, fungi, the evolution of animal diversity, animal form and function and ecology. This course is primarily intended for those students planning to major in the sciences or for those who need a laboratory course in biology. 48 lecture hours

BSC 1011L Biology II Laboratory 1 cr.
Prerequisites: BSC 1010 and BSC 1010L (both completed with a grade of “C” or higher). Corequisite: BSC 1011. A continuation of BSC 1010L. Topics include plant biology, animal diversity, vertebrate anatomy and ecology. This course is primarily intended for those students planning to major in the sciences or for those who need a laboratory course in biology. Lab fee required. 32 laboratory hours

BSC 1030 Introduction to Environmental Science 3 cr.
Prerequisites: REA 0002 (completed with grade of “C” or higher) or appropriate placement test scores. Recommended prerequisite: PSC 1311 or PSC 1341. An introduction to the process of maintaining patterns of interrelationships of plants and animals with their environments and biological communities enabling students to make intelligent environmental decisions. The topics include ecosystems, communities, and populations; soils; pesticides; energy sources; local and current topics; air and water pollution, and land use planning. One required field trip. 48 class hours

BSC 1085 Human Anatomy and Physiology I 3 cr.
Prerequisites: REA 0002 and MAT 0024 (both completed with a grade of “C” or higher) or appropriate placement test scores. Recommended prerequisite: High school biology and chemistry, or BSC 1092. Corequisite: BSC 1085L. An introduction to the study of the human body, including the bones and muscles; cranial, spinal, and peripheral nervous systems. 48 class hours

BSC 1085L Human Anatomy and Physiology I Laboratory 1 cr.
Corequisite: BSC 1085. This course provides laboratory support for the concepts taught in BSC 1085. Laboratory fee required. 32 laboratory hours

BSC 1086 Human Anatomy and Physiology II 3 cr.
Prerequisites: BSC 1085 and BSC 1085L (both completed with a grade of “C” or higher). Corequisite: BSC 1086L. A continuation of BSC 1085. Emphasis is on the structure and function of the special senses and the digestive, respiratory, cardiovascular, lymphatic, endocrine, reproductive, and urinary systems. 48 class hours

BSC 1086L Human Anatomy and Physiology II Laboratory 1 cr.
Prerequisites: BSC 1085 and BSC 1085L (both completed with a grade of “C” or higher). Corequisite: BSC 1086. This course provides laboratory support for the concepts taught in BSC 1086. Laboratory fee required. 32 laboratory hours

BSC 1092 Human Biology 3 cr.
Prerequisite: REA 0002 (completed with grade of “C” or higher) or appropriate test score. A non-laboratory course for students not planning to major in biology. Topics include the chemical and cellular foundations of life, metabolism, genetics, and body systems. 48 class hours

MCB 2010 Microbiology 3 cr.
Prerequisites: BSC 1010 and BSC 1010L, or BSC 1085 and BSC 1085L (both completed with grades of “C” or higher). Corequisite: MCB 2010L. A survey of microbial forms with emphasis on bacteria, their morphology, physiology, genetic mechanisms, and their relationships to other organisms. 48 lecture hours

MCB 2010L Microbiology Laboratory 1 cr.
Prerequisites: BSC 1010 and BSC 1010L, or BSC 1085 and BSC 1085L. Corequisite: MCB 2010. A laboratory investigation into the biology of microbial organisms. Topics include microbial morphology, physiology and genetics. Lab fee required. 32 laboratory hours

OCE 2001 Introduction to Oceanography 3 cr.
Prerequisites: REA 0002 (completed with grade of “C” or higher) or appropriate placement test scores. Recommended prerequisite: PSC 1311 or PSC 1341. An introduction to the physical, chemical, and biological nature of the oceans. Topics include: the history and shape of the oceans; the physical and chemical properties of seawater; waves, tides, and ocean currents; and the biology and ecology of marine life. Credit can be earned as a science elective only. 48 class hours

**Building Construction Technology**

BCN 1220 Structures I 3 cr.
This course covers the principles and practices of residential building construction with emphasis on regional construction. 48 class hours

BCN 1221 Structures II 3 cr.
Prerequisite: BCN 1220. This course covers the principles and practices of commercial and industrial building construction using structural timber, steel, and concrete. 48 class hours
BCN 1501 Plumbing Systems 3 cr.
This course includes the study of the residential and commercial plumbing practices based on the current Standard Plumbing Code. 48 class hours

BCN 1520 Electrical Systems 3 cr.
This course is a study of residential and commercial electrical practices based on the current National Electrical Code. 48 class hours

BCN 2610 Construction Estimating 3 cr.
Prerequisite: BCN 1220 and MAT 0012 or appropriate test score. This course teaches the computations of costs associated with typical construction projects to include labor, materials, and overhead. 48 class hours

BCN 2721 Construction Planning 3 cr.
Prerequisite: BCN 1220, BCT 1040, BCN 2610, and BCN 2765, or consent of instructor. This course is designed so that the student will be able to practice planning and coordinating a building project. Time durations, scheduling, sequence of operations, project control, budgeting, and cash flow issues will be discussed. This is considered an advanced course. 48 class hours

BCN 2765 Codes, Contracts, and Specifications 3 cr.
Prerequisite: BCT 2241 and BCN 1220, or consent of instructor. This course includes a review of the various standards, codes, contracts, and specifications that are related to the building industry. 48 class hours

BCT 1040 Basic Drafting and Blueprint Reading 3 cr.
Prerequisite: BCN 1220 or consent of instructor. This course includes a sequence of related technical information and blueprint reading and drafting practices, with emphasis on methods of printing and dimensioning of drawings. Lab fee required. 48 class hours

ETD 1530C Architectural Drawing 3 cr.
Prerequisite: BCT 1040. The fundamentals of architectural drafting and design including both residential and commercial buildings are covered in this course. Lab fee required. 48 class hours

ETM 2610 Mechanical Systems 3 cr.
This course is an introduction to the basic principles of mechanical and electrical systems. The course introduces the basic concepts of mechanical systems. 48 class hours

SUR 2061C Surveying I 3 cr.
Prerequisite: MAC 1102 or higher. Students are required to have a good working knowledge of mathematics, including some geometry. This course is an introduction to the basic principles of surveying, use of instruments, and site recording. Site plan development for use in building construction projects is emphasized. 48 class hours

Business Administration and Management

This course is an introduction to accounting concepts and principles followed in preparation of external reports. Emphasis will be placed on the principles and procedures applicable to the financial statements, income determination, and owner’s equity. 48 class hours

ACG 2071 Principles of Managerial Accounting 3 cr.
Prerequisite: ACG 2021. This course provides an emphasis on managerial accounting concepts and systems. Topics include planning and control, decentralized operations, analyses for decision-making, financial analysis for management, and modern uses of accounting in non-profit organizations. 48 class hours

BUL 2241 Business Law I 3 cr.
Business law considers the nature and source of laws, law courts, and courtroom procedures. Legal principles regarding crimes and torts with emphasis on contracts, personal property, and sales, along with relevant portions of the Uniform Commercial Code are discussed. 48 class hours

BUL 2242 Business Law II 3 cr.
Prerequisite: BUL 2241. Business law with emphasis on commercial paper, creditors’ rights and secured transactions, agency and employment, partnerships, corporations, and real property. 48 class hours

ECO 2013 Principles of Economics I 3 cr.
An introductory course in microeconomic principles and analysis. Areas covered include: economic features of society, consumption, production, and income determination; national income accounting; national income theory; the twin problems of recession and inflation; money credit, and the banking system; public finance; and the principles and problems of full employment without inflation. 48 class hours

ECO 2023 Principles of Economics II 3 cr.
This is a course in microeconomics that deals with markets and prices, supply and demand, competition, and market structures; distribution of income among factors of production; economic growth and development; and other economic systems. 48 class hours

GEB 1011 Introduction to Business 3 cr.
This is a survey course that covers the functional areas of business. Emphasis is placed on perspectives of business, management, marketing, finance, and quantitative tools. 48 class hours

GEB 2350 Business in an International Environment 3 cr.
This course explores the globalization of world business. Emphasis will be placed on gaining a strong understanding of how business is conducted in different world markets. The course will cover topics such as market research, cultural differences, and legal and regulatory issues. 48 class hours

MAN 1800 Small Business Management 3 cr.
A study of the principles of small business management. This course provides an introduction to the principles and problems in planning, organizing, operating, and controlling a small business. The course includes procedures for analyzing the financial progress of the business, budgeting, forecasting, profit analysis, recordkeeping, insurance management, cost control, and credit. Areas of marketing, research, promotion, and advertising are presented as vital foundations of business. 48 class hours

MNA 1300 Personnel Relationships in Business 3 cr.
This course provides an introduction to personnel relationships as individuals and as group members. It will include practical application of effective work relationships needed in business and industry, including: group dynamics; motivation; interpersonal perception; oral and written communications; leadership; management; decision making; problem solving; and employability skills. Designed for students in business and technical fields. 48 class hours

MNA 1345 Principles of Supervision 3 cr.
This course is a study of the basic concepts and major functions of modern supervision. Students receive an introduction to supervision and the role of the supervisor within the organization, personnel management, and relationships with special groups of employees. 48 class hours

QMB 1001 Business Mathematics 3 cr.
This course develops computational skills necessary for successful business management. In addition to a review of basic functions, topics include payroll and taxes, inventory, depreciation, simple and compound interest, and statistics. Emphasis is on developing computational ability. 48 class hours
Business - Marketing Management

MAR 1011 Principles of Marketing 3 cr.
The study of matching products to markets. Discussion of basic marketing functions. Emphasis will be placed on those interacting determinants of demand that make up the marketing environment: the economic, physiological, sociological, and political factors. The legal restraints that make up the forces beyond management control, but are needed in the marketing decision-making process, are introduced. 48 class hours

MKA 1021 Salesmanship 3 cr.
A study of principles underlying all selling activities. This course prepares principles and problems in personal selling related to prospecting, pre-approach, approach, demonstration, meeting objections, and closing the sale. 48 class hours

MKA 1302 Marketing Practice I 3 cr.
Prerequisite: MAR 1011 or consent of instructor. Marketing theory is applied through the development of individual practice plans, which involve on-the-job training and special job-related assignments, with local businesses. Employability skills, including writing a resume and letter of application, are taught. This course is designed for students pursuing the AS Degree in Marketing Management.

MKA 1312 Marketing Practice II 3 cr.
Continuation of MKA 1302.

MKA 2041 Principles of Advertising 3 cr.
A study of the principles, procedures, and techniques of advertising, buying, pricing merchandise, and of determining consumer demand. Attention will be given to how and when to buy and to sources of supply. The organization and function of major divisions in retail establishments will be addressed. Field trips, where practical, will supplement regular class activities. 48 class hours

MKA 2322 Marketing Practice III 3 cr.
Continuation of MKA 1312.

MKA 2332 Marketing Practice IV 3 cr.
Continuation of MKA 2322.

OST 1100 College Keyboarding I 3 cr.
This course is designed for students with little or no keyboarding experience. The course will include the correct techniques and basic keyboarding techniques. Mastery of the computer keyboard, operation and care of the equipment, and the preparation of business letters, reports, and tabulated problems. Lab fee required. 48 class hours

OST 1110 College Keyboarding II 3 cr.
Prerequisite: OST 1100 or consent of instructor. This course is a continuation of OST 1100. Students will use WordPerfect software for advanced practice in business document production and skill-building applications. Lab fee required. 48 class hours

OST 1271 Speedwriting 3 cr.
Prerequisite: OST 1100 or consent of instructor. This is a beginning course in the principles of Speedwriting shorthand, with dictation and transcription practice. This course is designed for students who have had no previous shorthand or less than one year of high school shorthand. 48 class hours

OST 1321 Electronic Office Machines 3 cr.
This course is designed to train students to use various office equipment. Emphasis is placed on the 10-key touch system, records management, and additional business applications. 48 class hours

OST 1711 Word Processing Applications I 3 cr.
Prerequisite: OST 1100 or consent of instructor. This course develops the skills necessary to use WordPerfect software. Students will create, edit, format, and print various business documents. Lab fee required. 48 class hours

OST 1722 Word Processing Applications II 3 cr.
Prerequisite: OST 1711. This course is a continuation of OST 1711. The business application problems assigned will be more complex than those assigned in the prerequisite course. Included will be special problems in multiple-page projects, sophisticated formatting, records processing, and practical applications. Lab fee required. 48 class hours

OST 1743 Electronic Writing 1 cr.
This course develops the skills necessary to use the microcomputer keyboard and word processing software to facilitate the writing of term papers, essays, reports, etc. Students will learn the correct keyboarding techniques and the appropriate formatting of reports. Lab fee required. 16 class hours

OST 1811 Desktop Publishing 3 cr.
Prerequisite: OST 1100 or consent of instructor. This course introduces the student to the desktop publishing features of WordPerfect software. Emphasis in the course will be on publications that office support personnel would produce such as flyers, newsletters, bulletins, in-house brochures, and covers for reports. A student enrolled in this course should have a working knowledge of the advanced applications of WordPerfect. Lab fee required. 48 class hours

OST 2311 Lotus for the Office 3 cr.
Prerequisite: OST 1100 or consent of instructor. This course is designed to teach the commands and functions of Lotus 1-2-3 used in a business office. Topics will be based on business situations covering spreadsheet applications, database functions, and graphics. This is a beginning Lotus course. Lab fee required. 48 class hours

OST 2335 Business Communications 3 cr.
Prerequisite: OST 1100 or consent of instructor. This course offers instruction and practice in the production of effective oral and written communication. Emphasis is placed on writing clear, forceful, and effective business letters. 48 class hours

OST 2401 Office Technology 3 cr.
Prerequisite: OST 1100 or consent of instructor. This course provides for the development of professional secretarial skills. Emphasis will be placed on decision-making. Instruction will include telephone techniques, public relations, team-building, good business gossiping, and employability skills. Students will use WordPerfect software for document production. 48 class hours

OST 2601 Electronic Machine Transcription 3 cr.
Prerequisite or corequisite: OST 1110 or OST 1711 or consent of instructor. This course provides for the development of proficiency in machine transcription using transcribing machines. The course will also emphasize general grammar rules, vocabulary, and listening skills. Electronic equipment, including microcomputers, may be used for transcription. Lab fee required. 48 class hours

SLS 2420 Career Enhancement 1 cr.
This course explores the various facets of career development. Key factors of job selection, job search, and the interview will be considered. Personal traits related to job success and advancement are studied. Considerations for planning a career path are addressed. 16 class hours
Chemistry

CHM 1025 Introductory Chemistry 3 cr.
Prerequisites: REA 0002 and MAT 1033 (completed with a grade of "C" or higher) or appropriate placement test scores. Corequisite: CHM 1025L. An introduction to fundamental concepts in chemistry. Topics include measurement, matter and energy, atomic structure, nomenclature, chemical equations and calculations, periodicity, chemical bonding, gases, solutions, acids and bases, and an introduction to organic chemistry. Lab fee required. 48 lecture hours and 64 laboratory hours.

CHM 1025L Introductory Chemistry Laboratory 1 cr.
Prerequisite: MAT 1033 (completed with a grade of "C" or higher) or appropriate placement test scores. Corequisite: CHM 1025. A laboratory investigation into fundamental concepts of chemistry. Topics include measurement, matter and energy, atomic structure, nomenclature, chemical reactions, periodicity, chemical bonding, gases, solutions, acids and bases, and an introduction to organic chemistry. Lab fee required. 32 laboratory hours.

CHM 2045 General Chemistry and Qualitative Analysis I 3 cr.
Prerequisite: CHM 1025 and CHM 1025L or one year of high school chemistry; MAT 1033 (completed with a grade of "C" or higher) or appropriate placement test scores. Corequisite: CHM 2045L. An introduction to fundamental concepts in chemistry. Topics include measurement, nomenclature, atomic theory, chemical equations and calculations, periodicity, gases, thermodynamics and chemical bonding. 48 lecture hours.

CHM 2045L General Chemistry and Qualitative Analysis I Laboratory 1 cr.
Prerequisite: CHM 1025 or one year of high school chemistry; MAT 1033 (completed with a grade of "C" or higher) or appropriate placement test scores. Corequisite: CHM 2045. A laboratory investigation into concepts, periodicity, thermodynamics, chemical bonding and gases. Lab fee required. 32 laboratory hours.

CHM 2046 General Chemistry and Qualitative Analysis II 3 cr.
Prerequisite: CHM 2045 and CHM 2045L (both completed with a grade of "C" or higher). Corequisite: CHM 2046L. This course continues with fundamental concepts of chemistry begun in CHM 2045. Topics include states of matter, solutions, redox reactions, kinetics, chemical equilibrium, acid-base concepts, solubility, thermodynamics, electrochemistry, nuclear chemistry, and organic chemistry. 48 lecture hours.

CHM 2046L General Chemistry and Qualitative Analysis II Laboratory 1 cr.
Prerequisite: CHM 2045 and CHM 2045L (both completed with a grade of "C" or higher). Corequisite: CHM 2046. A continuation of concepts in the general chemistry laboratory. Topics include states of matter, solutions, redox reactions, kinetics, chemical equilibrium, acid-base chemistry, solubility, thermodynamics, electrochemistry and selected topics in organic chemistry. Lab fee required. 32 laboratory hours.

CHM 2210C Organic Chemistry I 5 cr.
Prerequisite: CHM 2046 and CHM 2046L (both completed with a grade of "C" or higher). A study of carbon compounds with emphasis on alkenes and cyclic alkenes and their reaction mechanism, nuclear magnetic resonance and infrared and nuclear magnetic resonance reactions of alkyl halides, alkenes and their addition reactions, stereochemistry, aldehydes, and conjugated unsaturated systems. Lab fee required. 48 lecture hours and 64 laboratory hours.

CHM 2211C Organic Chemistry II 5 cr.
Prerequisite: CHM 2210C. A continuation of CHM 2210C, giving consideration to aromatic compounds and their reactivity with electrophiles, structure determinations through spectroscopy, organic halides, organometallic compounds, nomenclature and reaction mechanisms of hydrocarbon derivatives, amines, carbohydrates, lipids, and amino acids. Lab fee required. 48 lecture hours and 64 laboratory hours.

College Preparatory

ENC 0010 Fundamentals of Writing 4 cr.
Prerequisite: Appropriate placement test score. This course is designed to improve the student's ability to write sentences and paragraphs. Grammar skills will be reviewed briefly, but emphasis is placed on writing exercises. A student entering this class is expected to have a knowledge of sentence structure, grammar, and punctuation. This course and the exit test must be completed with a grade of "C" (70%) or higher. This credit does not apply toward a degree. Testing fee. 64 class hours.

ENC 0080 Basic Grammar 4 cr.
Prerequisite: Appropriate placement test score. This course is designed to provide a review of grammar skills. Emphasis is placed on sentence structure, word usage, and form, capitalization and punctuation. Laboratory work and dictation practice will be prescribed by the instructor. Upon successful completion of this course, the student must complete a grade of "C" (70%) or higher. This credit does not apply toward a degree. 64 class hours.

MAT 0012 Prealgebra 4 cr.
This course is designed to provide basic skills in mathematics to prepare students for elementary algebra. Topics include basic operations, fractions, decimals, ratios, proportions, percent, averages, integers, rational numbers, and an introduction to variable expressions and equations. Laboratory work will be prescribed by the instructor. This course must be completed with a grade of "C" (70%) or higher. This credit does not apply toward a degree. 64 class hours.

MAT 0024 Elementary Algebra 4 cr.
Prerequisite: Appropriate placement test score. This course provides an introduction to algebraic expressions, first degree equations and inequalities, rational expressions, exponents, polynomials, factoring and radical expressions. This course must be completed with a grade of "C" (70%) or higher. This credit does not apply toward a degree. 64 class hours.

REA 0001 Basic Reading 4 cr.
Prerequisite: Appropriate placement test score. This course is designed to improve a student's reading skills in the four areas of vocabulary, flexibility, comprehension, and study skills. This course must be completed with a grade of "C" (70%) or higher and a reading grade level of 10.0. This credit does not apply toward a degree. 64 class hours.

REA 0002 Fundamentals of Reading 4 cr.
Prerequisite: Appropriate placement test score. This course is designed to improve the student's critical reading skills. The course will help refine the student's literal comprehension skills and, in addition, develop critical reading skills that are needed in college course work. This course must be completed with a 10.5 grade level on a final reading test and with a grade of "C" (70%) or higher. This credit does not apply toward a degree. 64 class hours.

Computer Programming and Applications

CGS 1000 Computer Concepts 3 cr.
This course will provide the student with an overview of the field of data processing. Upon satisfactory completion of the course, the student will have a basic understanding of systems and their applications. Lab fee required. 48 class hours.
CGS 1100 Microcomputer Applications for Business & Economics I 3 cr.
This is an introductory personal computer application course. No previous experience with a computer is assumed. This course will cover all essential aspects of the Windows environment, word processing, electronic spreadsheets, database activities, presentation graphics, and the Internet. Lab fee required. 48 class hours

CGS 2101 Microcomputer Applications for Business & Economics II 3 cr.
Prerequisite: CGS 1100. This is an intermediate personal computer applications course. This course will cover more complex aspects of the Windows environment, electronic spreadsheets, database activities, as well as DOS and contemporary issues. Lab fee required. 48 class hours

CGS 2103 Microcomputer Applications for Business & Economics III 3 cr.
Prerequisite: CGS 1100. This is an intermediate personal computer applications course. This course will cover more complex aspects of the Windows environment, word processing, presentation graphics, HyperText on the Internet and contemporary issues. Lab fee required. 48 class hours

COP 1000 Introduction to Computer Programming 3 cr.
The purpose of this course is to provide the student with an opportunity to solve problems with the help of a computer. This course is an introduction to software design using structured programming concepts. Emphasis will be placed on the construction of language-free algorithms as a logic foundation for future study of programming languages. 48 class hours

COP 1332 Visual Basic Programming 3 cr.
Prerequisite: COP 1000 or consent of instructor. The student will learn to plan and create interactive applications using Visual Basic, the object-oriented event-driven language for the Windows environment. Topics will include structure, file and array handling, creating executable files, and the use of multiple forms. Lab fee required. 48 class hours

COP 2333 Advanced Database Programming 3 cr.
Prerequisite: COP 1332. This course will cover the more advanced aspects of creating interactive applications using Visual Basic. The focus will be on accessing different database formats using the open database connectivity (ODBC) standard, and an SQL. Lab fee required. 48 class hours

COP 2120 COBOL Programming I 3 cr.
Prerequisites: CGS 1000 and COP 1000, or consent of instructor. A study of the organization and concepts of the COBOL programming language, using structured techniques, and its application as a programming tool in business and industry. Upon satisfactory completion of this course, the student will be able to write complete COBOL programs in structured form. Using microcomputers, students will compile, debug and test programs they have written. Lab fee required. 48 class hours

COP 2121 COBOL Programming II 3 cr.
Prerequisite: COP 2120. This course is a continuation of COP 2120 and is intended to orient the student to the type of programming that will be expected of an applications programmer in business and industry. Emphasis will be on the more advanced features of COBOL. Using microcomputers, students will compile, debug, and test programs they have written. Lab fee required. 48 class hours

COP 2220 "C" Language Programming 3 cr.
Prerequisites: COP 1332 or COP 2120. The student will learn to design, document, prepare, execute, compile, debug, and execute C programs of moderate sophistication. Major topics will include: program development, structured programming, data types, data structures, and input/output. Lab fee required. 48 class hours

Criminal Justice

CCJ 1000 Crime and Delinquency 3 cr.
This course presents a general review of the juvenile delinquency problem, to include current theories of crime and delinquency, causal factors, and treatment. 48 class hours

CCJ 1100 Introduction to Law Enforcement 3 cr.
Introduction to the philosophical and historical backgrounds of law enforcement. This course covers the organization, purpose, and functions of law enforcement and other agencies involved in the administration of criminal justice in the United States. It includes career orientation. 48 class hours

CCJ 1300 Introduction to Corrections 3 cr.
This course will focus on the theory and practice of correctional institutions and their functions, the prison as a total institution, characteristics of various types of corrections methods, analysis of the prison community, adjustment to prison life, impact of institutionalization, corrections in the community, and historical development. In addition, several site visits are planned to correctional institutions. 48 class hours

CCJ 1400 Police Organization and Administration 3 cr.
This course covers the principles of organization and administration in law enforcement, to include functions and activities, planning and research, public relations, personnel and training, inspection and control, and policy formulation. 48 class hours

CCJ 1401 Police Operations 3 cr.
Principles of organization and administration as applied to operational services. It covers patrol, criminal investigation, intelligence and vice units, juvenile units, and traffic administration. 48 class hours

CCJ 2012 Police Role in Crime 3 cr.
A general orientation into the primary theories and types of crime in American society. The focus is on crimes against the person and conventional property crimes. Other topics include organized crime, white collar crime, and antisocial (psychopathic) offenders. The role of the police officer is emphasized in all aspects of the legal system. 48 class hours

CCJ 2122 Police Community Relations 3 cr.
The course provides an understanding of the complex factors involved in human relations between the community and law enforcement officers. The police role and the nature, meaning, and implications of professionalism in policing are explored in order to provide a better understanding of the necessity for a successful police-citizen partnership. 48 class hours

CCJ 2220 Criminal Law 3 cr.
This course covers the nature, sources, and types of criminal law. It examines the classification and analysis of crimes and criminal acts in general and examines selected criminal offenses. 48 class hours

CCJ 2250 Rules of Evidence for Police 3 cr.
An overview of rules of evidence and their application to the criminal justice system. Traditional rules of evidence are studied and the degree of proof and admissibility are stressed. The history, development, relevancy, competency, and materiality of real, direct, and circumstantial evidence are discussed. Opinion testimony and hearsay rules are covered. 48 class hours

CCJ 2940 Field Studies 3 cr.
This course will provide an opportunity for the student to observe the criminal justice system in operation. Student placements are within agencies whose activities comprise the professional construction of criminal justice. Assignments and number of hours in each agency will be agreed upon by the student, the agency, and the instructor/coordinate. Students will be expected to keep a daily log of activities. 48 class hours
CJS 2009 Criminal Justice Career
Enhancement 1 cr.
This course will address basic human relations as applied to the job search process and to successful and professional job performance in the law enforcement field. Topics will include preparing and updating a resume, responding to oral board interviews, setting career goals, stress management, and government practices and hiring procedures. 16 class hours

CJT 1100 Criminal Investigation 3 cr.
This course provides an introduction to criminal investigation procedures. It includes the topics of theory of an investigation, case preparation, specific techniques for selected offenses, questioning witnesses and suspects, and problems in criminal investigation. 48 class hours

CJT 1110 Introduction to Criminalistics 3 cr.
This is a general course in the scientific aspects of criminal investigation with the emphasis upon the collection and preservation of evidence, and the examination of evidence and employing techniques available to the criminal investigator or crime technician. Advanced criminalistics are discussed to the extent necessary to familiarize the student with the capabilities and limitations of advanced police science laboratory. 48 class hours

CJT 1800 Introduction to the Principles of Security 3 cr.
This course will focus on the history and philosophy of the security industry and on a discussion of current issues with relationship to legal aspects and management. The student's attention and research will be directed toward the professional ethics of security along with the managerial aspects and technological advancements of the industry. 48 class hours

CJT 2814 Security of Cultural Institutions 3 cr.
This course will focus on and provide an overview of the security phenomenon as it applies to management of security in special institutions, such as theme parks, museums and performing arts centers. Security awareness and the daily function of management and their role in security has become a necessary in every industry. The student's attention and research will be directed toward professional and policy security in the cultural setting. When possible, students will tour certain cultural facilities. 48 class hours

Dental Hygiene

DEH 1001 Dental Hygiene I 4 cr.
Prerequisite: Admission to the Dental Hygiene Program. Corequisites: DEH 1001L, DES 1020, DES 1020L, and DES 1200C. This is a pre-clinical course designed to provide the foundation for the clinical practice of dental hygiene. The role of the dental hygienist, professional relationships, and communication skills are emphasized. The student is provided with the concept of principles of asepsis, sterilization techniques, obtaining medical/dental histories, and pathology of plaque and stain. 64 lecture hours

DEH 1001L Dental Hygiene I Clinical 2.5 cr.
Prerequisite: Admission to the Dental Hygiene Program. Corequisite: DEH 1001. Instruction and supervised practice in instrumentation skills, oral examination, and other clinical procedures performed on student partners and manikins will be emphasized. Student achievement in this course is graded as "Pass/Fail." Laboratory fee and professional liability insurance fee are required. Purchase of a clinic instrument kit is required. 120 laboratory hours. Additional laboratory hours may be required.

DEH 1800 Dental Hygiene II 2 cr.
Prerequisites: DEH 1001 and DEH 1001L. Corequisites: DEH 1800L, DES 1100C, and DES 1030. This course is a continuation of DEH 1001. Topics include dental office emergencies, plaque control, polishing techniques, treatment planning, recall, and desensitization of root surfaces. 32 lecture hours

DEH 1800L Dental Hygiene II Clinical 2.5 cr.
Prerequisites: DEH 1001 and DEH 1001L. Corequisite: DEH 1800. In this second clinical course, students begin patient care in the dental clinic. Emphasis is placed on patient assessment, instrumentation, radiography, polishing clinical crowns, fluoride application, and root debridement. Student achievement in this course is graded as "Pass/Fail." Laboratory fee is required. 120 clinical hours. Additional campus/laboratory hours may be required.

DEH 2005 Dental Hygiene III 1 cr.
Prerequisites: DEH 1800 and DEH 1800L. Corequisites: DEH 2002, DEH 2002L, and DES 2044. This course introduces the use of topical anesthetics, pit and fissure sealants, and rubber dam placement. Nutritional needs in surgical and non-surgical conditions, and patient counseling techniques are included. The effects of smoking and eating disorders on oral health are also included. 16 lecture hours

DEH 2602 Periodontics 2 cr.
Prerequisite: DEH 1800, DEH 1800L, and DES 2044. Corequisites: DEH 2005 and DEH 2005L. This course presents the principles of pathology in relationship to the diseases of the teeth, soft tissues, and supporting structures of the oral cavity. Particular emphasis is given to the pathologic conditions of the mucosa, teeth, and their supporting structures, and the relationship to systemic disturbances. Content related to implantology is included. 32 lecture hours

DEH 2702 Community Dental Health 3 cr.
Prerequisites: DEH 2005 and DEH 2005L. Corequisites: DEH 2702 and DEH 2702L. This course is designed to provide knowledge of etiologies, preventive techniques, and behavioral approaches to promote dental health and prevent dental disease through organized community-based programs. Students will be responsible for assessing, planning, implementing, and evaluating procedures in a community oral health program. 48 lecture hours

DEH 2702L Community Dental Health Clinical 1.5 cr.
Prerequisite: DEH 2702. Corequisites: DEH 2300 and DEH 2300L. This course provides the student with the opportunity to apply the principles of public and community dental health. Program implementation and evaluation will be included. Lab fee required. 72 clinical hours

DEH 2802L Dental Hygiene III Clinical 3.5 cr.
Prerequisites: DEH 1800 and DEH 1800L. Corequisite: DEH 2005. This course will provide ongoing clinical experience in total patient care. In addition to those in previous clinical courses, the following techniques will be introduced and incorporated into clinical practice: local anesthesia, pit and fissure sealants, periodontal dressing, recognition and treatment of active gingival conditions, and techniques in dietary counseling for the prevention of oral diseases. Proficiency in skills already acquired will be emphasized. Student achievement in this course is graded as "Pass/Fail." Lab fee required. 168 clinical hours

DEH 2804 Dental Hygiene IV Clinical 4.5 cr.
Prerequisites: DEH 2005, DEH 2005L, and DES 2050. Corequisites: DEH 2702 and DEH 2810. This course provides an ongoing and expanded clinical experience including proficiency in oral prophylaxis, radiographic techniques, expanded functions, root planing, dietary analysis, and pharmacologic agents. The care of patients with special dental needs is addressed. Students participate in patient care at off-campus clinical sites. Lab fee and professional liability insurance fee required. 216 clinical and laboratory hours

DEH 2806L Dental Hygiene V Clinical 5.5 cr.
Prerequisites: DEH 2810 and DEH 2804L. Corequisite: DEH 2830. This course will enable the student to integrate all the techniques and treatment modalities previously learned. Emphasis will be placed on quality improvement, speed, and professional decision-making in rendering dental hygiene services. Lab fee required. 264 clinical and laboratory hours
DEH 2810 Dental Hygiene IV 2 cr.
Prerequisites: DEH 2005 and DEH 2804L. Corequisite: DEH 2702 and DEH 2804L. This course expands concepts from previous dental hygiene courses in the development, assessment, and evaluation of patient care. In addition, emphasis will be placed on the identification, care, and management of patients with special needs; concepts of pain and pain control; administration techniques and precautions in the use of local anesthesia; and ultrasonic instrumentation. Continuation of medical emergency management and procedures is also incorporated in discussions. 32 lecture hours.

DEH 2830 Dental Hygiene V 2 cr.
Prerequisites: DEH 2810 and DEH 2804L. Corequisite: DEH 2806L and DEH 2702L. This course is designed to provide knowledge of professional ethics and legal responsibilities, professional organizations, state and dental practice acts, and continuing education regulations and requirements. Dental office management will be introduced to provide dental hygiene students with the business and professional skills necessary to practice in an office and/or alternate practice setting. Emphasis will be placed on the student's ethical and legal roles as a dental hygienist and on the business aspects of the profession. In addition, preparation for the National Dental Hygiene Board Examination and test-taking skills will be covered. 32 lecture hours.

DES 1020 Oral, Head, and Neck Anatomy 4 cr.
Prerequisite: Admission to the Dental Hygiene Program. Corequisite: DES 1020L, DES 1100C, DEH 1800, and DEH 1800L. This course is the study of gross anatomy, structure, and morphology of the head and soft tissues of the oral cavity and includes the study of the skeletal, muscular, circulatory, nervous, and glandular systems of the head and neck. Special emphasis is placed on the hard and soft structures associated with the oral cavity. Tooth morphology is included. 64 lecture hours.

DES 1020L Oral, Head, and Neck Anatomy Laboratory .5 cr.
Prerequisite: Admission to the Dental Hygiene Program. Corequisite: DES 1020. This course provides an opportunity to use anatomical models and teeth to apply didactic information in a laboratory setting and begin to apply knowledge of anatomy to clinical dental hygiene. Lab fee required. 24 laboratory hours.

DES 1030 Oral Histology and Embryology 2 cr.
Prerequisites: DES 1020, DES 1020L, DEH 1001, and DEH 1001L. Corequisites: DEH 1800 and DEH 1800L. This course provides a study of the embryonic development of the face and oral cavity and the process of tooth development. Included is a study of the microscopic anatomy of the teeth and supporting structures. 32 lecture hours.

DES 1100C Dental Materials 1.5 cr.
Prerequisites: DEH 1001, DEH 1001L, DES 1020, DES 1020L, and DES 1200C. Corequisites: DEH 1800, DEH 1800L, and DES 1030. This course provides theoretical knowledge of the composition, preparation, and application of materials commonly used in dentistry. Hands-on experience with equipment and materials is provided in the campus laboratory. Laboratory fee required. 16 lecture hours and 24 laboratory hours.

DES 1200C Dental Radiography 3 cr.
Prerequisite: Admission to the Dental Hygiene Program. Corequisites: DEH 1001 and DEH 1001L. This course provides the fundamental knowledge of the nature, physical behavior, biological effects, methods of control, safety precautions, and the techniques for exposing, processing, and mounting radiographs. Laboratory experience in exposing, processing, mounting, and interpreting diagnostic acceptable radiographs is provided. Lab fee required. 32 lecture hours and 48 laboratory hours.

DES 2044 General and Oral Pathology 2 cr.
Prerequisites: DEH 1800, DEH 1800L, and DES 1030. Corequisites: DEH 2602, DEH 2005, and DEH 2802L. This course presents the principles of general pathology in relationship to the diseases of the teeth, soft tissues, and supporting structures of the oral cavity. Particular emphasis is given to the pathological conditions of the mouth, teeth, and their supporting structures, and the relationship to systemic disturbances. Content specific to implantology is included. 32 lecture hours.

DES 2050 Pharmacology 2 cr.
Prerequisites: DEH 2005 and DEH 2802L. Corequisites: DEH 2810 and DEH 2804L. This course introduces the use of drugs and anesthetics in dentistry. Drug classes, actions, interactions, side effects, and contraindications are discussed. The use of topical and local anesthesia is addressed. A unit on medical mathematics is also included. Age-specific pharmacologic needs are discussed. Legal aspects are addressed also. 32 lecture hours.

Drama and Theatre

Students are advised that course selections in the area of performing arts are not automatically transferable; they will, therefore, need to consult the receiving institution to determine the transferability of performing arts credits.

ORI 1000 Oral Interpretation 3 cr.
This course in oral interpretation has a three-part focus: (1) the application of vocal techniques in oral interpretation of various modes of literature; (2) the analysis of literary texts such as a play, prose, and the drama for the purposes of performance; and (3) the design and presentation of an oral interpretation program based on literary texts analyzed. 48 class hours.

THE 2010 Survey of Drama I 3 cr.
Prerequisite: ENC 1101. This course is a historical survey of Western Drama from the Golden Age of Greece to the High Renaissance in England. Students read well-known plays of each period. Through group readings and discussions of the plays, oral interpretation, and writing, students explore theme, plot, character, and other dramatic entities. Field trips to area theaters may be scheduled. 48 class hours.

THE 2011 Survey of Drama II 3 cr.
Prerequisite: ENC 1101. This course is a historical survey of Western Drama from the High Renaissance in England to the Modern Period in America. Students read well-known plays of each period, including popular contemporary pieces. Through group readings and discussions of the plays, oral interpretation, and writing, students explore theme, plot, character, and other dramatic entities. Field trips to area theaters may be scheduled. 48 class hours.

THE 2020 Fundamentals of Theatre 3 cr.
This course is an introductory theatre course that encompasses the history, theatre as a form of art, and script analysis. It also deals with the various and separate aspects that come together to form a theatrical production. The student may be required to attend theatrical productions. 48 class hours.

THE 2925A Play Production I 3 cr.
Prerequisite: TTP 1111. This course is designed to give the students the experience of working on a production from the pre-production planning stage through to the final performance and strike (the dismantling of sets and clean-up after the production). Students will be involved in all aspects of production in both the performance and technical areas as well as in the areas of box office and house management. In addition to working on an actual production, students will be required to attend class lectures and attend written assignments. Students may also be asked to attend productions of plays off campus. Lab fee required. 32 lecture hours and 32 laboratory hours.

THE 2925B Play Production II 3 cr.
Prerequisite: THE 2925A. This course is a continuation of THE 2925A Play Production I. Lab fee required. 32 lecture hours and 32 laboratory hours.

95
EDG 1318 Current Approaches and Tutoring Techniques for Reinforcing Mathematics Instruction 3 cr.
This course is designed to provide teacher aides with skills for implementing tutoring activities for mathematics students in elementary and secondary schools. While designed for teacher aides, this course is open to all interested students. 48 class hours

EDG 2701 Teaching Diverse Populations with Field Experience 3 cr.
Prerequisite: REA 0002 or appropriate placement test score. An introduction to the value of diversity in American society and the manifestations of diversity in the educational system. The course focuses on providing prospective teachers with knowledge about students in American schools who are from different ethnic, racial, cultural, and/or linguistic backgrounds or who represent other categories of diversity and the elimination of barriers to cultural understanding. Field experience: 15 hours of observation required in appropriately diverse settings. 48 class hours

EEC 1700 Early Childhood Development and Education 3 cr.
This course is a study of the mental, emotional, social, and physical needs and growth patterns of children from birth to age six. By emphasizing the mental health aspects of teaching, this course helps students to understand the dynamics of behavior in the preschool child. The importance of teacher-child and teacher-parent relationships is stressed. Included is an examination of materials and equipment that are appropriate for use in the preschool program and are essential for achieving the experiences and attitudes that characterize an enriched school program. Observations of children in school situations are required. 48 class hours

EEC 2311 Preschool and Early Childhood Activities 3 cr.
This course is directed toward planning activities for the preschool child in early childhood education. Emphasis is placed on the selection and use of appropriate equipment and materials for developing readiness in the subject areas. The importance of play, art, drama, music, and scientific discoveries is stressed. Laboratory participation in class is a requirement of this course. Recommended for nursery- and kindergarten teachers and aides. 48 class hours

EME 2040 Introduction to Educational Technology 3 cr.
Prerequisite: REA 0002 (completed with a grade of "C" or higher) or appropriate placement test score and ENC 1101 (completed with a grade of "C" or higher). The purpose of this course is to introduce the student to appropriate applications of technology to the educational setting. Topics include hardware, productivity tools, graphics applications, presentation, and multimedia software and electronic communication. 48 class hours

RED 2310 Current Approaches in Teaching Reading 3 cr.
A course designed to investigate and evaluate methods of teaching reading at the elementary level. 48 class hours

Electronic Engineering Technology

ETT 1380C Introduction to Computer-Aided Design (CAD) 3 cr.
Students who take this course should have prior knowledge of drafting principles. The student will use computer-aided design (CAD) software to perform various assignments throughout the semester. Lab fee required. 48 class hours
Emergency Medical Services

EMS 1119C Emergency Medical Technology 6.5 cr.
Corequisite: EMS 1431. This course offers an introduction to the knowledge, skills, and attitudes required in emergency medical care situations. Theory and skills are taught in conjunction with the Department of Transportation/Emergency Medical Technician course guidelines. Emergency procedures for life-threatening problems are taught, practiced, and supervised in the simulated clinical laboratory setting. Comprehensive written and skills examinations must be successfully completed at the end of the course. Lab fee required. 72 lecture hours and 96 laboratory hours.

EMS 1431 Emergency Medical Technology 1.5 cr.
Prerequisite: CPR certification. Corequisite: EMS 1119C. This course provides clinical experiences in hospital emergency rooms and on Emergency Medical Services Rescue Units. Prior to participating in the clinical experiences, students must be Basic Life Support Certified, must meet the age requirements of local EMS agencies, and must submit a health record as required by the program. Student performance in this course is graded as "Pass/Fail." Professional liability insurance fee required. 72 clinical hours to include a minimum of 24 hours of experiences in the hospital emergency room and 5 emergency vehicle responses resulting in emergency transport.

EMS 2274C Paramedics I 10 cr.
Prerequisite: Admission to the Paramedics Certificate Program and HSC 2531. Corequisite: EMS 2444. This course presents advanced theory and simulated clinical laboratory experience in conjunction with the Department of Transportation Advanced Training Course/Paramedic Curriculum. This course includes computer competencies. The American Heart Association Advanced Cardiac Life Support training component is presented. Successful completion of the training activity is required. Lab fee and professional liability insurance fee required. 128 lecture hours and 96 simulated clinical laboratory hours. Additional laboratory hours may be required.

EMS 2275C Paramedics II 7 cr.
Prerequisites: EMS 2274C and EMS 2444. Corequisite: EMS 2465. This course continues advanced theory and simulated clinical laboratory experiences in conjunction with the Department of Transportation Advanced Training Course/Paramedic Curriculum. This course includes computer competencies. The National Association of EMT Pre-hospital Trauma Life Support (PHTLS) Certification Course is presented. Lab fee required. 88 lecture hours and 72 simulated clinical laboratory hours. Additional laboratory hours may be required.

EMS 2444 Paramedics Clinical I 1.5 cr.
Prerequisite or corequisite: HSC 2531. Corequisite: EMS 2274C. Supervised clinical experiences are provided in hospital critical care units, electrocardiography, respiratory therapy and emergency departments, and with intravenous therapy teams and the medical director. Student achievement in this course is graded as "Pass/Fail." This course includes computer competencies and must be taken in conjunction with EMS 2274C. 72 clinical hours.

EMS 2458 Paramedics Internship 8 cr.
Prerequisites: EMS 2275C, EMS 2465, and American Heart Association Advanced Cardiac Life Support Certification. The internship provides supervised practice on intensive care patient vehicles, during which a minimum of 20 ALS contacts and specific skills must be satisfied. Paramedic preceptors, faculty, and the Medical Director participate in the supervision of the student. This course includes computer competencies. A final comprehensive written and skills examination must be successfully completed at the end of the course. Additional internship hours may be required to satisfy minimum ALS contacts and skills requirements. Student performance in this course is graded as "Pass/Fail." Lab fee required. 40 lecture hours, 216 clinical internship hours, and 48 laboratory hours.

EMS 2465 Paramedics Clinical II 3.5 cr.
Prerequisites: EMS 2444 and HSC 2531. Corequisite: EMS 2275C. Supervised clinical experiences are broadened and extended to include Advanced Life Support Rescue Units. Hospital experiences are expanded to include the operating room, labor and delivery rooms, and the morgue. Pediatric experiences are provided. Supervised experiences are provided with the medical director in the emergency room. Student achievement in this course is graded as "Pass/Fail." This course includes computer competencies and must be taken in conjunction with EMS 2275C. 168 clinical hours.

HSC 2531 Medical Terminology 3 cr.
This course is directed toward the learning of medical language including word structures, prefixes, and suffixes. The learning of the medical language is organized according to body systems, providing an overview of the anatomy, physiology, and disease processes of those systems to facilitate student understanding of specific terminology. Body systems addressed are the urinary, nervous, digestive, cardiovascular, respiratory, muscular-skeletal, and reproductive. 48 class hours.

English

AML 2010 American Literature I 3 cr.
Prerequisite: ENC 1101 completed with a grade of "C" or higher. This course provides an overview of American literature from the colonial period to the late 19th century. By reading selections from an updated and expanded canon, including works by women and minorities, students gain awareness of the multicultural origins and development of American literature. 48 class hours.

AML 2020 American Literature II 3 cr.
Prerequisite: ENC 1101 (completed with a grade of "C" or higher). A survey of the major movements and representative authors in American literature: 1865 through the Twentieth Century, including the study of such authors as Dickinson, Mark Twain, Crane, Frost, Fitzgerald, Hemingway, and Faulkner. 48 class hours.

CRW 2000 Creative Writing I 3 cr.
Students have the opportunity to experiment with various forms of writing, such as the short story, essay, and magazine articles. Discussion of the student's work and analysis of contemporary fiction are included. 48 class hours.

CRW 2002 Creative Writing II 3 cr.
Prerequisite: CRW 2000. Students will focus on the genre(s) of their choice (short story, poetry, novel). Student writings will be critiqued by the instructor and by fellow students. Marketing techniques will be emphasized. 48 class hours.

*ENC 0010 Fundamentals of Writing 4 cr.
See College Preparatory Courses.

*ENC 0080 Basic Grammar 4 cr.
See College Preparatory Courses.

ENC 1101 English Composition I 3 cr.
Prerequisite: Appropriate placement test score or ENC 0010 (completed with a grade of "C" or higher). This course is designed to develop effective written communication skills for academic and professional use. It includes practice in the selection, restriction, organization, and development of topics and reinforces the student's facility with sentence structure, dictation, and mechanics. Selected writing samples are examined as models of form and as sources of ideas for the student's own writing. Conferences provide individual instruction. Students will be required to use a computer to compose essays in this class. This course requires written compositions totaling at least 6,000 words. If used to meet the requirements of the AA Degree or an AS Degree, a grade of "C" or higher must be attained. 48 class hours.

ENC 1102 English Composition II 3 cr.
Prerequisite: ENC 1101 (completed with a grade of "C" or higher).
Students will become familiar with the principles and practices of research and will demonstrate proficiency in following prescribed methods of library research and MLA documentation in the research paper. The student will also gain through literature an appreciation of the interrelationships of culture and art. Through exposure to at least two of the four genres (novel, poetry, drama, short story), students will be able to articulate their critiques and analyses of the literature. This course requires written compositions totaling at least 6,000 words. If used to meet the requirements of the AA Degree or an AS degree, a grade of "C" or higher must be attained. 48 class hours.

**ENC 1122H English Composition II**

(Transfer Course) 3 cr.
Prerequisite: Permission for admission to honors courses and ENC 1101 with an "A." This course provides an intensive study of composition and literary criticism for academically-gifted students. It emphasizes extensive library research and the expanded use of primary resources in the preparation of formal written assignments. Supplementary readings and individual faculty conferences are required. This course requires written compositions totaling at least 6,000 words. If used to meet the requirements of the AA Degree or an AS Degree, a grade of "C" or higher must be attained. Credit cannot be awarded for both ENC 1102 and ENC 1122H. 48 class hours.

**ENC 2151 Technical Writing**

3 cr.
Prerequisite: ENC 1101 (completed with a grade of "C" or higher). This course prepares students to write effectively for careers in the technological community. Students will write memos, reports, and technical proposals with emphasis on clarity, organization, and audience. 48 class hours.

**ENL 2012 British Literature I**

3 cr.
Prerequisite: ENC 1101 (completed with a grade of "C" or higher). An introduction to the main literary traditions from Beowulf through the Victorian and Edwardian Eras. A study of the best and most characteristic writing of these periods, including such authors as Chaucer, Shakespeare, Donne, Johnson, Milton, Pepys, Defoe, Swift, and Goldsmith. 48 class hours.

**ENL 2022 British Literature II**

3 cr.
Prerequisite: ENC 1101 (completed with a grade of "C" or higher). A continuation of the study of British literature, covering the Nineteenth and Twentieth centuries in the context of the history and society of the times. 48 class hours.

**IOU 1100 Journalistic Writing and Reporting**

3 cr.
Prerequisite: ENC 1101 (completed with a grade of "C" or higher). An introduction to the profession of journalism and to the theory and practice of writing news. Students are given practical experience in gathering news and writing and copyreading both news and feature stories. 48 class hours.

**OST 2335 Business Communications**

3 cr.
See Business-Office Systems Technology Courses.

**REA 0001 Basic Reading**

4 cr.
See College Preparatory Courses.

**REA 0002 Fundamentals of Reading**

4 cr.
See College Preparatory Courses.

**REA 1105 College Reading Techniques**

3 cr.
See Reading Courses.

**Environmental Science**

BSC 1030 Introduction to Environmental Science 3 cr.
See Biological Science Courses.

**Fire Science Technology**

**FFP 1000 Introduction to Fire Science**

3 cr.
This course will cover various aspects of fire science and related fields. The history and philosophy of fire science will be discussed along with the organization, purpose, and functions of fire departments and other agencies involved in fire fighting and fire prevention. This course will also survey professional fire protection career opportunities. 48 class hours.

**FFP 1110 Fire Company Management**

3 cr.
This course will cover the concepts of fire company management as they pertain to fire science. Emphasis will be placed on development of the fire officer in maintaining discipline and morale, supervising a fire company, and good public relations, including reports, training, company fire inspections, and pre-fire planning. 48 class hours.

**FFP 1130 Fire Company Leadership**

3 cr.
This course will cover the basic concepts of fire company leadership as they pertain to fire science. Emphasis will be placed on leadership style and how to motivate subordinates in the fire service. 48 class hours.

**FFP 1510 Methods and Techniques of Fire Science Instruction**

3 cr.
This course will cover modern methods and techniques of instruction for fire science. Various methods of teaching will be discussed and demonstrated with emphasis placed on objective writing, lesson planning, evaluation techniques, use of instructional aids, and oral communications. 48 class hours.

**FFP 1200 Introduction to Fire Inspection and Prevention**

3 cr.
This course will cover the various aspects of prevention and inspection as they relate to fire science and the fire inspector. The purpose and scope of the fire inspector will be outlined and discussed along with the fire prevention bureau, inspecting agencies, fire hazard, inspection techniques, and special purpose inspections. 48 class hours.

**FFP 1240 Fire Detection and Investigation**

3 cr.
This course will cover the principles of determining the cause of fire and the methods of recognizing their cause. Examples of fire causes will be studied in the laboratory to enable the fire investigator to complete a more thorough investigation. The topics of preliminary investigations and the preservation of evidence will also be discussed. 48 class hours.

**FFP 1300 Building Construction and Codes**

3 cr.
This course will cover the various types of building construction and deterioration practices, along with their relationship to fire and fire fighting. The different building codes used in the United States will be reviewed. Emphasis will be placed on methods of evaluating the technical aspects of the construction or methods of deterioration. 48 class hours.

**FFP 1326 Blueprint Reading & Plan Examination**

3 cr.
Prerequisite: FFP 1300. This course will cover the various aspects of blueprint reading and plan examination by dealing with standard signs and symbols used on prints. The history of blueprint development will be discussed, along with the different styles used by architects and engineers. Special attention will be paid to those sections of the plans that deal with fire prevention and protection. 48 class hours.
FFP 1410 Fire Fighting Tactics and Strategy I 3 cr.
This course will teach the basic concepts involved in fire fighting. The topics will include: fire behavior, fire fighting fundamentals, and principles of extinguishment, along with the utilization of proper size-up and the beneficial use of fire fighters and fire fighting equipment. Fire planning and its benefits will also be discussed. 48 class hours

FFP 1420 Fire Fighting Tactics and Strategy II 3 cr.
Prerequisite: FFP 1410. This course will cover advanced tactics and strategy to be used at major or unusually difficult fire scenes. The principles to be utilized on the fire ground for maximum manpower and equipment use will be studied, along with fire ground administration for all types of fires and emergency situations. Emphasis will be placed on developing skills required during crisis situations. 48 class hours

FFP 1620 Private Fire Protection Systems 3 cr.
This course will explore the various privately-owned devices and equipment installed in buildings or on property to deal with the outbreak of fire before the arrival of the fire department. The course will outline and discuss sprinkler systems, standpipe systems, and special agents fixed extinguishing systems, along with fire detection and alarm systems. 48 class hours

FFP 2500 Hazardous Materials I 3 cr.
This course will cover the characteristics, transportation, and storage of hazardous and combustible solids, liquids, and gases. Emphasis will be placed on the Department of Transportation and National Fire Protection Association Regulations for marking, control, and extinguishment of hazardous materials during transportation. Additionally, the course will explore the National Chemical Registry Point and Information Center System. 48 class hours

FFP 2501 Hazardous Materials II 3 cr.
Prerequisite: FFP 2500 or permission of instructor. This course is an in-depth look at the materials considered to be hazardous at times in transportation and storage. Emphasis will be placed on the chemical makeup of such materials as well as the possible reaction of such materials with other substances. 48 class hours

FFP 2600 Fire Apparatus Practices 3 cr.
This course is designed as a Pump Operators class. It will cover driving techniques, care, maintenance of fire apparatus, operation of pumping engines, fire ground hydraulics, and vehicle safety. 32 lecture hours and 32 laboratory hours

French

FRE 1120 Beginning French I 4 cr.
The purpose of this course is to introduce students to the four skills (listening, speaking, reading, and writing) of the target language and encourage students to appreciate the cultural contributions of the countries in which the language is spoken. 64 class hours

FRE 1121 Beginning French II 4 cr.
Prerequisite: FRE 1120 or consent of instructor. The purpose of this course is to reinforce the basic skills previously acquired. This course develops increased listening, speaking, reading, and writing skills, as well as grammar knowledge and cultural awareness. 64 class hours

FRE 2200 Intermediate French I 4 cr.
Prerequisite: FRE 1121, two years of high school French, or the equivalent. This course will provide an intermediate level of communication skills for students who have successfully completed FRE 1121 or its equivalent. Reading, writing, speaking, and listening skills on an advanced level will be stressed. 64 class hours

FRE 2201 Intermediate French II 4 cr.
Prerequisite: FRE 2200. A further development of communication skills with continued emphasis on oral communication through speaking and listening exercises. Reading in contemporary French prose, including authors from Andre Gide to Alain Robbe-Grillet will be included. 64 class hours

Geography

GEA 2000 World Regional Geography 3 cr.
A regional study of the relationship between human and their natural environment, with particular emphasis on the economic development of the countries of the world. Topics to be explored include population characteristics, natural resources, culture, and history as they relate to the economic state of the nations of the world today. 48 class hours

GEA 2200 Geography of North America 3 cr.
A regional study of the physical and natural environment of North America, with particular emphasis on human activities from an ecological perspective. 48 class hours

German

GER 1120 Beginning German I 4 cr.
This course will introduce beginning students in German to four communication skills (listening, speaking, reading, and writing), emphasizing the correct usage of grammar; develop skills using basic vocabulary, and sensitively develop the cultural contributions of the countries in which German is spoken. 64 class hours

GER 1121 Beginning German II 4 cr.
Prerequisite: GER 1120 or consent of instructor. This course will reinforce, expand, and review the basic German skills previously acquired; develop increased listening, speaking, reading, and writing skills; extend knowledge of grammar; and increase cultural awareness. Content will include more advanced language structures and idiomatic expressions, with emphasis on conversational skills. There should be additional growth in vocabulary for practical purposes, including writing. Reading selections should be varied. 64 class hours

GER 2200 Intermediate German I 4 cr.
Prerequisite: GER 1121, two years of high school German, or the equivalent. The content should include, but not be limited to, more advanced language structures and idiomatic expressions, with emphasis on conversational skills. There should be additional growth in vocabulary for practical purposes, including writing. Reading selections should be varied. 64 class hours

GER 2201 Intermediate German II 4 cr.
Prerequisite: GER 2200. This course will reinforce, expand, and review the intermediate German skills previously acquired. The content should include, but not be limited to, more advanced conversational language structures and idiomatic expressions, with emphasis on conversational skills. There should be additional growth in vocabulary for practical purposes, including writing. Reading selections should be varied. 64 class hours

History

AMH 2010 History of the United States I 3 cr.
The study of United States history to 1865 emphasizing the European background, the Revolution, the Articles of the Confederation, the Constitution, the problems of the new republic, sectionalism, Manifest Destiny, slavery, and the Civil War. 48 class hours.

AMH 2020 History of the United States II 3 cr.
The study of United States history from 1865 to the present. This study includes the Reconstruction, growth of big business, the agrarian revolt, Latin American affairs, the Progressive Movement, the First World War, and political, economic and world affairs since World War II. 48 class hours.

AMH 2070 History of Florida 3 cr.
This course begins with the influence of geography on early Nativ American cultures of the region. The economic, social, and political background of Florida is developed chronologically, from discovery settlements and colonization to United States acquisition and the Territorial Experience concluding with statehood. 48 class hours.

AMH 2091 Black American History 3 cr.
A survey of the social and cultural development of Black Americans in the United States. Consideration is given in this course to the African background, slavery, Reconstruction, and Twentieth Century developments to the present. 48 class hours.

EUH 1000 Western Civilization I 3 cr.
The origins and development of western civilization, beginning with the classical civilizations of the ancient world and dealing with the contributions of each major historical group until the emergence of modern Europe in the commercial revolution of the Sixteenth Century. The emphases are upon the social, economic, and cultural trends of each period. 48 class hours.

EUH 1001 Western Civilization II 3 cr.
The evolution of modern western civilization since the commercial revolution of the Sixteenth Century. This course covers the period of colonization, the Industrial Revolution, and the emergence of modern national states extending to the present. The emphases are upon the social, economic, and cultural developments. 48 class hours.

Honors

ENC 1122H English Composition II (Honors) 3 cr.
See English Courses.

IDS 2290H Introduction to Asian Arts & Letters (Honors) 3 cr.
See Interdisciplinary Courses.

Horticulture

ORH 1010 Introduction to Horticulture 3 cr.
Students in this course will study the principles of horticulture. Topics include plants, flowers, and tree identification and propagation. Students will also study procedures for producing healthy lawns and indoor plants. This course is intended for students who are planning to continue their education in the agriculture field or for any other students who are interested in learning more about plants and lawns. 48 class hours.

Hospitality Management

FOS 2201 Food Service Sanitation and Safety 3 cr.
A study of the agents that cause foodborne illness and the ways foods become contaminated with them. The principles of sanitary food handling and the necessity of maintaining safe and sanitary facilities for the well being of the consumer and the employee are emphasized. 48 class hours.

FSS 1004 Introduction to Food Service 3 cr.
A general course intended to familiarize the student with all aspects of the food service industry. Basic functions and principles common to all types of food service are explored. Field trips and guest lectures representative of local food service establishments will be included. 48 class hours.

FSS 1202C Basic Food Preparation 4 cr.
A lecture, demonstration, and laboratory course in principles of food preparation. All general categories are included, with emphasis on standards of quality preparation and service. Lab fee required. 32 lecture hours and 64 laboratory hours.

FSS 1221C Quantity Food Preparation 4 cr.
Prerequisite: FSS 1202C and FSS 1401. A course consisting of lecture, demonstration, and experience in principles of preparation of food in quantity. Quality standards in preparation and service, use of standardized recipes, and portion control are included. 32 lecture hours and 64 laboratory hours.

FSS 1401 Food Service Equipment 3 cr.
A study is made of all types of quantity food service equipment: as well as functional layout and design of quantity food service kitchen and service areas. Field trips to a variety of local establishments are included. 48 class hours.

FSS 1610 Food Merchandising 3 cr.
A study of proper food merchandising methods, food display techniques, effective menu presentations, promotional programs, public relations, and effective atmosphere. 48 class hours.

FSS 1940 Hospitality Management Practicum I 3 cr.
Prerequisites or corequisites: FSS 1004, FSS 1202C, FSS 1221C, and FSS 1401, completed physical examination and student accident insurance coverage as required by Practicum Facility. The student must be at least 19 years of age before enrolling in this course. The course involves practical work experiences, related to the Hospitality Management curriculum. Physical examination and insurance costs are the student's responsibility and are not included in the fee structure of the college.

FSS 2120 Food Purchasing and Storage 3 cr.
A study of purchasing principles, procedures, and policies in quantity food service operations: includes proper procedures for receiving, storing, and issuing food, beverages, and other supplies. 48 class hours.

FSS 2300 Food Service Supervision and Management 3 cr.
A study of the principles of management, particularly as they apply to the food service industry. Students will explore the role of the supervisor or manager in organizing and directing the work of employees, and the responsibility for planning and coordinating their
activities. Students will find it helpful if they have completed MNA 1300 and ENC 1102 prior to taking this course. 48 class hours.

**FSS 2500 Food Accounting and Cost Control** 3 cr.
The study of the policies, procedures, and computations involved in the food service industry and the methods used for controlling food, beverage, labor, and other costs. 48 class hours.

**FSS 2941 Hospitality Management Practicum II** 3 cr.
Prerequisites: FSS 1940 and FSS 1610. A continuation of FSS 1940.

**FSS 2942 Hospitality Management Practicum III** 4 cr.
Prerequisites or corequisites: FSS 2120, FSS 2300, FSS 2500, and FSS 2941. A continuation of FSS 2941.

**HUN 1001 Nutrition** 3 cr.
This course presents the concepts of nutrition, including the six major classes of nutrients, their digestion, and utilization by the body. Investigation of controversies in nutrition and guidelines for planning nutritionally adequate meals are included. 48 class hours.

**Human Services**

**GEY 2000 Introduction to Gerontology** 3 cr.
This course offers an overview of the effects of aging and the aged on our society. It is designed for students with a personal or professional interest in acquainting broad-based knowledge and understanding of the aging process and the aged both as individuals and as a group. Topics include: physical and psychological aspects of aging; health and mental health issues; institutionalization; retirement; finances; recreation and leisure; death, dying, and bereavement; and personal adaptations of aging. Practical information on services available to the aged through social agencies, government programs, and national organizations will be presented, along with information regarding employment possibilities in the field of gerontology. 48 class hours.

**HUS 1001 Introduction to Human Services** 3 cr.
This course provides an overview of agency resources, functions, methods, and activities related to human services, theory, and methods of intervention with individuals, groups, and the family. The course reviews the development of individual skills and practices in human services. Extensive use will be made of guest speakers who represent community agencies. 48 class hours.

**HUS 1110 Basic Counseling Skills** 3 cr.
Prerequisite: HUS 1001, PSY 1012 or consent of instructor. This course involves developing skills in oral communication, active listening, and counseling. These skills are presented in the context of the human relations counseling model and other general theories of counseling. 48 class hours.

**HUS 2403 The Disabled Experience** 3 cr.
This course traces the history of the disabled experience in the United States through implementation of the Americans with Disabilities Act (ADA) of 1992. The nature of various disabling conditions to include developmental disorder, mental disorders, sensory disabilities, motor disabilities, and chronic, temporary, and progressive conditions are explored. The course emphasizes the obstacles faced by disabled persons and the steps taken to increase opportunities for participation in all aspects of society. 48 class hours.

**HUS 2525 Issues in Mental Health** 3 cr.
Prerequisite: HUS 1110 or PSY 1012 or consent of instructor. This course offers an overview of major mental disorders with emphasis on their attendant behaviors. The course emphasizes appropriate interaction between the health worker and the client as well as effects of mental disorders on the family and community. Issues involving deinstitutionalization and case management are included. 48 class hours.

**HUS 2531 Substance Abuse Counseling** 3 cr.
Prerequisite: HUS 1110 or PSY 1012 or consent of instructor. This course is designed to prepare the human service worker to function in a variety of settings in which substance use/abuse is an issue. Content emphasized includes causes of abuse, nature of dependency, pharmacology, and effects of abuse on the individual, family, and community. Techniques of detection and intervention are practiced and practiced in the classroom. Treatment modalities are discussed. 48 class hours.

**HUS 2940 Human Services Practicum I** 4 cr.
Prerequisites: HUS 1001 and HUS 1110 or consent of instructor. This is a practicum course which requires a minimum of 128 hours. Students will be under supervision as human service workers in community agencies in the field. Regular meetings can be held with the instructor. Student performance in this course is graded as "Pass/Fail." Professional liability insurance fee is required.

**HUS 2941 Human Services Practicum II** 4 cr.
Prerequisites: HUS 2940 or consent of instructor. This course is a continuation of HUS 2940. This is a practicum course which requires a minimum of 128 hours. Students will be under the supervision of human service workers in community agencies. Regular meetings can be held with the instructor. Student performance in this course is graded as "Pass/Fail." Professional liability insurance fee is required.

**Humanities**

**HUM 2211 Humanities I** 3 cr.
Prerequisite: ENC 1102 completed with a grade of "C" or higher. A study of the ideas and ideals which characterize the moral, intellectual, and aesthetic activities of the great Western Civilization. The focus is on the formative period of the Judeo-Christian Tradition, and the European Middle Ages. Emphasis is placed upon speculative and creative nature as it is reflected in literature, art, music, philosophy, religion, and drama. This course requires written compositions totaling at least 6,000 words. If used to meet the requirements of the AA Degree, a grade of "C" or higher must be attained. 48 class hours.

**HUM 2230 Humanities II** 3 cr.
Prerequisite: HUM 2211 completed with a grade of "C" or higher. A study of Western Culture from the Renaissance to the present. This course requires written compositions totaling at least 6,000 words. If used to meet the requirements of the AA Degree, a grade of "C" or higher must be attained. 48 class hours.

**HUM 2700 Overseas Study in the Humanities** 3 cr.
This course offers students a 2-week travel program centered around the countries and cities of the area. The course will provide lectures and discussions on the humanities area before, during, and after the trip, and field experiences in the humanities areas during the trip. Students will gain an understanding and appreciation of the ideas and ideals that shaped the cultural heritage of Western Civilization through on-site study of great works of art, architecture, music, drama, religion, and philosophy. This credit applies toward electives for the AA Degree. This course does not satisfy the humanities requirement for a degree. Special fees: registration fees plus cost of trip, 48 hours of formal instruction.

**Interdisciplinary**

**IDS 2250H Introduction to Asian Arts and Letters (Honors Course)** 3 cr.
Prerequisite: Permission for admission to honors courses and ENC 1101 with an "A." An introduction to the aesthetic, intellectual, cultural, and literary traditions of three great Asian civilizations—China, India, and Japan. This course will examine Oriental ideas and ideals of human nature, the universe, social and spiritual reality, and individual existence as reflected in thought systems such as Buddhism and Taoism. Western images of contemporary Asian culture rep-
PLA 1263 Evidence and Trial Practice 3 cr.
Prerequisite: PLA 1204 or consent of instructor. A study of the law and rules of admissibility of evidence. The course includes interviewing and investigative techniques, preparing and organizing courtroom materials, compiling documentary and demonstrative evidence, and effective courtroom assistance. 48 class hours.

PLA 1203 Criminal Law for Legal Assistants 3 cr.
An intensive study of the law of crimes, the elements of various crimes, and defenses to criminal prosecution. This course includes basic criminal court procedure and practice in state and federal courts, and basic prosecution and defensive strategies. 48 class hours.

PLA 1763 Law Office Management 2 cr.
A study of the fundamental concepts of law office management including client record-keeping and retrieval systems, timekeeping, billing and accounting practices, personnel management and business relationships, and law office equipment, technology and supervision. 32 class hours.

PLA 2104 Legal Research and Writing I 3 cr.
An intensive study of the fundamentals of legal research and the sources and materials used in legal research. This course introduces the student to legal writing and the format for memoranda of law. 48 class hours.

PLA 2114 Legal Research and Writing II 3 cr.
Prerequisite: PLA 2104 or consent of instructor. An advanced study of legal research and writing techniques, including proper citation form and the presentation of logically sound and convincing legal argument. The student will prepare various types of legal memoranda and an appellate brief. 48 class hours.

PLA 2273 Torts 3 cr.
An intensive study of the law of intentional torts, negligence, and strict liability, including the elements of each and their related defenses. Principles of insurance will also be covered. The student will apply tort concepts to hypothetical factual scenarios. 48 class hours.

PLA 2445 Commercial Transactions 2 cr.
Corequisite: PLA 2540 or consent of instructor. A practical skills course where students review and prepare transactional documents associated with real estate and business transactions, and prepare basic tax returns. 32 class hours.

PLA 2465 Debtor, Creditor, and Bankruptcy 3 cr.
A study of debtor and creditor rights and remedies, and the law and procedure of federal bankruptcy. The student will examine and prepare basic bankruptcy forms. 48 class hours.

PLA 2540 Real Property Law 3 cr.
Corequisite: PLA 2443 or consent of instructor. A study of the law of real property, including types of ownership, future interests, concurrent estates, and liens and encumbrances. The course includes an examination of real property transaction documents including leases, deeds, mortgages, and transfer and closing documents. 48 class hours.

PLA 2603 Wills, Estates, and Trusts 3 cr.
A survey of common forms of wills and trusts, and a study of the law applicable to wills, trusts, and the probate of estates. This course includes examination and drafting of basic wills and probate documents. 48 class hours.

PLA 2803 Domestic Relations 3 cr.
A study of the law of dissolution of marriage, separation, custody, legitimacy, patriesty, adoption, change of name, and guardianship. The student will examine and draft basic domestic documents related to the topics covered. 48 class hours.

PLA 2849 Cooperative Legal Practicum 3 cr.
A coordinated practicum course which reinforces the educational and professional growth of the student through parallel involvement in
classroom studies and field experience. The student and instructor will determine the objectives for the course assignment. The student will be evaluated by the instructor and the field supervisor according to those objectives, and performance will be graded as "Pass/ Fail." This course will include a minimum of 96 hours of field experience together with at least three conferences with the instructor.

**Mathematics**

MAC 1102 Essentials of College Algebra 3 cr.  
Prerequisite: Appropriate placement score or MAT 1033 (completed with a grade of "C" or higher). An introduction to college algebra. Topics include: polynomials, rational expressions, radical, exponential, linear and quadratic equations and inequalities, functions, systems of equations and exponential and logarithmic functions. This course does not meet the prerequisites for either calculus course (MAC 2233 or MAC 2311). If used to meet the requirements of the AA Degree, a grade of "C" or higher must be obtained. Students cannot use both MAC 1102 and MAC 1104 to satisfy AA Degree mathematics requirements. 48 class hours.

MAC 1104 College Algebra for Calculus 4 cr.  
Prerequisite: MAT 1033 (completed with a grade of "C" or higher) or required score on placement test. A study of the techniques of algebra. Topics include solutions of equations, systems of equations, inequalities and systems of inequalities; polynomial and rational functions; exponential and logarithmic functions; graphing techniques; matrices and determinants; conic sections. If used to meet the requirements of the AA Degree, a grade of "C" or higher must be obtained. Students cannot use both MAC 1102 and MAC 1104 to satisfy AA Degree mathematics requirements. 64 class hours.

MAC 1114 Trigonometry 3 cr.  
Prerequisite: MAC 1102 or MAC 1104 (completed with a grade of "C" or higher). This course offers a study of trigonometry with emphasis on the definitions and properties of the trigonometric functions as functions of a real variable. Topics include: circular functions, inverse functions, identities, trigonometric equations, and solutions of triangles. If used to meet requirements of the AA Degree, a grade of "C" or higher must be obtained. 48 class hours.

MAC 2233 Applied Calculus 4 cr.  
Prerequisite: MAC 1104 (completed with a grade of "C" or higher). This course provides applications of calculus to business, economics and the social sciences. Topics include: limits, rate of change, differentiation and integration of algebraic, logarithmic and exponential functions with particular emphasis on applications. MAC 2233 is not designed for those students who plan to major in mathematics, engineering or the natural sciences. Credit is not given for both MAC 2233 and MAC 2211. If used to meet the requirements of the AA Degree, a grade of "C" or higher must be obtained. 48 class hours.

MAC 2311 Calculus and Analytic Geometry I 4 cr.  
Prerequisite: MAC 1104 and MAC 1114 (both completed with a grade of "C" or higher). This course is designed for students who plan to major in mathematics, computer science, engineering, or other sciences. Topics include: limits and continuity; rules of differentiation; derivatives of polynomial, trigonometric, logarithmic, exponential, hyperbolic, and inverse trigonometric (and inverse hyperbolic) functions; L'Hopital's rule; applications of derivatives; and integration. If used to meet the requirements of the AA Degree, a grade of "C" or higher must be obtained. 48 class hours.

MAC 2312 Calculus and Analytic Geometry II 4 cr.  
Prerequisite: MAC 2311 (completed with a grade of "C" or higher). This course is designed for students who plan to major in mathematics, computer science, engineering, or other sciences. Topics include: applications of integration; techniques of integration such as integration by parts, trigonometric substitutions, partial fractions and rationalizing substitutions; improper integrals; Taylor's Formula; sequences and series; conics; and polar coordinates. If used to meet the requirements of the AA Degree, a grade of "C" or higher must be obtained. 48 class hours.

MAC 2313 Calculus and Analytic Geometry III 4 cr.  
Prerequisite: MAC 2312 (completed with a grade of "C" or higher). This course is designed for students who plan to major in mathematics, computer science, engineering, or other sciences. Topics include: plane curves, vectors and motion; vector geometry, dot products and cross products, curves in space, cylindrical and spherical coordinates, partial derivatives, tangent planes, multiple integrals, line integrals, and Green's Theorem. If used to meet the requirements of the AA Degree, a grade of "C" or higher must be obtained. 64 class hours.

*MAT 0012 Prealgebra 4 cr.  
See College Preparatory Courses.

*MAT 0024 Elementary Algebra 4 cr.  
See College Preparatory Courses.

MAT 1033 Intermediate Algebra 4 cr.  
Prerequisite: Satisfactory placement score or MAT 0024 (completed with a grade of "C" or higher). This course is designed to prepare students for entry into MAC 1102 or MAC 1104. Topics include sets, linear and quadratic equations and inequalities, polynomials, rational expressions and equations, graphing first-degree equations and inequalities, exponents and radical expressions. 64 class hours.

MGF 1113 College Mathematics I 3 cr.  
Prerequisite: Two years of high school mathematics. This course has an emphasis on general concepts. Among the topics included are: introductory algebra, probability, statistics, and geometry. 48 class hours.

MGF 1114 College Mathematics II 3 cr.  
Prerequisite: MGF 1113. This is an extension of MGF 1113. Among the topics included are: introductory algebra, probability, statistics, and geometry. 48 class hours.

MGF 1202 Finite Mathematics 3 cr.  
Prerequisite: Appropriate placement test score or MAT 1033 (completed with a grade of "C" or higher). Topics include: set theory, logic, mathematical systems, sets of numbers, and systems of numeration. 48 class hours.

MTB 2370 Applied Mathematics for Allied Health 1 cr.  
Prerequisite: Appropriate placement test score or MAT 0012 (completed with a grade of "C" or higher). This course introduces fundamental mathematics of drug therapy. Topics include: systems of drug measure, reading medication labels and syringe calibrations, calculating drug dosages, pediatric medication administration and IV drug therapy. 16 class hours.

QMB 1001 Business Mathematics 3 cr.  
See Business Administration and Management Courses.

STA 2014 Applied Statistics 3 cr.  
Prerequisite: MGF 1202 (completed with a grade of "C" or higher), satisfactory placement score, or MAT 1033 (completed with a grade of "C" or higher). A study of fundamental statistical methods, including the basic concepts of probability, the basic statistical distributions, measures of central tendency and dispersion, sampling techniques, and Student's T distribution. If used to meet requirements of the AA Degree, a grade of "C" or higher must be obtained. 48 class hours.

**Military Science**

MIS 1010 Introduction to Military Science 3 cr.  
This course covers the history and organization of the Reserve Officers Training Corps (ROTC) and its mission in support of U.S. national defense policies. Strong emphasis is placed on the relation of the U.S. defense establishment to the federal government, and extensive discussion of contemporary military/political issues is con-
MIS 1110 Music Appreciation 3 cr.
A general survey of music and its composers, with extensive listening, in order to develop an intelligent understanding and appreciation of the world's great music. This course is open to all students. 48 class hours.

MUN 1310 College Chorus 1 cr.
This course will offer a wide variety of types and periods of choral literature. It is open to all students of the college and the members of the community. No auditions are given. This group will represent the college in school and community functions. 32 laboratory hours.

MUN 1340 Chamber Singers 1 cr.
This course is for experienced singers with some musical training. Students will be expected to study and perform assigned literature from the 14th century to the present with emphasis on 16th and 17th century chamber works. An audition is required. This course may be repeated for credit up to four times with permission of instructor (MUN 1340A, MUN 1340B, MUN 1340C, and MUN 1340E). 32 laboratory hours.

MUN 1450 Piano Ensemble 1 cr.
Prerequisite: Consent of instructor. This course is designed to assist the pupil in learning how to perform in ensemble with other musicians. Repertoire will include piano duet and trio-piano works from the standard repertoire as well as piano accompaniments for vocal and instrumental solos. Audition required. Special fee required. 32 laboratory hours.

MUT 1001 Fundamentals of Music 3 cr.
This course will include basic skills in reading and writing music. A fundamental knowledge of pitch, rhythm, tonality, and harmonic organization will be presented with an emphasis on its application in a variety of activities. No prior knowledge of music is necessary to enroll in this course. 48 class hours.

MUT 1121 Music Theory I 4 cr.
Prerequisite: MUT 1001. The purpose of Music Theory I is to provide the fundamentals of music, including chord construction and progression, elements of form analysis and harmony, rhythmic and melodic ear training, dictation, sight-singing, and simple composition. 48 lecture hours and 32 laboratory hours.

MUT 1122 Music Theory II 4 cr.
Prerequisite: MUT 1121. The purpose of Music Theory II is to provide a continuation of Music Theory I with emphasis on further development of musical skills. 48 lecture hours and 32 laboratory hours.

MUT 2126 Music Theory III 4 cr.
Prerequisite: MUT 1122. The purpose of Music Theory III is to provide advanced harmony and chord structure, examination and analysis of form and style from the past to the contemporary, advanced problems in composition for various media, and a continued development of aural skills. 48 lecture hours and 32 laboratory hours.

MUT 2127 Music Theory IV 4 cr.
Prerequisite: MUT 2126. The purpose of Music Theory IV is to provide the final sequence of Music Theory with emphasis on continued development of harmonic materials, aural and visual analysis, and problems in composition involving form and instrumentation. 48 lecture hours and 32 laboratory hours.

NOTE: Applied Music courses are designed for those students who plan to major in music and may NOT be transferable to a four-year college/university. Music students, both major and non-major, are urged to check with the college/university of their choice for transferability of these courses.
Applied Music I – Preparatory 1 cr.
Prerequisite: Audition and consent of instructor prior to enrollment. Corequisite: Voice students must enroll in Applied Music in the same semester as Applied Music (Voice Repertoire Class MVV 1510A). Private instruction in voice, piano, guitar, organ, woodwind, string, and percussion instruments designed to cultivate in the student the ability to perform representative solo repertoire. Preparatory students are students who seek to raise their performance level to a higher major level or desire a secondary instrument while studying as an intended music major on another instrument. Non-music major students may be permitted to study on any space is available and if they have previous music background. Credit for this course will not count toward principal instrument requirements for those students who will be transferring to a four-year college/university. Special fee $90.00. Students receive one-half hour private lesson per week. Attendance and/or performance in a recital each semester may be required. 8 laboratory hours.

MVK 1111A Class Piano I 1 cr.
This class is for beginning piano students meeting in groups of six or more. Open to all students. Emphasis is placed on music reading and elementary techniques. Special fee $20.00. 32 laboratory hours

MVK 1111B Class Piano II 1 cr.
Prerequisite: MVK 1111A. This class is a continuation of MVK 1111A. Special fee $20.00. 32 laboratory hours

MVV 1111A Class Voice I 1 cr.
For singers with no previous vocal study and instrumentalists wishing a fundamental vocal knowledge. Emphasis on tone production and correct diction. Open to all students. 32 laboratory hours

MVV 1111B Class Voice II 1 cr.
A continuation of MVV 1111A. Open to all students. 32 laboratory hours

MVV 1510A Vocal Repertoire Class 1 cr.
Corequisite: MVV 1011A. Vocal Repertoire is a corequisite of all Applied Voice courses. Students will discuss and perform their solo repertoire in a class environment. Emphasis will be placed on performance skills including vocal dynamics, interpretation of literature, and stage preparation. 16 laboratory hours

MVV 1510B Vocal Repertoire Class 1 cr.
Corequisite: MVV 1011B. Vocal Repertoire is a corequisite of all Applied Voice courses. Students will discuss and perform their solo repertoire in a class environment. Emphasis will be placed on performance skills including vocal dynamics, interpretation of literature, and stage preparation. 16 laboratory hours

MVV 1510D Vocal Repertoire Class 1 cr.
Corequisite: MVV 2021A. Vocal Repertoire is a corequisite of all Applied Voice courses. Students will discuss and perform their solo repertoire in a class environment. Emphasis will be placed on performance skills including vocal dynamics, interpretation of literature, and stage preparation. 16 laboratory hours

MVV 1510E Vocal Repertoire Class 1 cr.
Corequisite: MVV 2021B. Vocal Repertoire is a corequisite of all Applied Voice courses. Students will discuss and perform their solo repertoire in a class environment. Emphasis will be placed on performance skills including vocal dynamics, interpretation of literature, and stage preparation. 16 laboratory hours

MVV 2520B Vocal Repertoire Class 1 cr.
Corequisite: MVV 1311B. Vocal Repertoire is a corequisite of all Applied Voice courses. Students will discuss and perform their solo repertoire in a class environment. Emphasis will be placed on performance skills including vocal dynamics, interpretation of literature, and stage preparation. 16 laboratory hours

MVV 2520D Vocal Repertoire Class 1 cr.
Corequisite: MVV 2321A. Vocal Repertoire is a corequisite of all Applied Voice courses. Students will discuss and perform their solo repertoire in a class environment. Emphasis will be placed on performance skills including vocal dynamics, interpretation of literature, and stage preparation. 16 laboratory hours

MVV 2520E Vocal Repertoire Class 1 cr.
Corequisite: MVV 2321B. Vocal Repertoire is a corequisite of all Applied Voice courses. Students will discuss and perform their solo repertoire in a class environment. Emphasis will be placed on performance skills including vocal dynamics, interpretation of literature, and stage preparation. 16 laboratory hours

Nursing

NUR 1001C Adult Nursing LPN/Track 4 cr.
Prerequisite: PSY 1012, ENC 1101, BSC 1085, BSC 1085L, BSC 1086, BSC 1086L, DEP 2004, and admission to the Nursing Program, ADN/LPN Track. This course is offered for students entering the ADN/LPN Track of the Nursing Program and facilitates student growth through validation and expansion of knowledge and skills achieved in previous nursing and general education courses. The nursing process is introduced and used as an approach to nursing care. Emphasis is placed on assisting ill adult clients with more commonly occurring health problems in meeting basic human needs relating to oxygenation, nutrition, elimination, comfort and safety, security, and mobility. The roles of the registered nurse as a provider of care, communicator, teacher, manager, and member of a profession are introduced and provide the framework for clinical application and evaluation in acute care settings. Additional campus laboratory hours may be required. Lab fee and professional liability fee required. 32 hours of classroom instruction and 96 hours of clinical and laboratory instruction

NUR 1020C Fundamentals of Nursing 10 cr.
Prerequisite: ENC 1101, PSY 1012, BSC 1085, and BSC 1085L (must be completed satisfactorily prior to being considered for admission to the Nursing Program). Pre or corequisites: BSC 1086, BSC 1086L, and MTB 2370. This course introduces concepts and skills basic to nursing care for clients and their families. The nursing process is introduced and used as an approach to nursing care with emphasis on assessment of basic human needs relating to oxygenation, nutrition, elimination, comfort and safety, security, and mobility. The roles of the nurse as provider of care, communicator, teacher, manager, and member of a profession are introduced and provide the framework for clinical application and evaluation. Lab fee and professional liability insurance fee required. 96 lecture hours and 192
clinical and laboratory hours. Additional campus laboratory hours may be required.

NUR 120C Adult Nursing I/Gen/Track 10 cr.  
Prerequisite: NUR 102C, BSC 1086, BSC 1086L, and MTB 2370.  
Pre or corequisite: NUR 210C 2004. This course emphasizes the roles of the nurse as a provider of care, communicator, teacher, manager, and member of a profession. The framework for clinical application and evaluation. Lab fee required. 40 lecture hours and 144 clinical and laboratory hours. Additional campus laboratory hours may be required.

NUR 1991C Adult Nursing I/Paramedic Track 4 cr.  
Prerequisite: NUR 102C, BSC 1086, BSC 1086L, and MTB 2370.  
Pre or corequisite: DEP 2004. This course emphasizes the roles of the nurse as a provider of care, communicator, teacher, manager, and member of a profession. The framework for clinical application and evaluation. Lab fee required. 40 lecture hours and 144 clinical and laboratory hours. Additional campus laboratory hours may be required.

NUR 2412C Maternal-Child Nursing/  
LPN Track 6 cr.  
Prerequisite: NUR 1001C, NUR 120C, and DEP 2004. This course emphasizes the roles of the nurse as a provider of care, communicator, teacher, manager, and member of a profession. The framework for clinical application and evaluation. Lab fee required. 40 lecture hours and 144 clinical and laboratory hours. Additional campus laboratory hours may be required.

NUR 2460C Maternal-Child Nursing/  
Generic Track 10 cr.  
Prerequisite: NUR 120C and DEP 2004. This course emphasizes the roles of the nurse as a provider of care, communicator, teacher, manager, and member of a profession. The framework for clinical application and evaluation. Lab fee required. 80 lecture hours and 256 clinical and laboratory hours. Additional campus laboratory hours may be required.

NUR 2711C Adult Nursing II/Gen Track 10 cr.  
Prerequisite: NUR 120C. This course emphasizes the roles of the nurse as a provider of care, communicator, teacher, manager, and member of a profession. The framework for clinical application and evaluation. Lab fee required. 80 lecture hours and 256 clinical and laboratory hours. Additional campus laboratory hours may be required.
NUR 2996C Adult Nursing III
Paramedic Track 4 cr.
Prerequisite: NUR 2995C. Pre or corequisite: NUR 2820. This course is a continuation of NUR 2995C. The course emphasizes a broad, in-depth application of the nursing process in assisting adults and their families to meet their basic health needs. Emphasis is placed on the more complex and more commonly occurring health needs of clients in various settings. The roles of the nurse as a provider of care, communicator, teacher, manager, and member of a profession provide the framework for clinical application and evaluation. Lab fee required. 16 lecture hours and 144 clinical and laboratory hours. Additional campus laboratory hours may be required.

Paralegal

See Legal Assisting Courses.

Paramedics

See Emergency Medical Services Courses.

Philosophy

PHI 1690 Applied Ethics 3 cr.
Prerequisite: ENC 1101. This course is designed to provide an introductory background to ethics and an in-depth study of ethical implications necessary to an intelligent analysis of contemporary issues. Emphasis will be placed on the systematic generation of options in order to determine choices for resolving dilemmas. 48 class hours.

Physical Education

HSC 1100 Personal and Community Health 3 cr.
This course is a study of health problems that are of major importance in society. Topics include stress management, emo.

HSC 1101 Perspectives of Health and Wellness 3 cr.
This course incorporates theory and practical applications in the areas of health and wellness. Emphasis is placed upon self-assessment of the health-related components of fitness, nutrition, stress management, substance abuse, principles and benefits of exercise, prevention of disease, and other current issues related to health, physical fitness and wellness. Physical activity may be a required component of this course. 48 class hours.

PEL 1111 Beginning Bowling 1 cr.
The course is designed to introduce the student to the sport of bowling. Fundamental skills, history, rules, scoring, and etiquette will be stressed. Lab fee required. 8 lecture hours and 24 laboratory hours.

PEL 1121 Beginning Golf 1 cr.
This course is an introduction to the history, rules, and social and physical values of golf. The basic fundamentals pertaining to grip, stance, posture, and swing are stressed. Primary emphasis is to provide the student with the proper knowledge and skills necessary to enjoy recreational golf. Lab fee required. 8 lecture hours and 24 laboratory hours.

PEL 1122 Intermediate Golf 1 cr.
Prerequisite: PEL 1121 or consent of instructor. This course is a continuation of PEL 1121. It is designed to enhance the student's understanding and application of golf strategies (the proper grip, stance, and swing) and golf etiquette and rules. Lab fee required. 8 lecture hours and 24 laboratory hours.

PEL 1321 Volleyball I 1 cr.
This course emphasizes fundamental skills, techniques, and defensive strategy, and understanding volleyball as a sport. 8 lecture hours and 24 laboratory hours.

PEL 1322 Volleyball II 1 cr.
Prerequisite: PEL 1321 or consent of instructor. This course emphasizes more advanced skills, techniques, and strategy of volleyball. 8 lecture hours and 24 laboratory hours.

PEL 1341 Beginning Tennis 1 cr.
This is a course for beginners, designed primarily to provide the student with the knowledge and skills necessary to enjoy recreational tennis. Lab fee required. 8 lecture hours and 24 laboratory hours.

PEL 1342 Intermediate Tennis 1 cr.
Prerequisite: PEL 1341 or consent of instructor. A continuation of tennis skill practice, with an emphasis on strategy. Singles or doubles play. Lab fee required. 8 lecture hours and 24 laboratory hours.

PEL 1441 Racquetball 1 cr.
This course is designed to teach the fundamentals of racquetball and to develop skills necessary for successful singles and doubles play. Lab fee required. 8 lecture hours and 24 laboratory hours.

PEL 1621 Basketball I 1 cr.
Instruction in basketball skills, history, and rules. Emphasis will be placed on developing individual skills. 8 lecture hours and 24 laboratory hours.

PEL 1622 Basketball II 1 cr.
Prerequisite: PEL 1621 or permission of instructor. This course is a continuation of PEL 1621 with added emphasis on techniques and methods and understanding play. Team strategy that accentuates both offense and defense will be developed. 8 lecture hours and 24 laboratory hours.

PEM 1331 Weight Training I 1 cr.
Instruction in the principles of weight training. The primary emphasis is skeletal muscular strength increases. General fitness improvement is also involved. 8 lecture hours and 24 laboratory hours.

PEM 1332 Weight Training II 1 cr.
Prerequisite: PEM 1331. A continuation of PEM 1331. Emphasis is placed on muscular strength development, nutrition, and diet. 8 lecture and 24 laboratory hours.

PEM 1371 Aerobic/Step Training I 1 cr.
A fitness activity course that combines step training, strengthening, and cardiovascular conditioning. This activity is based on the principle of aerobic activity. Lab fee required. 8 lecture hours and 24 laboratory hours.

PEM 1372 Aerobic/Step Training II 1 cr.
Prerequisite: PEM 1371, step training experience, or consent of instructor. A combination of creative power/step training and cardiovascular movements for the improvement of cardiorespiratory endurance. Lab fee required. 8 lecture hours and 24 laboratory hours.

Physical Science

PSC 1311 Survey of the Physical Sciences 3 cr.
Prerequisite: REA 0002 (completed with a grade of "C" or higher). A non-laboratory course intended for non-science majors. It provides an introduction to the atomic nucleus and nuclear power, the periodic table, chemical bonding, and basic organic chemistry; meteorology and earth science; and astronomy. It is recommended that students complete this course prior to enrolling in BSC 1005, BSC 3030, or OCE 2501. (Students cannot receive credit in both this course and the former Introduction to the Physical Universe II course.) 48 class hours.
TSC 1341 Introduction to the Physical Sciences 3 cr.
Precalquisite: REA 0002 (completed with a grade of "C" or higher) or appropriate placement test score. A non-laboratory course intended for non-science majors. The course provides an introduction to physics and chemistry. A working knowledge of simple algebra is assumed. (Students cannot receive credit in both this course and the former Introduction to the Physical Universe 1 course.) 48 class hours

**Physics**

PHY 1053 General Physics I 3 cr.
Precalquisite: REA 0002 (completed with a grade of "C" or higher) or appropriate placement test score. Precalquisite: MAC 1114 Corequisite: PHY 1053. This is a non-calculus general physics course intended for those students not majoring in engineering or the physical sciences. Topics include mechanics, heat and sound. 48 lecture hours

PHY 1053L General Physics I Laboratory 1 cr.
Precalquisite: MAC 1114. Corequisite: PHY 1053. A laboratory investigation into fundamental concepts of physics. Topics include mechanics, heat and sound. Lab fee required. 32 laboratory hours

PHY 1054 General Physics II 3 cr.
Precalquisite: MAC 1114, PHY 1053 and PHY 1053L (all completed with grades of "C" or higher). Corequisite: PHY 1054. This is a non-calculus general physics course intended for those students not majoring in engineering or the physical sciences. Subject matter includes electricity, magnetism, light, and selected topics in modern physics. 48 lecture hours

PHY 1054L General Physics II Laboratory 1 cr.
Precalquisite: MAC 1114, PHY 1053 and PHY 1053L (all completed with grades of "C" or higher). Corequisite: PHY 1054. A laboratory investigation into fundamental concepts of physics. Topics include electricity, magnetism, optics and modern physics. Lab fee required. 32 laboratory hours

**Political Science**

INR 2002 World Perspectives: An Introduction to International Relations 3 cr.
Precalquisite: POS 2041 or consent of instructor. A study of the basic principles and actors of the international system with emphasis on the past, present, and possible future roles of the United States in world affairs. 48 class hours

POS 2041 American Federal Government 3 cr.
A study of the theory, organization, principles, and functioning of the Federal Government, emphasizing the relationship of the individual to the government and a study of the U.S. Constitution. 48 class hours

POS 2112 State and Local Government 3 cr.
A study of state, county, and municipal government with emphasis on the newer trends in local government. 48 class hours

**Psychology**

CLP 2140 Abnormal Psychology 3 cr.
Precalquisite: PSY 1012. An examination of the major categories of mental disorders. Diagnostic criteria, treatment methods, and legislation applicable to the mentally disabled are studied. Local agencies which provide services to the mentally disordered are reviewed. 48 class hours

DEP 2001 Child Psychology 3 cr.
Precalquisite: PSY 1012. This course is a study of the evolving child from birth to adolescence. Included in the course are selections on genetics, environment, learning, motivation, and a description of the several stages of childhood including pre-teen, infancy, preschool, and the elementary school. 48 class hours

DEP 2004 Life-Span Development 3 cr.
Precalquisite: PSY 1012. This course is designed to acquaint the student with the theories and perspectives of the human organism's growth from birth to death. The biological, cognitive, language, social, emotional, and personality foundation and development for all age spans will also be studied. 48 class hours

DEP 2302 Adolescent Psychology 3 cr.
Precalquisite: PSY 1012. This course is an introduction to the child from the onset of puberty to adulthood. Emphasis is placed on the unique problems encountered during these years pertaining to the physical, emotional, social, familial, and educational growth of the adolescent. 48 class hours

DEP 2401 Psychology of Adulthood 3 cr.
Precalquisite: PSY 1012. This course focuses on the problems of life encountered after the age of 18. 48 class hours

EXP 1600 Creative Thinking and Imagination 3 cr.
Idealistic sources of creativity: nature and utilization of imagination, theories and application of creative thought and problem solving. Emphasis is on the importance of imagination in all walks of life and work. "Brainstorming" and case method approaches are stressed. Methods of screening and implementing ideas are studied. The objectives of the course include instilling an awareness of the importance of creative effort and stimulating the student's ability to utilize the creative approach to his/her life and work. 48 class hours

PSY 1012 Introduction to Psychology 3 cr.
An introduction to the field of psychology in which the student becomes better acquainted with the human being as a biologically-social organism. Topics include scientific method in psychology, interaction of heredity and environment, receptor mechanisms, perception, basic statistical concepts, intelligence, motivation, emotion, learning, normal and abnormal reaction to frustration, psychotherapy, and personality structure. 48 class hours

**Reading**

EDG 1317 Current Approaches and Techniques for Reinforcing Reading Instruction 3 cr.
See Education Courses.

*RE A 0001 Basic Reading
See College Preparatory Courses.

*RE A 0002 Fundamentals of Reading
See College Preparatory Courses.

RE A 1105 College Reading Techniques 3 cr.
A college-level reading course designed to develop and improve college reading skills. There is emphasis placed on proficiency in comprehension, flexibility of rate, and vocabulary improvement. Practice with specialized equipment and/or materials is provided. 48 class hours

RE A 1225 Essential Reading Skills (CLAST Review) 1 cr.
This course is designed to prepare students for the College Level Academic Skills Test (CLAST). Classroom activities, assignments, and tests will enable students to measure their reading rates in words per minute (WPM), increase the rate significantly, master the literal and critical comprehension skills necessary to pass the CLAST Reading Comprehension section, and reduce test anxiety by practicing with simulated CLAST reading materials. 16 class hours

RED 2310 Current Approaches in Teaching Reading 3 cr.
See Education Courses.
Real Estate

REE 1040 Real Estate Principles and Practices I 4 cr.
A study of the legal and economic aspects of real estate. This involves ownership and transfer of real property, the real estate market, titles, deeds, mortgages, liens, taxation, and property management. It will familiarize the student with law and its provisions under which the registration will operate. Satisfactory completion of this course permits the student to sit for the Florida Real Estate Commission Exam for the Salesman’s License. (Exam fee required.) 64 class hours

REE 2041 Real Estate Principles and Practices II 4 cr.
Prerequisite: 6 months registration as active salesperson. Designed to help prepare the real estate salesperson for the broker’s examination. Major topics include real estate finance, investment, management, and appraising. (Exam fee required.) 72 instructional hours required

REE 2100 Residential Appraisal 4 cr.
Prerequisite: Must have a current real estate salesperson’s license. This course provides the student with a broad understanding of real property appraisal concepts and the technical skills employed in applying these concepts to residential property. Credit may be earned toward fulfillment of professional designation requirements of the Society of Real Estate Appraisers. This course may also be used for fulfillment of certification credits of the Society of Real Estate Appraisers. 64 class hours

REE 2500 Property Management 3 cr.
Prerequisite: Must have a current real estate salesperson’s license. The course acquires students with efficient property management types, organization, methods, functions, and services. The scope includes property management from single family to income protection and income producing properties of various sizes and types. 48 class hours

Sociology

SYG 1361 Death in America 3 cr.
This course probes mortality, its psychological and social consequences, and the problems it poses for modern Americans. Combining history and recent research findings, the course illuminates such little-discussed issues as grief, mourning, suicide, life after death, the dying patient, widowhood, and the impact of the threat of world holocaust. 48 class hours

SYG 1420 Families in Transition 4 cr.
This course explores the history of the family in America. It includes recent past events and movements that have affected family life; the functioning of the family through various life stages with variations in ethnic, racial, and social class subgroups in American society; and the prospects for the family in the future. 48 class hours

SYG 2000 Introduction to Sociology 3 cr.
The study of human behavior as a product of group membership and social interaction. Basic concepts include: culture, social organization, social change, social control, social power, social movements, role and status, group behavior, race and ethnic relations, community, population, social class, and social mobility. 48 class hours

SYG 2010 Social Problems 3 cr.
American society is viewed as a social system whose ideology and values produce conditions defined by its members as social problems. Emphasis is given to the nature and cause of, and solutions to, these problems. 48 class hours

SYG 2221 Women in American Society 3 cr.
This course will examine the changing status and roles of women in American society since the turn of the century. Traditional and contemporary sources of gender identity and roles will be explored. 48 class hours

Spanish

SPN 1120 Beginning Spanish I 4 cr.
This course will introduce beginning students to Spanish in the four communicative skills (listening, speaking, reading, and writing), emphasizing the correct usage of grammar, and sensitizing students to the cultural contributions of the countries in which Spanish is spoken. 64 class hours

SPN 1121 Beginning Spanish II 4 cr.
Prerequisite: SPN 1120 or consent of instructor. This course will reinforce, expand, and review the basic skills previously acquired; develop increased listening, speaking, reading, and writing skills; and extend knowledge of grammar and the awareness of culture. Content will include more advanced language structures and idiomatic expressions, with a practical emphasis on vocabulary and conversational skills. 64 class hours

SPN 2200 Intermediate Spanish I 4 cr.
Prerequisite: SPN 1121, two years of high school Spanish, or the equivalent. The content will include, but not be limited to, more advanced language structures and idiomatic expressions, with emphasis on conversational skills. There should be additional growth in vocabulary for practical purposes, including writing. Reading selections will be varied. 64 class hours

SPN 2201 Intermediate Spanish II 4 cr.
Prerequisite: SPN 2200. The content will include, but not be limited to, more advanced conversational language structures and idiomatic expressions, with emphasis on conversational skills. There should be additional growth in vocabulary for practical purposes, including writing. Reading selections will be varied. 64 class hours

Speech

JOU 2100 Journalistic Writing and Reporting 3 cr.
See English Courses.

SPC 2600 Introduction to Public Speaking 3 cr.
This course provides practice in the preparation and delivery of various professional public address forms such as narration, demonstration, inquiry, reporting, evocation, and oral interpretation. Listening and analytic skills will be stressed through student appraisals of both professional and class speeches, including those audio and video taped. If used to meet the requirements of the A.A. Degree, a grade of "C" or higher must be attained. 48 class hours
LISTING OF TECHNICAL CREDIT COURSES

BUSINESS — TECHNICAL COURSES

CGS 0002 Introduction to Microcomputer 2 tech. cr.
Applications
Prerequisite: OTA 0101 or consent of instructor. This course introduces the student to basic computer and word processing concepts including file management, system back-up, equipment maintenance, diskette format and care, and DOS commands. In addition, the student may use the following software capabilities: text creation and editing, macros, mailing labels, enhancements, spreadsheets, and data base. Lab fee required. 60 hours of instruction

OTA 0212 Writing and Speaking for Business 2 tech. cr.
This course is designed to teach oral and written communication skills as applied to business settings. Topics include: listening skills; verbal and nonverbal messages; presentation skills; proper punctuation, grammar and spelling; and using reference materials. 60 hours of instruction

OTA 0101 Keyboarding I 2 tech. cr.
This course is designed to teach basic keyboarding and typing skills on the computer using word processing applications. It includes instruction of the alphabetic keyboard. Proper technique will be emphasized. Lab fee required. 60 hours of instruction

OTA 0611 Keyboarding II 2 tech. cr.
Prerequisite: OTA 0101 or consent of instructor. This course is a continuation of the touch system of typewriting and of basic and production skill building with an emphasis on professionalism. This course emphasizes typing speed and accuracy in typing using computer-based software applications. Lab fee required. 60 hours of instruction

SLS 0301 Professional Career Development 2 tech. cr.
This course will address basic human relations as applied to the job search process and to successful and professional job performance. Topics will include self-esteem, developing a professional image, career goals, business etiquette, interviewing procedures, stress management, and conflict resolution. 60 hours of instruction

CHILD CARE SUPERVISION

HEV 0104 Child Care Center Operation 2 tech. cr.
Pre- or corequisite: HEV 0111. This course will explore operational principles in child care settings. Topics will include curriculum format and implementation, learning styles, preparation of classroom activities, appropriate role models, time management, networking skills, and decision making. Included in this course is the Child Development Associate (CDA) content area of strategies to manage an effective program operation and maintaining a commitment to professionalism. 60 hours of instruction

HEV 0111 Child Growth and Development 2.5 tech. cr.
This course will introduce the student to child care services occupations, career options in the industry, the Florida State Child Care Act (FSCCA) and legislation which governs child care. In addition, the course is directed toward providing a safe learning environment promoting good health and nutrition; identifying the physical, social, emotional, and intellectual characteristics of a child from birth through age twelve; detection of and intervention into child abuse and neglect; and understanding how nutrition, environment, heredity, and disorders may influence the development of a child. Included in this course is the Child Development Associate (CDA) content area of planning a safe, healthy learning environment and principles of child growth and development. 75 hours of instruction

HEV 0116 Teaching Young Children 2.5 tech. cr.
Pre- or corequisite: HEV 0111. This course will provide opportunities to use a variety of individual and group activities to promote physical, social, emotional, and intellectual development of children. These activities are designed to stimulate curiosity, exploration, and problem-solving skills appropriate to the developmental level and learning style of the child. Included in this course is the Child Development Associate (CDA) content area of steps to advance children's physical and intellectual development, positive ways to support children's social and emotional development, and observing and recording children's behavior. Lab fee required. 75 hours of instruction

HEV 0137 Creating a Positive Classroom 2 tech. cr.
Pre- or corequisite: HEV 0111. This course presents a positive and supportive classroom environment in which each child learns and demonstrates acceptable and appropriate behaviors as individuals and in groups. Students will have the opportunity to practice in role-playing settings. Emphasis is on cooperative relationships with each child, family, and staff members. Included in this course is the Child Development Associate (CDA) content area of strategies to establish productive relationships with families. Lab fee required. 60 hours of instruction

HEV 0152 Child Care Center Operation Practicum 3 tech. cr.
Pre- or corequisite: HEV 0104. The student will be assigned to a child care center where the role of the child care worker and the organizational skills, maintenance of records, and on-the-job supervision will be practiced. This course will provide the opportunity to work with children and parents in a child care setting. Lab fee required. 75 hours of instruction

HEV 0173 Child Care Supervision Clinical 4 tech. cr.
Prerequisite: Successful completion of all other courses in the program or consent of instructor. This course provides the student with practical experience in a child care setting. The student will be assigned to a child care center where the role of the child care worker and the organizational skills, maintenance of records, and on-the-job supervision will be practiced. This course will provide the opportunity to work with children and parents in a child care setting. Lab fee required. 120 hours of clinical instruction

HEV 0182 Creating a Positive Classroom Practicum 3 tech. cr.
Pre- or corequisite: HEV 0137. The student will be assigned to a child care center where the role of the child care worker and the organizational skills, maintenance of records, and on-the-job supervision will be practiced. Emphasis is on cooperative relationships with each child, family, and staff members. This course will provide the opportunity to work with children and parents in a child care setting. Lab fee required. 120 hours of clinical instruction

HEV 0183 Child Growth and Development Practicum 3 tech. cr.
Pre- or corequisite: HEV 0111. The student will be assigned to a child care center where the role of the child care worker and the organizational skills, maintenance of records, and on-the-job supervision will be practiced. Emphasis is on cooperative relationships with each child, family, and staff members. This course will provide the opportunity to work with children and parents in a child care setting. Lab fee required. 120 hours of clinical instruction
as "Pass/Fail." Professional liability insurance fee required. 90 hours of clinical instruction.

HEV 0187 Teaching Young Children
Practicum 3 tech. cr.
Pre- or corequisite: HEV 0116. The student will be assigned to a child care facility where group activities to promote physical, social, emotional, and intellectual development of children and techniques in observing and recording children's behavior will be practiced. This course will apply toward the Child Development Associate (CDA) requirement for direct work with children. A student who is employed in a child care center can use this course as the course site. Student achievement in this course is graded as "Pass/Fail." Professional liability insurance fee required. 90 hours of clinical instruction.

CODER SPECIALIST

Note: Courses with an "HSC" prefix can be found under the "Health - Technical" heading in this catalog section.

MRE 0203 Coding for Medical Records 6 tech. cr.
Prerequisites: HSC 0533, a valid CPR card, and an approved 4-hour AIDS seminar. This course includes the history of medical record coding and coding principles, including the Physicians' Current Procedure Terminology (CPT) and the International Classification of Diseases, Ninth Revision, Clinical Modification (ICD-9-CM) statistical classification systems as used in physicians' offices, hospitals, and other medical facilities. Emphasis will be on the application of coding skills and will include visits to local coding offices. Lab fee required. 180 hours of instruction.

COSMETOLOGY

COS 0070 Employability Skills/State Board and Florida Cosmetology Law 5 tech. cr.
Prerequisites: COS 0006 or consent of instructor. This course is designed to provide the student with instruction in professional development (employability skills), and also with an overview of the process required by the State Board of Cosmetology for licensure. This instruction includes the study of cosmetology law, rules, and regulations. Lab experiences are included in this course. Lab fee required. 150 hours of instruction.

COS 0301 Hair Shaping 5 tech. cr.
Prerequisites: COS 0590 or consent of instructor. This course is designed to provide instruction in hair shaping and in the selection of proper cutting implement and proper style selection. Lab experiences are included in this course. Lab fee required. 150 hours of instruction.

COS 0400 Hairstyling 5 tech. cr.
Prerequisites: COS 0301 or consent of instructor. This course is designed to provide instruction in hairstyling, preparation and principles of design, and cutting of wigs and hair pieces. Lab experiences are included in this course. Lab fee required. 150 hours of instruction.

COS 0590 Laboratory Practices, Hair, and Scalp Care 5 tech. cr.
This course is designed to provide instruction in safety and sanitation procedures applicable to the classroom and laboratory environment. A component is included about Human Immunodeficiency Virus (HIV) and Acquired Immune Deficiency (AIDS). The course provides instruction in hair shampooing and scalp treatments. Lab experiences are included in this course. Lab fee and professional liability insurance fee required. 150 hours of instruction.

COS 0644 Permanent Waving/Restructuring 5 tech. cr.
Prerequisites: COS 0400 or consent of instructor. This course is designed to provide instruction in permanent waving and chemical hair restructuring (relaxing). Instruction in analyzing the hair, selection of appropriate solutions, and implementation is provided. Lab experiences are included in this course. Lab fee required. 150 hours of instruction.

COS 0700 Hair Coloring 5 tech. cr.
Prerequisites: COS 0644 or consent of instructor. This course is designed to provide the student with instruction in hair tinting and bleaching. Lab experiences are included in this course. Lab fee required. 150 hours of instruction.

COS 0870 Skin Care/Entrepreneurship 5 tech. cr.
Prerequisites: CSP 0006 or consent of instructor. This course is designed to provide the student with instruction in performing facials and applying makeup. This course also includes instruction in salon management and entrepreneurship, budgeting, site selection, design layout, equipment selection, and sales development. Lab experiences are included in this course. Lab fee required. 150 hours of instruction.

COS 0920 Cosmetology Review 1 tech. cr.
Prerequisites: Consent of instructor. This course is designed for the student who needs additional hours as required by the State Board of Cosmetology or for the student who needs additional preparation for the State Board examination. It is recommended for the licensed cosmetologist who desires to update knowledge and skills. (May be taken for credit up to five times.) Lab fee required. 30 hours of instruction.

CSP 0006 Nail Care 5 tech. cr.
Prerequisites: COS 0700 or consent of instructor. This course is designed to provide instruction in performing manicures, pedicures, artificial nails, and nail wraps. Lab experiences are included in this course. Lab fee required. 150 hours of instruction.

CSP 0920 Cosmetology Review - Manicuring, Pedicuring/Nail Extension Specialist 8 tech. cr.
Pre or corequisite: NCH 0001. This course will provide instruction on safety and sanitary measures relative to manicuring and pedicuring, nail structures, nail irregularities and diseases, artificial and sculptured nails and extensions, manicuring and pedicuring, manipulation of the hands and feet, and Florida Cosmetology law and rules. Lab fee and professional liability insurance fee required. 240 hours of instruction.

CSP 0921 Cosmetology Review - Facial Specialist 9 tech. cr.
This course will provide instruction on the safety and disinfecting measures relative to facials, a study of the skin and its structure, functions, and abnormalities; the basic massage movements in performing a facial; how to select appropriate cosmetics, and the techniques used in applying makeup, how to apply false eyelashes, how to tint lashes and brows, and Florida Cosmetology law and rules. Lab fee and professional liability insurance fee required. 270 hours of instruction.
DEA 0000 Introduction to Dental Assisting .5 tech. cr.
Prerequisite: None. This course is designed to introduce the dental assisting student to the roles and functions of the dental assistant as a member of the dental health team. Selected topics from the content areas of general dental care are covered and include history and development of dentistry, legal and ethical responsibilities, communication, and interpersonal relationships. 15 hours classroom instruction

DEA 0021 Dental Anatomy I 1 tech. cr.
Prerequisites: DEA 0000 and DEA 0020. Corequisites: DEA 0000. This course is a study of the anatomy and structures in the oral cavity. Topics include the normal anatomy of the oral cavity, and 30 hours classroom instruction

DEA 0023 Dental Assisting Expanded Functions / Dental Assisting I 1 tech. cr.
Prerequisite: DEA 0000. Corequisites: DEA 0000. This course is designed to provide the dental assisting student with knowledge and clinical skills needed to satisfy requirements for certification in expanded functions as defined in the Florida State Dental Practice Act. Student achievement in this course is graded as "Pass/Fail." Lab fee required. 5 hours classroom instruction, 10 hours laboratory instruction, and 15 clinical hours

DEA 0020 Dental Materials/Dental Assisting I .5 tech. cr.
Prerequisites: DEA 0000, DEA 0020, and DEA 0020. Corequisites: DEA 0031, DEA 0031, DEA 0031, and DEA 0031. This course provides knowledge, skills, and procedures used in the field of dentistry. Hands-on experience with equipment and materials is provided in the laboratory. Additional laboratory hours may be required. Laboratory fee required. 15 hours classroom instruction and 30 hours laboratory instruction

DEA 0025 Dental Radiography / Dental Assisting I 2 tech. cr.
Prerequisites: Admission to the Dental Assisting Program. Corequisites: DEA 0021, DEA 0040, and DEA 0040. This course covers the history of x-rays, production and uses of x-rays, and background and theory for safe and effective use of radiation in dentistry. Included are the physical and biological effects of radiation. The laboratory component of this course provides the opportunity for the student to develop proficiency in exposing radiographs using digital techniques. Student achievement in this course is graded as "Pass/Fail." 10 clinical hours

DEA 0031 Dental Office Emergencies .5 tech. cr.
Prerequisites: American Heart Association CPR Certification Course C and DEA 0000. Corequisites: DEA 0000, DEA 0026, DEA 0031, and DEA 0031. This course includes elements of efficient office management, scheduling, personnel interactions, recall systems, filing, insurance forms and procedures, and emergency planning for medical emergencies. 15 hours classroom instruction

DEA 0030 Preventive Dentistry for the Dental Assistant .5 tech. cr.
Prerequisites: Admission to the Dental Assisting Program. Corequisites: DEA 0000, DEA 0020, and DEA 0400. This course is designed to introduce the dental assisting student to the theories and mechanisms of preventive dentistry. Content includes specific to the role of nutrition in oral health, patient education, disease processes, and disease prevention is included. 15 hours classroom instruction

DEA 0040 Anatomy and Physiology / Dental Assisting I 1 tech. cr.
Prerequisite: Admission to the Dental Assisting Program. Corequisites: DEA 0021, DEA 0020, and DEA 0040. This course introduces the student to the basic concepts of human anatomy (structure) and physiology (function) on both the gross and cellular level. This course is divided into body systems and emphasizes the relationships of body systems. 15 hours classroom instruction

DEA 0800C Dental Assisting Clinical Procedures I 2 tech. cr.
Prerequisite: DEA 0000. Corequisites: DEA 0200C, and DEA 0000. This lecture/lab course introduces the dental assisting student to clinical skills and procedures, patient assessment, patient education, instrumentation, and aseptic techniques. Additional laboratory hours may be required. Laboratory fee required. 15 hours classroom instruction, 35 hours laboratory instruction, and 10 clinical hours

DEA 0801C Dental Assisting Clinical Procedures II 1.5 tech. cr.
Prerequisite: DEA 0800C. Corequisites: DEA 0100C, DEA 0931, DEA 0200C, and DEA 0200C. This course is designed to provide the dental assisting student with additional skills in general dentistry and introduce the student to his or her role in dental specialties. Additional laboratory hours may be required. Laboratory fee and professional liability insurance fee required. 10 hours classroom instruction, 25 hours laboratory instruction, and 10 clinical hours

DEA 0805L ClinicalExternship I / Dental Assisting 4 tech. cr.
Prerequisite: DEA 0801C. Corequisites: DEA 0200C, DEA 0931, DEA 0931, and DEA 0931. This course provides the student with clinical experiences in dental offices and clinics under the supervision of faculty and dentists. Experiences include chairside assistance, dental office administration, responsibility, radiography, client instruction, and case management. Student achievement in this course is graded as "Pass/Fail." 120 clinical hours

DEA 0851L Clinical Externship II / Dental Assisting 4 tech. cr.
Prerequisite: DEA 0805L. This course is a continuation of DEA 0805L. Experiences in dental offices will continue to provide an opportunity to improve communication and clinical skills and to increase manual dexterity, speed and efficiency. The full range of office assisting duties are experienced. Student achievement in this course is graded as "Pass/Fail." 120 clinical hours

DEA 0809D Dental Assisting 5 tech. cr.
Prerequisite: DEA 0801C. Corequisites: DEA 0801C, DEA 0801C, DEA 0801C, and DEA 0801C. This course prepares the dental assistant to recognize and manage medical emergencies in the dental office. 15 hours classroom instruction

FIRE FIGHTING

FFP 0065 Fire Physical Fitness, Ventilation & Salvage 2 tech. cr.
Prerequisite: FFP 0060. This course is the fourth course in a series of six in the Fire Fighting Program. This course will include physical fitness exercises, ventilation, and salvage. 60 hours of instruction

FFP 0097 Hazardous Material and Fire Review 2 tech. cr.
Prerequisite: FFP 0065. This course is designed to present to the student the most up-to-date information and requirements on handling hazardous materials. Topics discussed will include transportation, regulatory labeling, code requirements, investigation, and identification of hazardous materials. 60 hours of instruction
HEALTH - TECHNICAL

HSC 0531 Medical Language I  1 tech. cr.
This course is directed toward the learning of medical terminology needs for medical personnel or others interested in related medical fields. The learning of the medical language is organized according to body systems and includes the fundamental understanding of the anatomy, physiology, and disease process of each system to include basic word structure, terms pertaining to the body, and suffixes and prefixes. The following body systems are discussed: cardiovascular, respiratory, digestive, nervous, and musculoskeletal. 30 hours of instruction.

HSC 0532 Medical Language II  1 tech. cr.
Prerequisite: HSC 0531. This course is a continuation of HSC 0531 and includes genitourinary systems, blood and lymphatic systems, integumentary, sensory organs, endocrine system, radiology, nuclear medicine, and pharmacology. 30 hours of instruction.

HSC 0641 Legal & Ethical Aspects in Health Care  1 tech. cr.
This course introduces students to health care delivery systems, the recognition of safety, security and emergency measures; roles and responsibilities; and patient rights within the system. The student will also evaluate ethical issues as they relate to the health care field. 30 hours of instruction.

MRE 0430 Fundamentals of Disease Process  1 tech. cr.
Prerequisite: HSC 0532. This course emphasizes general principles, classifications, causes, and treatments of disease processes. The course will be presented as a system approach to the study of disease. 30 hours of instruction.

MRE 0440 Pharmacology for Health Professionals  1 tech. cr.
Prerequisite: HSC 0532. This course is designed for students who will not be administering medications, but need general knowledge of classifications, common usages, and dosages of medications commonly prescribed for patients. This is an introductory course including principles of pharmacology, drug action, and therapy. Correct spelling and format are emphasized. 30 hours of instruction.

LANDSCAPE OPERATIONS

IPM 0631 Ornamental Plant Pest Control  3 tech. cr.
Identifying and controlling diseases, insects, and other pests of ornamental plants and landscape trees are included. Application and safety precautions of horticultural chemicals and natural controls are emphasized. 90 hours of instruction.

ORH 0000 Introduction to Ornamental Horticulture  3 tech. cr.
An overview of the horticulture industry with particular emphasis in the ornamental segment. An introduction to plant parts, their functions, and growth requirements is included. 90 hours of instruction.

ORH 0021 Ornamental Plant Propagation  3 tech. cr.
The methods of plant propagation, including sexual and asexual reproduction, are emphasized. Selection, transplanting, cuttings, and production of annuals, trees, and landscape trees are included. 90 hours of instruction.

ORH 0023 Introduction to Plant Growing Media  3 tech. cr.
An introduction to plant growing media including types of soils, water, drainage, potting materials, and mixtures in container production. Fertilizer materials and formulas and their relationship to plants and soil are included. 90 hours of instruction.
ORH 0220 Introduction to Lawns and Lawn Care 3 tech. cr.
An introduction to establishing and caring for lawns and other turf grasses. Selection, establishment methods, and maintenance of grasses are included. 90 hours of instruction.

ORH 0251 Nursery/Garden Center Design and Operation 3 tech. cr.
An introduction to the ornamental nursery business. Topics covered include location, layout, design, inventory and control, and merchandising and customer service. The role of the center as a hub for landscaping installations and maintenance is emphasized. 90 hours of instruction.

ORH 0260 Greenhouse Operations 2 tech. cr.
Various kinds of greenhouses and shadehouses are included. Plant production in the greenhouse/shadehouse is emphasized. 60 hours of instruction.

ORH 0510 Identification of Ornamental Plants I 3 tech. cr.
An introduction to plant classification, selection, and identification. Identification of the interior landscape plants of Florida is emphasized. 90 hours of instruction.

ORH 0511 Identification of Ornamental Plants II 3 tech. cr.
A continuation of ORH 0510. Additional plants will be classified and identified. 90 hours of instruction.

ORH 0800 Landscaping and Design 3 tech. cr.
An introduction to home and commercial landscaping. The basic principles of landscape design will be introduced. 90 hours of instruction.

ORH 0805 Landscape Installation and Maintenance 3 tech. cr.
Prerequisite: Consent of instructor. A continuation of ORH 0800. Concepts of installation and maintenance as they relate to landscape design will be introduced. 90 hours of instruction.

LAW ENFORCEMENT

NOTE: Courses for Law Enforcement Auxiliary Officer, Law Enforcement Basic Recruit, and Correctional Officer are listed under this heading.

CJD 0101 Patrol and Investigative Procedures for Auxiliary Law Enforcement Officers 1 tech. cr.
This course will examine the mission of the community and law enforcement personnel as they relate to one another. The auxiliary officer's responsibility in patrolling and protecting the community will be covered. Techniques for effective patrol and investigation will be emphasized. Legal techniques for working with juveniles and juvenile offenders will be addressed. 30 hours of instruction.

CJD 0102 Criminal Law for Auxiliary Law Enforcement Officers 1 tech. cr.
Prerequisite: Admission to program. This course provides an introductory overview of the criminal justice system. The basic components of law are studied with specific focus on auxiliary officer application and civil and criminal liability. An overview of constitutional law will be presented. Emphasis will be given to evidence procedures, arrest law, search and seizure, and elements of various crimes. Courtroom demeanor and testimony will be covered. 30 hours of instruction.

CJD 0103 Auxiliary Law Enforcement Medical First Responder 1 tech. cr.
The Department of Transportation's (DOT) first responder techniques needed in emergency medical situations are taught. The major types of communicable diseases among adults, signs and symptoms of each disease, and the methods of transmission are taught. 30 hours of instruction.

CJD 0104 Defensive Tactics for Auxiliary Officers 1 tech. cr.
This course introduces the auxiliary officer to the techniques used for an officer's personal safety and those necessary to subdue, search, and transport resisting individuals. The use of restraining devices, impact weapons, and pressure points is covered. 30 hours of instruction.

CJD 0254 Criminal Justice Medical First Responder 1.5 tech. cr.
Prerequisite: CJD 0713. The Department of Transportation's first responder techniques needed in emergency medical situations are taught. The major types of communicable diseases among adults, signs and symptoms of each disease, and the methods of transmission are discussed. The Local Disaster Preparedness Plan will also be addressed in lecture and simulation. Lab fee required. 45 hours of instruction.

CJD 0704 Criminal Justice Defensive Tactics 2.5 tech. cr.
Prerequisite: CJD 0715. The techniques used for an officer's personal safety and those necessary to subdue, search, and then transport resisting individuals are included. The use of restraining devices, impact weapons, and pressure points are covered. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission. Physical fitness training will include running and calisthenics. Lab fee required. 75 hours of instruction.

CJD 0706 Criminal Justice Weapons 2 tech. cr.
Prerequisites: CJD 0704 and CJD 0254. Instruction is provided in the use of officer firearms, including handguns and shotguns. Safety procedures and ammunition are covered in lecture format. Instruction regarding the use of chemical agents, with practical exercises, is included. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission. Lab fee required. 60 hours of instruction.

CJD 0710 Criminal Justice Legal I 1.5 tech. cr.
Prerequisite: Admission to the program. This course provides an introductory overview of the Criminal Justice System. The foundation and basic components of law are studied, with specific focus on criminal application. Court procedure and testimony are examined, and civil and criminal liability of officers are studied. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission. 45 hours of instruction.

CJD 0711 Criminal Justice Legal II 1.5 tech. cr.
Prerequisite: CJD 0710. This course provides an introduction to constitutional law and its application to the public and law enforcement officers. Law, including evidence procedures, arrest law, search and
CJD 0712 Criminal Justice Communications
Comprehensive: CJD 0711. The report writing process is emphasized and includes: the interview, statement taking, note-taking, and demonstrating through practical exercises. The difference between interrogating and interrogation is explored. Interpersonal communication skills are covered along with radio and telephone procedures. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission. 45 hours of instruction.

CJD 0713 Criminal Justice Interpersonal Skills I
Comprehensive: CJD 0712. Community relations techniques and courtesy are addressed with emphasis given to crime prevention. The needs of various groups within society are addressed, including juveniles, the elderly, ethnic and cultural groups, the mentally ill and retarded, the physically handicapped, and substance abusers. Intervention techniques for various situations, including suicide, domestic violence, and other crimes are studied. Practical exercises are included. Stress recognition and reduction are included. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission. Employability skills for the Criminal Justice System will also be explored. 60 hours of instruction.

CJD 0715 Criminal Justice Physical Fitness & Wellness
Comprehensive: CJD 0713. The level of fitness and well-being of the law enforcement officer will influence job performance and impact on the officer's state of readiness. Health and disability status of officers will be addressed. The importance of nutrition and exercise will be emphasized. A physical fitness assessment will be completed to evaluate individual levels of fitness. Aerobic fitness will be emphasized. 30 hours of instruction.

CJD 0723 Law Enforcement Vehicle Operations
Comprehensive: CJD 0732 and valid Florida driver's license. The components of the police driving environment are explored, and practical exercises on the driving rage are conducted. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission. 45 hours of instruction.

CJD 0725 Law Enforcement Legal III
Comprehensive: CJD 0724, CJD 0735, CJD 0710, CJD 0713, CJD 0715, and CJD 0254. Various criminal laws and their elements are studied, with emphasis placed upon those laws specific to police application. Traffic and driver's license laws are included. Legal considerations of officer vehicle operation are also explored. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission. 30 hours of instruction.

CJD 0731 Law Enforcement Patrol
Comprehensive: CJD 0730. This course addresses the daily skills and techniques needed by officers to perform patrol tactics and respond to different types of calls. Methods of approach to various high-risk situations are explored, with practical exercises included. Unusual occurrence events, including fire fighting and crowd control, are included. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission. 45 hours of instruction.

CJD 0732 Law Enforcement Traffic
Comprehensive: CJD 0731. The course stresses traffic enforcement and control, including DUI offenses and enforcement. Traffic accident investigation, scene management, and reporting procedures are studied. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission. 45 hours of instruction.

CJD 0734 Law Enforcement Investigations
Comprehensive: CJD 0733. The course addresses the investigation of crimes, including property crimes, person crimes, narcotics offenses, vice, organized crime, terrorism activity, bombing incidents, and death investigations. Techniques are developed from the initial observation methods through the processing of the crime scene and case preparation. Florida's computer network is studied as an information source. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission. 60 hours of instruction.

CJD 0741 Criminal Justice Emergency Preparedness
Comprehensive: CJD 0750. Skills needed for riot and disturbance control and firefighting are studied and practiced. Methods of riot prevention, the handling of unusual occurrences, what to do if taken hostage, and emergency procedures are discussed. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission. 30 hours of instruction.

CJD 0750 Criminal Justice Interpersonal Skills II
Comprehensive: CJD 0704, CJD 0705, CJD 0710-0713, CJD 0715, and CJD 0254. The interpersonal skills needed by officers to understand the incarcerated society are explored, with emphasis upon supervision methods. inmate adjustment and the various segments of the society are studied. Homosexuality, female inmates, deception and manipulation by inmates, and institutional criminalities are discussed. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission. 60 hours of instruction.

CJD 0751 Correctional Operations
Comprehensive: CJD 0741. The operation of correctional facilities is studied, including the intake of new inmates, aspects of their daily care, institutional procedures, and techniques utilized by officers to perform daily tasks. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission. 60 hours of instruction.

CJD 0780 Legal Summary for Law Enforcement
Comprehensive: Law Enforcement Basic Academy. This course provides job-related training at the entry level to candidates seeking recertification for Correctional Officer positions. Any student who has not must take the entire course. This course provides job-related training at the entry level to candidates seeking certification for law enforcement positions who have already completed the Corrections Basic Recruit Program. The curriculum is prescribed by the FDEE Correctional Justice Standards & Training Commission in accordance with Florida statutes. 30 hours of instruction.

CJD 0781 Legal Summary for Corrections
Comprehensive: The student must have completed the Correctional Basic Recruit Program. In addition, the student must have demonstrated proficiency in the past 12 months in each of the following high-liability areas: Criminal Justice Weapons, Criminal Justice Defensive Tactics, and Law Enforcement Medical First Responder. Any student who has not must take the entire course. This course provides job-related training at the entry level to candidates seeking certification for law enforcement positions who have already completed the Corrections Basic Recruit Program. The curriculum is prescribed by the Florida Department of Law Enforcement, Criminal Justice Standards and Training Commission in accordance with Florida statutes. 30 hours of instruction.

CJD 0796 Legal Summary for Probation and Parole
Comprehensive: The student must have completed the Correctional Probation Academy. In addition, the student must have demonstrated proficiency in the past 12 months in Criminal Justice Defensive Tactics and Law Enforcement Medical First Responder. Any student who has not must take the entire course. This course provides job-related training at the entry level to candidates seeking certification for law enforcement positions who have already completed the Correctional Probation Academy. The curriculum is prescribed by the Florida Department of Law Enforcement, Criminal Justice Standards and Training Commission in accordance with Florida statutes. 60 hours of instruction.
CJD 0797 Communication and Interpersonal Skills for Probation and Parole 2 tech. cr.
Prerequisites: The student must have completed the Correctional Probation Academy. In addition, the student must have demonstrated proficiency in the past 12 months in Criminal Justice Defensive Tactics and Law Enforcement First Responder. Any student who has not must take the entire course. This course provides job-related training at the entry level to candidates seeking certification for law enforcement positions who have already completed the Correctional Probation Academy. The curriculum is prescribed by the Florida Department of Law Enforcement, Criminal Justice Standards and Training Commission in accordance with Florida statutes. 50 hours of instruction.

CJT 0801 Security/Basics “D” 1.5 tech. cr.
This course will allow the participants to meet the requirements of the Florida Department of State Division of Licensing to become a Class “D” Security Officer. 45 hours of instruction.

MEDICAL RECORD TRANSCRIPTION

MTS 0231 Medical Record Transcription I 2 tech. cr.
Prerequisites: OTA 0101 or equivalent and HSC 0331. This course is designed to teach medical record transcribing techniques and procedures. To be covered will be transcription of medical reports, medical correspondence, case histories, physicians’ notes, discharge summaries, and specific terms for medical transcription. Lab fee required. 60 hours of instruction.

MTS 0232 Medical Record Transcription II 4 tech. cr.
Prerequisites: MTS 0231 or consent of instructor and a valid CPR card and an approved 4-hour AIDS Seminar. This course is an in-depth study of the types of medical reports and their components. Qualitative and quantitative control standards, phrasing, and language of various medical specialties will be included. Emphasis is placed on assisting the physician in patient examination, vital signs, treatment and minor surgery, lab testing, drug administration, and phlebotomy techniques. Lab fee required. 150 hours of instruction.

MEDICAL SECRETARY/EXAMINING ROOM ASSISTANT

MEA 0200 Examining Room Procedures 3 tech. cr.
Prerequisite: HSC 0332. This course is designed to provide the medical secretarial student with instruction in the clinical procedures of a medical office. Emphasis is placed on assisting the physician in patient examination, vital signs, treatment and minor surgery, lab testing, drug administration, and phlebotomy techniques. Lab fee required. 90 hours of instruction.

OTA 0609 Medical Office Procedures 3 tech. cr.
Prerequisites: OTA 0101 and HSC 0331. This course includes instruction in medical office procedures, record keeping, appointment scheduling, telephone skills, and financial record management, patient billing, and insurance claims filing. Lab fee required. 90 hours of instruction.

OTA 0627 Medical Secretarial Clinical 3 tech. cr.
Prerequisites: Successful completion of all other program courses or consent of instructor and a completed Physical Examination Report (SAR-40-A). This course is designed to provide the medical secretarial student with practice in administrative and basic clinical procedures in a medical office. Emphasis is placed on proficiency in filing, telecommunications, insurance reporting and coding, medical accounting procedures, record processing, assisting the physician in patient examination and minor surgery, basic lab testing, and reporting. Student achievement in this course is based on “Pass/Fail.” Professional liability insurance fee required. 60 hours of front office and 30 hours of back office clinical instruction.

PATIENT CARE ASSISTANT/ HOME HEALTH AIDE

HCP 0500 Personal Patient Care I 2 tech. cr.
Prerequisites: HSC 0331. This course is designed to prepare the patient care assistant student to provide personal patient care, geriatric care, and biological, psychological and social support. Lab fee required. 60 hours of instruction.

HCP 0390 Personal Patient Care II 2 tech. cr.
Prerequisites: HCP 0500. This course is a continuation of HCP 0500 and is designed to prepare the patient care assistant student to provide advanced personal patient care. This course includes home health care services, rehabilitative activities, nutrition principles, and patient care plans. Lab fee required. 60 hours of instruction.

HCP 0940 Patient Care Assistant/Clinical 3 tech. cr.
Prerequisites: Successful completion of all other courses required in the program or consent of instructor; a completed Physical Examination Report (SAR-40-A), a valid CPR card, and an approved 4-hour AIDS Seminar. This course provides the patient care assistant student clinical experiences in a nursing home and a home health agency. The student must receive a grade of “Satisfactory” in the clinical portion in order to take the Florida Nursing Assistant Certification Examination and receive a certificate. Student achievement in this course is graded as “Pass” or “Fail.” Professional liability insurance fee required. 90 hours of clinical instruction.

PRACTICAL NURSING

PRN 0001C Fundamentals of Practical Nursing 5 tech. cr.
Prerequisites: Admission to the Practical Nursing Program, Composites: PRN 0000. This pre-clinical lecture/laboratory course introduces the student to the role and function of the Licensed Practical Nurse (LPN). The content includes concepts and skills fundamental to the nursing care of people throughout the adult lifespan. The basic units covered include nutrition; individual, family, and community health; medical asepsis; communicable diseases and HIV/AIDS; and basic nursing skills and procedures. Additional laboratory practice may be required. Lab fee required. Purchase of a laboratory skills kit is required. 150 hours of classroom and laboratory instruction.

PRN 0020 Body Structure and Function 1 tech. cr.
Prerequisite: Admission to the Practical Nursing Program. Composites: PRN 0001 C. This course is designed to introduce the practical nursing student to basic concepts and principles of human structures (anatomy) and function (physiology). The emphasis is on the interaction of all body systems. 30 hours of classroom instruction.

PRN 0030C Pharmacology/Practical Nursing 1 tech. cr.
Prerequisites: PRN 0001C and PRN 0002D. Composites: PRN 0020C. This course is designed to introduce the practical nursing student to basic pharmacologic principles and concepts. The content includes medical math, drug classifications, medication administration, and legal and ethical considerations. A campus laboratory component is included. Additional laboratory practice may be required. 30 hours of classroom and laboratory instruction.

PRN 0100C Obstetrical Nursing 3.5 tech. cr.
Prerequisite: PRN 0201C. Composites: PRN 0020C. This course is designed to provide the practical nursing student with theory and clinical applications of concepts specific to the care of obstetrical clients which includes antepartum, labor and delivery, and postpartum clients and the care of newborns. Additional laboratory practice may be required. Lab fee required. 45 hours of classroom and laboratory instruction and 60 hours of clinical instruction.
PMT 0106 Introduction and Oxyacetylene Welding
3 tech. cr.
An introductory course in welding using equipment and tools. Safety and proper use of equipment, along with identification of metals, are stressed. This course also includes the use of oxyacetylene gases in welding and torch cutting. Lab fee required. 90 hours of instruction.

PMT 0112 Advanced Specialty Oxyacetylene Welding
3 tech. cr.
Prerequisite: PMT 0106 or consent of instructor. A continuation of oxyacetylene welding, specializing in the techniques of mild steel pipe welding and the art of brazing and silver soldering. Lab fee required. 90 hours of instruction.

PMT 0121 Shielded Metal Arc Welding
3 tech. cr.
Emphasizes principles in the shielding of metal. A beginning course in welding principles for SMAW. Lab fee required. 90 hours of instruction.

PMT 0122 S.M.A.W. High Technology Skills
3 tech. cr.
Prerequisite: PMT 0158. This course includes shielded metal arc welding of open butt joints welded in the flat, fillet, vertical, and horizontal overhead positions. The art of pipe welding is stressed. Lab fee required. 90 hours of instruction.

PMT 0131 TIG Welding
3 tech. cr.
An introduction to Tungsten Inert Gas Welding (TIG). The course emphasizes the principles involved in the operating of TIG equipment. A beginning course in welding principles of TIG. Lab fee required. 90 hours of instruction.

PMT 0134 MIG Welding
2 tech. cr.
An introduction to Metallic Arc Gas Welding (MIG). Emphasizes the principles involved in the operating of MIG equipment. A beginning course in welding principles of MIG. Lab fee required. 60 hours of instruction.

PMT 0135 Advanced Shielded Metal Arc Welding
3 tech. cr.
Prerequisite: PMT 0121 or consent of instructor. A continuation of PMT 0121. An advanced course in welding principles of SMAW. Lab fee required. 90 hours of instruction.

PMT 0138 Advanced MIG/TIG Welding
2 tech. cr.
Prerequisites: PMT 0134, PMT 0131, or consent of instructor. A continuation of PMT 0134 and PMT 0131. An advanced course in welding principles of MIG/TIG welding. Blueprint reading for MIG/TIG welding is included. Lab fee required. 60 hours of instruction.

PMT 0158 Specialty Shielded Metal Arc Welding
3 tech. cr.
Prerequisite: PMT 0135 or consent of instructor. Welding carbon steel, plug or slot welding, welding of pipe joints, cast iron, hard surfacing, cutting, and blueprint reading are included. Lab fee required. 90 hours of instruction.

PMT 0164 Fabrication of Metal Products Using SMAW
3 tech. cr.
Prerequisite: PMT 0158 or consent of instructor. Fabrication of tubing systems and metal framing is emphasized. Sketches, drawings, and blueprints are included. Lab fee required. 90 hours of instruction.

PMT 0175 Fabrication of Metal Products Using MIG/TIG Welding
2 tech. cr.
Prerequisite: PMT 0138 or consent of instructor. Fabrication of tubing systems and metal framing is emphasized. Sketches, drawings, and blueprints are included. Lab fee required. 60 hours of instruction.
Adams, Jean M., Assistant Professor, Biology, West Campus; B.S., Auburn University; M.Ed., Georgia State University; M.S., University of South Florida

Adams, Michael P., Associate Dean, Health, Mathematics, & Science; A.A., St. Petersburg Junior College; B.A., University of South Florida; M.S., Michigan State University; Ph.D., University of South Florida

Allen, Carol A., Professor Language Arts, North Campus; B.A., West Virginia Wesleyan College; M.A., Wayne State University

Allen, Mark C., Distance Maintenance Mechanic; A.S., Pasco-Hernando Community College

Alleyne, Lizan, Adjunct Faculty, College Prep., Mathematics, West Campus; B.A., The City College of New York; M.S., Brooklyn College

Allison, Ronald P., Adjunct Faculty, Business Administration, West Campus; B.S., Indiana University; M.B.A., Loyola University; M.A., Notre Dame Seminary; M.Div., The Jesuit School of Theology at Berkeley

Amburger, Deborah G., Professor Language Arts, East Campus; B.A., University of South Florida; M.A., University of South Florida

Amoroso, Nancy M., Adjunct Faculty, Dental Programs, West Campus; B.S., University of Louisville

Andersen, Sandra E., Advisor, Financial Aid, North Campus; B.A., SUNY College at Fredonia; M.S., Florida State University

Andes, Shirla B., Assistant Coordinator of Student Activities, East/North Campuses; B.S., Bowling Green State University; M.A., Ohio State University

Angel, Raymond L., Assistant Professor, Dental Programs, West Campus; B.S., University of Florida; D.D.S., Emory University

Angel, Jennifer B., Laboratory Technician, Science, West Campus; B.S., Maryville University

Asadullah, Imran D., Equity Officer/Minority Recruiter, B.A., Morris Brown College; M.P.A., Clark Atlanta University

Astin, Marcia M., Adjunct Faculty, College Prep., Mathematics, North Campus; B.S., St. Francis College; M.S., Fordham University

Avery, Marvin A., Technical Support Specialist

Awe, Michael K., Adjunct Faculty, Electronic Engineering, West Campus; B.S., Texas A&M University

Bailey, Robert C., Coordinator of Student Activities; B.A., Eckerd College; M.A., John F. Kennedy University

Baker, John T., Adjunct Faculty, Physical Education Activity, North Campus; A.A., Central Florida Community College

Ballou, Moutier S., Associate Professor, Mathematics, East Campus; B.S., University of Houston; M.S., University of Houston

Baloo, Michelle L., Assistant Dean of Student Services/Counselor, West Campus; B.A., State University of New York at Fredonia; M.S., State University of New York at Buffalo

Barber, Felisha R., Advisor, East Campus; A.A., Pasco-Hernando Community College; B.A., University of Central Florida

Bartels, David L., Network Manager; B.S., Mississippi State University

Bartos, Mary E., Adjunct Faculty, Business-Technical, North Campus; B.A., Western Illinois University

Baumhach, Catherine M., Executive Director of the Foundation; B.A., Northern Illinois University; M.A., University of Michigan

Beagle, H. Dean, Adjunct Faculty, Social Sciences, North Campus; B.A., University of North Dakota; M.A., East Texas State University

Bell, Carmane J., Professor, Language Arts, West Campus; B.S., Xavier University; M.A., John Carroll University; Ph.D., University of Virginia

Bermudez, Carl L., Adjunct Faculty, Business Administration, West Campus; A.S., Pasco-Hernando Community College

Beyer, Hans J., Adjunct Faculty, Mathematics, West Campus; B.S., Purdue University; M.S., Purdue University

Billodeau-McKay, Nicole A., Disabilities Services Specialist; B.A., University of Central Florida

Blevins, Norman W., Adjunct Faculty, Biology, North Campus; B.A., Pacific Union College; M.A., Andrews University; M.D., Crete University

Bogan, Frances A., Coordinator of Continuing Education, West Campus; B.A., Duquesne University; M.A., Duquesne University

Brower, Robert J., Jr., Athletic Director/Instructor, West Campus; B.S., Florida Southern College; M.Ed., Rollins College; Ed.S., University of Southwest Louisiana

Braunlan, Gary E., Assistant Professor, Biology, West Campus; B.A., University of South Florida; M.A., University of South Florida

Briggs, Bridgette A., Advisor, East Campus; A.A., Pasco-Hernando Community College; B.S., Florida State University; M.Ed., Florida Atlantic University

Brinkley, Carol L., Assistant Professor, Dental Programs, West Campus; B.S., Virginia University

Brooks, Gayle W., Dean of Career & Technical Programs and Director, Division of Business; B.S., University of Tampa; M.A., University of South Florida

Brown, Sonya J., Assistant Professor, Nursing, North Campus; R.N., Ellis Hospital School of Nursing, B.S., University of Minnesota; M.S.N., University of Minnesota

Bullock, Marion D., Associate Dean, Arts, Letters, and Social Sciences; B.S., Old Dominion University; M.A., University of Georgia; Ph.D., University of Georgia

Bunting, Ann, Instructor, Language Arts, West Campus; B.A., Queens College; M.A., Queens College; J.D., Brooklyn Law School; Ph.D., University of South Florida

Burbano, Juan R., Professor, Mathematics, East Campus; B.A., St. Leo College; M.A., University of South Florida; Ed.D., Nova University

Burzinski, Kenneth E., Vice President of Business Services, B.B.A., Eastern Michigan University; M.B.A., Baldwin-Wallace College

Butler, Douglas A., Associate Director of Libraries, West Campus; B.A., University of South Florida; M.A., University of South Florida

Butlerworth, Malanle L., Advisor, North Campus; B.S.W., Slippery Rock University; M.A., Slippery Rock University

Cameron, Kristin S., Associate Professor, Nursing, North Campus; A.S., Pasco-Hernando Community College; B.S.N., Florida Southern College; M.S., University of South Florida

Campbell, Rebecca, Adjunct Faculty, Psychology, East Campus; A.A., Delaware County Community College; B.A., Temple University; M.Ed., Temple University
Camper, David R., Adjunct Faculty, College Prep, English & Physical Education Activity, East Campus; B.S., University of Tampa
Capaz, Nelson, Associate Professor, Computer Programming & Applications, West Campus; B.A., University of South Florida; M.B.A., Nova University, Ph.D., University of South Florida
Cappa, David E., Jr., Assistant Dean of Student Services/Counselor, North Campus; B.S., University of Southern Mississippi; M.S., University of Southern Mississippi
Carter, Barbara II., Learning Lab Coordinator, East Campus; A.A., St. Petersburg Junior College; B.A., University of South Florida; M.B.A., Tampa College, M.I.B., Tampa College
Caser, Sandra, Instructor, Technical Health, West Campus; A.D.N., Central Piedmont Community College
Caselini, Terrance M., Adjunct Faculty, Biology, West Campus; B.A., University of South Florida; M.Ed., University of South Florida; Ed.D., University of Central Florida
Cesma, Janice L., Programmer/Analyst II, A.S., Pasco-Hernando Community College
Cesma, Robert T., Assistant Supervisor, PECO Projects; A.S., Pasco-Hernando Community College
Chafford, Elan, Adjunct Faculty, Applied Music, West Campus; B.A., University of South Florida; M.M., University of South Florida
Cherry, Darrell A., Adjunct Faculty, Physical Education Activity, West Campus; B.S., Liberty University
Cheney, Susan R., Public Relations Specialist/Special Events Coordinator; A.A., St. Petersburg Junior College; B.S., University of Florida
Coffey, William A., Staff Accountant; B.S., Fordham University; M.B.A., Long Island University
Collins, John D., Bookstore Manager, West Campus; A.A., St. Petersburg Junior College; B.F.A., Florida State University
Cooper, Darlene R., Adjunct Faculty, Mathematics, West Campus; B.S., St. Lawrence University; M.A., Arizona State University
Cote, Richard, Adjunct Faculty, Business Administration, North Campus; B.A., St. Anselm's College; M.B.A., University of South Florida
Cozart, Carla C., Professor, Nursing, East Campus; A.D.N., Hillsborough Community College; B.S.N., University of South Florida; M.S.N., Medical University of South Carolina; Ph.D., University of Florida
Craig, Barbara M., Assistant Professor, Nursing, East Campus; B.S.N., Florida State University; M.S.N., University of South Florida
Cram, Kay E., Associate Professor, Language Arts, North Campus; B.A., Western Illinois University; M.A., Western Illinois University
Crawley, Diana D., Adjunct Faculty, College Prep, English, West Campus; B.A., Western Kentucky State College; M.Ed., Middle Tennessee State University, Ed.S., Middle Tennessee State University
Cusano, Cheryl A., Adjunct Faculty, Medical Records, North Campus; A.A.S., Suffolk Community College
Daperle, Douglas M., Adjunct Faculty, Emergency Medical, West Campus; A.A., Pasco-Hernando Community College; A.S., Pasco-Hernando Community College
Davenport, Betty S., Executive Assistant to the President
Davis, Karen S., Assistant Professor, Language Arts, West Campus; B.A., St. John's University; M.A., Rutgers University
DeCosta, Mark A., Adjunct Faculty, Biology, West Campus; B.S., University of Miami; M.S., University of Hawaii
Deeter, Judith A., Associate Professor, Language Arts, West Campus; B.Ed., University of Toledo, M.A., University of Toledo
DeLaRosa, Ernesto, Adjunct Faculty, Spanish, North Campus; B.A., World University; M.A., University of Puerto Rico, Ph.D., Tulane University
